## Ukaguzi mkubwa kutatua migogoro ya ardhi Pwani

NA SADIK HASSAN(KNA)

Serikali itafanya ukaguzi wa hati miliki zote za umiliki wa ardhi katika eneo la Pwani, ambalo limejaa malandilodi hewa na wageni na wanaomiliki vyeti vya kudumu vya ardhi. Waziri wa Ardhi Alice Wahome alisema seri-

kali inataka kusuluhisha suala la umiliki wa ardhi ambalo ni mwiba katika eneo la Pwani, na kuongeza kuwa eneo hilo lina sehemu nyingi za ardhi ambazo hazijafanyiwa ukaguzi. Waziri huyo alifichua kwamba wageni wengi katika eneo hili wana hatimiliki za umiliki za

kudumu kinyume na Kifungu cha 65 cha katiba, ambacho kinaruhusu tu wasio raia kumiliki hatimiliki za ukodisha kwa muda usiozidi miaka 99. "Lazima niwakumbushe wasajili wote wa ardhi na maafisa wa ardhi kwamba hati mi-

### NACADA yazindua msako kote nchini dhidi ya maduka ya pombe karibu na shule

NA MWANDISHI WA MYGOV

Mamlaka ya Kitaifa ya Kupambana na Matumizi Mabaya ya Pombe na Madawa ya Kulevya (NACADA) imeanzisha msako mkali ili kutekeleza kanuni kuhusu uwekaji wa baa na vituo vingine vya kusambaza pombe karibu na taasisi za elimu au maeneo yanayohudumia watu walio chini ya umri wa miaka kumi na minane. Katika taarifa yake kwa vyombo vya habari, Mkurugenzi Mkuu wa NACADA Dkt. Antony Omerikwe alisisitiza kuwa, mpango huo unatokana na Sheria ya Kudhibiti Vinywaji Vileo ya mwaka 2010. Sheria hii inaagiza kwamba, taasisi hizo lazima ziwe umbali wa angalau mita 300 kutoka kwa shule ya malezi, shule za msingi, sekondari au nyinginezo. taasisi za elimu zinazohudumia watu umri wa chini ya

miaka kumi na minane. Dkt Omerikwe aliangazia kuwa msako huo utafanywa kwa ushirikiano na mashirika mbalimbali ya serikali ya kitaifa na kaunti ili kuhakikisha utiifu mkali wa matakwa hayo ya kisheria. Alibainisha kuwa juhudi hizi ni ukumbusho kwa jamii juu ya jukumu lao katika kukuza maendeleo salama na ustawi wa watoto.

## NACADA yazindua msako kote nchini dhidi ya maduka ya pombe karibu na shule

### ENDELEA KUTOKA UK 1

Sheria ya Kudhibiti Vinywaji Vileo ya 2010 inaeleza zaidi adhabu kwa wale wanaouza pombe katika maeneo yaliyopigwa marufuku, ikiwa ni pamoja na faini ya hadi Sh3,000, kifungo cha hadi miaka mitatu, au vyote kwa pamoja. Zaidi ya hayo, NACADA imeamuru kuondolewa mara moja kwa mabango yote yanayotangaza vinywaji vyenye kileo karibu na taasisi za masomo. Dkt Omerikwe alidokeza kuwa, licha ya marufuku ya kisheria dhidi ya matangazo ya kupotosha au ya udanganyifu, mabango hayo yalikuwa yanawekwa karibu na shule, na kuleta hisia potofu kuhusu sifa, hatari za kiafya,

au athari za kijamii za vileo. Kwa mujibu wa Kanuni za Kukuza Vinywaji Vileo, NACADA itashirikiana na washikadau wengine kuondoa mabango yote yanayohusiana na vileo karibu na taasisi za elimu. Dkt Omerikwe alisisitiza kuwa shule zinapaswa kuwa mazingira salama yanayofaa kujifunza na ukuaji wa kibinafsi, bila vishawishi vinavyoweza kuhimiza tabia mbaya. Kuwepo kwa matangazo ya pombe karibu na taasisi za elimu kunadhoofisha juhudi hizi kwa kuhalalisha unywaji wa pombe na kuonyesha kuwa wa kuvutia na wa kuvutia. Dkt Omerikwe alitoa wito kwa mashirika yote ya utangazaji na biashara kutekeleza wajibu wa kijamii.

liki za kudumu chini ya Kifungu cha 65 cha katiba haziwezi kumilikiwa au kumilikiwa na wageni. Sijataja kundi lolote, lakini lazima uwe Mkenya ili umiliki hati miliki ya kudumu,” Wahome alisema wakati wa ziara katika sajili ya Ardhi ya Mombasa ambayo inahudumia eneo la Pwani.

Aliongeza kuwa Wizara ya Ardhi itafanya ukaguzi, ambapo baada ya hapo hatua za kinidhamu zitachukuliwa kwa maafisa watakaopatikana wametoa hati miliki kinyume cha sheria.

“Tukipata watu wamelala kazini, hatutakuwa wapole kwa sababu hata mimi siruhimisi kulala kazini kwangu,” Wahome alisema. Waziri huyo pia alitoa wito kwa idara ya mahakama kuzingatia rekodi za ardhi wakati wa kutoa hukumu, hata kama Wizara ya Ardhi haishiriki katika kesi.

tumekuwa sehemu ya malalamishi. Kwa ujumla ni vyema kushirikisha Wizara ya Ardhi katika migogoro hiyo ya ardhi kwa sababu sisi ndio wasimamizi wa hati za umiliki.

“Tukikosa kushirikisha, inakuwa gumu kwa sababu wakati mwingine ni makusudi ili rekodi za kweli zisipelekwe mahakamani,” alisema Wahome,

akiitaka mahakama kuwa makini katika kushughulikia kesi za ardhi. Hati zote ghushi zitafutiwa mbali katika rekodi za Wizara ya Ardhi, alisema, akiwataka Wakenya kuwa waangalifu na kushauriana na afisi za ardhi kabla ya kununua ardhi ili kuepuka kunaswa na walaghai wa ardhi.

“Benki pia zinaingia kwenye mtego wa hati

ghushi. Naomba benki kupata wakadiriaji ardhi na mawakili wao kufanya uangalizi unaoostahili katika kuhoji hati miliki za ardhi,” Wahome alishauri.

Waziri huyo pia alifichua kuwa hatimiliki milioni 12.6 kote nchini zinahitajika kuingizwa katika Mfumo wa Kitaifa wa Kusimamia Taarifa za Ardhi (NLIMS).

# Serikali yatenga Sh1.5b kwa vikundi kuleta usawa nchini kote

NA ROBERT OJWANG (KNA)

Serikali imetoa Sh1.5 bilioni kwa basari na ruzuku kwa vikundi vya kuleta usawa katika kaunti zote 47 kupitia Hazina ya Serikali ya Kitaifa ya Kuleta Usawa (NGAAF).

Katibu wa Idara ya Jinsia Bi Anne Wang'ombe alisema fedha hizo kwa robo ya tatu na nne ya mwaka wa fedha wa 2023/2024 zitagharamia basari za shule kwa wanafunzi kutoka familia zilizo katika mazingira magumu.

Katibu alisisitiza dhamira isiyoyumba ya serikali ya kuboresha maisha na kuongeza ufikiaji wa vifaa na huduma za kifedha.

Bi Wang'ombe alitoa tangazo hilo katika Kaunti ya Kisumu alipoongoza ugawaji wa hundi kwa makundi mbalimbali yaliyo hatarini iliyoandaliwa na Ofisi ya Mwakilishi wa

Wanawake, Ruth Odinga.

Baadhi ya vikundi 2,000 vilivyosajiliwa vinatezamiwa kupokea ruzuku za thamani ya Sh413 milioni kusaidia shughuli za kijamii na kiuchumi pamoja na mipango ya kuongeza thamani.

"Ruzuku inakusudiwa kuongeza viwango vya mapato vinavyoweza ku-

tumika kwa walengwa kwa ajili ya kuboresha maisha kupitia maendeleo ya biashara," katibu alisema.

Wanakikundi ambao wanatazamiwa kufaidika na ruzuku ni wale waliofaulu kutuma maombi yao na kutimiza vigezo vya kupata ufadhili kupitia ofisi za kaunti ya NGAAF.

Takriban wanafunzi 25,000 kutoka kote nchini pia wanatazamiwa kunufaika na basari na mgao wa masomo wa jumla ya Sh273 milioni kusaidia elimu na ukuzaji ujuzi wao.

Hazina hiyo imetoa Sh677 milioni kutekeleza miradi na programu mbalimbali ambazo zitaifaidi wakazi katika jamii zilichogaguliwa katika kaunti 47.

"NGAAF itaendelea kusaidia kuzuia na kukabiliana na unyanyasaji wa kijinsia kupitia ujenzi wa vituo vya GBV, kukuza vipaji, utoaji wa huduma za maji, na huduma zingine za kijamii zinazokusudiwa kuweka mazingira wezeshi kwa biashara kustawi," Wang'ombe alisema.

Kupitia pesa hizo, NGAAF imetenga Sh137 milioni kwa elimu ya uraia ili kuhamasisha jamii kuhusu mipango na sera mbalimbali za serikali.

# Tumieni mifumo iliyounganishwa ya mishahara kuondoa watumishi hewa-CoG

NA BERNARD MUNYAO (KNA)

Baraza la Magavana linazitaka serikali za kaunti kuondoa mifumo ya mishahara ya mikono na kuhakikisha kuwa wafanyikazi wote wamewekwa katika Hifadhidata Iliyojuumuishwa ya Mishahara na Wafanyikazi (IPPD) ili kuzingatia sheria.

Afisa Mtendaji Mkuu wa Baraza la Magavana (CoG) Bi Mary Mwiti alisema kuwa sheria haiidhinishi mifumo ya mishahara wa mikono, ambayo bado inatumika katika baadhi ya serikali za kaunti.

Afisa Mkuu Mtendaji huyo alisema kuwa Mdhibiti wa Bajeti amekuwa akichukua muda mwingi kuthibitisha mifumo ya mishahara ya mikono inayowasilishwa na serikali za kaunti, hivyo basi kuchelewesha malipo ya mishahara ya wafanyikazi wa kaunti.

Mwiti alizungumza wakati wa mkutano wa

mashauriano wa kila robo mwaka na wakarugenzi wa idara ya wafanyikazi na wasimamizi wa mishahara uliofanyika katika hoteli ya Murang'a.

Alifichua kuwa ukosefu wa mfumo mzuri wa mishahara umesababisha baadhi ya serikali za kaunti kuripoti kiasi cha juu cha mishahara. Alisema njia moja ya kusimamia mishahara ni kuwa na orodha ya malipo iliyounganishwa kwa wafanyikazi wote.

"Ningependa kushukuru Serikali ya Kaunti ya Murang'a kwa kuwa utawala wa pekee uliogatuliwa na orodha ya mishahara isiyo na taitizo kwani imeondoa mifumo ya mishahara ya mikono," alisema.

Mwiti aliongeza, "Mawaziri wa Kaunti wa Fedha wamekabidhiwa jukumu la kuboresha na kuongeza ufanisi katika usimamizi na mpangilio wa malipo ya wafanyikazi."

# Mabwawa ya Arror na Kimwarer kuzinduliwa upya, kuleta afueni Kerio

NA KIPTANUI  
CHERONO(KNA)

Mabwawa ya mamiloni ya pesa ya Arror na Kimwarer, yanayotazamiwa kutatua uhaba wa maji katika eneo linalokabilwa na ukame la Bonde la Kerio, yatazinduliwa upya hivi karibuni.

Mark Chesergon, Mwenyekiti wa Bodi ya Mamlaka ya Ustawishaji wa Bonde la Kerio (KVDA), alisema kuwa Mamlaka iko katika harakati za kuunda mwongozo wa utekelezaji wa miradi hii ya mabwawa makubwa. Miradi hii, ambayo ilizua utata mkubwa wakati wa utawala uliopita, inatarajiwa kuendelea kwa mafanikio wakati huu.

Chesergon, bila kutaja muda halisi wa kuanza kwa miradi hiyo ya Sh 63 bilioni ya unyunyuzaji na kuzalisha umeme kutoka majini, alisema kuwa Baraza la Mawaziri liliidhinisha mikataba ya kuanza kwa utekelezaji wa mabwawa, yatakayojengwa katika Kaunti ya Elgeyo-Marakwet.

“Baraza la Mawaziri limeidhinisha mikataba ya kufufua mabwawa ya Arror na Kimwarer.

**Asilimia 50 ya vidimbwi na mabwawa madogo yamekamilika na yamevuna maji ya mvua**

Kama mamlaka, tumeunda mwongozo ambao utatumwiwa kwa uzinduzi wa utekelezaji wake tutakapokuwa tayari,” mwenyekiti wa bodi alisema.

Mwenyekiti huyo aliyasema hayo alipokuwa akiongoza Bodi ya KVDA, usimamizi na wadau wengine katika zoezi la upandaji miti. Wakati wa hafla hiyo, miche 200,000 ya miti na matunda ya aina mbalimbali ilisambazwa na kupandwa Chepyor, kaunti ndogo ya Keiyo Kaskazini.

Utata uliozingira miradi hiyo miwili ulisababisha kufutwa kwa mradi wa maji wa Kimwarer na kupunguzwa kwa mradi wa Bwawa la Arror.

**Mkurugenzi Mkuu wa KVDA Sammy Naporos akimkabidhi mche wa parachichi Lucia Taptuei Kiplagat kutoka Chepyor wakati wa zoezi la upandaji miti. Miche 200,000 ya miti na matunda mbalimbali ilisambazwa na kupandwa wakati wa hafla hiyo.**

Kufuatia mkutano kati ya Rais William Ruto na mwenzake wa Italia Sergio Mattarella mnamo Machi 2023 ambapo Rais alitangaza kwamba Kenya ilikubaliana na Italia kuhusu kufufuliwa kwa miradi hiyo miwili iliyokwama, maafisa wakuu wa serikali wamekuwa wakitembelea maeneo ambayo mabwawa yanapendekezwa kujengwa.

Mwenyekiti huyo aliongeza kuwa KVDA pia inatekeleza miradi mingine kadhaa ya maji na unyunyuzaji.

“KVDA pia inaendeleza miradi ya unyunyuzaji maji ya Kamsiwet na Chepkum huko Elgeyo-Marakwet, Weiwei katika Pokot Magharibi, na Napuu katika kaunti za Turkana miongoni mwa mingine,” alisema, na

kuongeza kuwa mamlaka hiyo pia ilikuwa ikianzisha mradi mpya wa unyunyuzaji maji mashambani Samburu.

Katika hotuba yake, Mkurugenzi Mkuu wa KVDA, Sammy Naporos alisema mamlaka hiyo itatumia Sh 700 milioni kutoka kwa serikali ya kitaifa kwa uhifadhi wa mabwawa madogo na miche ya miti na matunda ya aina mbalimbali katika eneo la Kerio Valley.

Naporos alisema miradi minane ya mabwawa madogo ya maji kila moja Elgeyo Marakwet, Pokot Magharibi, na Baringo iko katika hatua tofauti za utekelezaji. Alisema idadi ya vidimbwi vya maji na mabwawa madogo vimevuna kiasi cha kutosha cha maji wa mvua wakati wa mvua zinazoendelea kunyesha eneo hilo.

“Asilimia hamsini ya vidimbwi na mabwawa madogo yamekamilika na yana maji ya mvua,” alisema.

# Uholanzi yathibitisha kujitolea kwa mradi wa uchumi wa Sh1.5 bilioni Ziwa Turkana

NA KAZUNGU CHAI (PCO)

Waziri wa Madini, Uchumi wa Baharini na Masuala ya Bahari Salim Mvurya amekaribisha hakikisho kutoka kwa Serikali ya Uholanzi kwamba mradi uliopendekezwa wa Sh1.5 bilioni kukuza uwezo wa uchumi wa Baharini na uvuvi katika Ziwa Turkana bado uko mbioni.

Mvurya alieleza matumaini kuwa mradi huo mkubwa katika kaunti za Turkana na Marsabit utawanufaisha wakazi wa kaunti hizo mbili pindi utakapoanza.

“Tumekuwa na uhusiano mzuri sana baina ya nchi na Uholanzi ambao ulianza miaka mingi iliyopita, na ushirikiano umekuwa mzuri.

Sababu ambayo balozi yuko hapa ni kwamba tumekuwa tukifanya kazi katika mradi katika Ziwa Turkana ambao utagharimu Euro milioni 10, takriban Sh1.5 bilioni,” Waziri alisema.

Waziri alisema hayo alipozungumza na wanahabari baada ya mkutano na Balozi wa Uholanzi anayeondoka Maarten Brouwer, ambaye alitembelea ofisi yake katika makao makuu ya Wizara jijini Nairobi.

“Balozi amekuja kutuhakikishia kwamba ingawa ameka-

milisha kazi yake nchini Kenya, ushirikiano huu utaendelea,” Waziri alisema. Alidokeza kuwa baadhi ya shughuli za kimsingi za mradi huo wa Sh1.5 bilioni zimeanza, lakini utaanza kikamilifu Septemba mwaka huu.

Miradi mingine ambayo serikali za Kenya na Uholanzi zimekuwa zikishirikiana ni katika maeneo ya usalama wa baharini na ujenzi wa meli za baharini, Waziri alisema.

“Meli tulizojenga Kisumu na Mombasa zilitokana na usaidizi wa Serikali ya Uholanzi. Pia tumefanya kazi pamoja Pwani katika mpango unaoitwa ‘go-blue’

ambao ulihusisha nchi zote za Muungano wa Ulaya,” aliongeza.

Ikiwa ni sehemu ya jitihada za Serikali za kufufua uchumi wa Baharini na sekta ya uvuvi, Mvurya alisema hivi karibuni alitembelea Ziwa Turkana ambako alitangaza dhamira ya wizara

yake ya kuanzisha maeneo mawili ya kuhifadhi samaki katika pande zote za ziwa hilo kwa gharama ya Sh300 milioni.

# Vifaa vya kisasa kuimarisha uchakataji madini katika kaunti

## NA KIBET CHEPTUMO (KNA)

Serikali imetumia Sh600 milioni kununua vifaa vya kisasa kuimarisha maabara za madini ikiwa ni sehemu ya lengo la muda mrefu la kuanzisha maabara za kanda na kuboresha Maabara ya Madini ya Kenya ili kuhakikisha kuwa maabara hiyo inafanya kazi kwa kuzingatia viwango vya kimataifa vilivyoidhinishwa na ISO.

Kurekebisha kwa Maabara ya Madini, na uanzishwaji wa maabara kuu nane za kanda katika yaliyokuwa makao makuu ya mkoa, ni mageuzi makubwa katika sekta ya madini yanayolenga kuwakua wachimbaji wadogo ili kuimarisha mfumo wa thamani wa usindikaji wa madini kwa rasilimali za madini katika kaunti.

Katibu wa Wizara ya Madini, Elijah Mwangi, anasema ununuzi wa vifaa vya maabara ya Madini unalenga kukamilisha mpango wa idara wa ku-

wainua maelfu ya wachimbaji madini kwa kuwapatia huduma za upimaji muhimu wa madini kwa urahisi.

Hii itawaepusha wachimbaji madini dhidi ya upunjwaji wa kikatili unaofanywa na mabroka na wanunuzi wasio waaminifu ambao mara nyingi hununua madini kwa bei ya kutupa kutoka kwa wachimbaji wadogo.

Akizungumza jijini Nairobi wakati wa mkutano wa kuwajengea uwezo Maafisa wa Madini wa Kanda, katibu alibainisha kuwa idara itaendelea kuwekeza katika programu na shughuli zitakazowainua wachimbaji wadogo nchini Kenya ili kuwawezesha kutambua thamani halisi ya

madini yao.

“Tumejitolea kufadhili rasilimali za madini za Kenya kwa manufaa ya washikadau hasa wachimbaji wadogo. Hili linahitaji kuzingatia mageuzi ambayo yatahakikisha wananufaika na shughuli zao za uchimbaji madini,” alisema.

Huku zaidi ya wachimba migodi milioni moja wakishiriki katika shughuli za uchimbaji madini kote nchini Kenya, kugatia huduma za maabara kunatarajiwa kutoa msukumo mkubwa kwa juhudi za serikali za kuwainua wachimba migodi hao ambao wamebeba mzigo mkubwa kufyonzwa na mabroka.

Kukosekana kwa huduma za maabara kumewapa ujasiri mabroka wanaonunua madini kutoka kwa wachimbaji wadogo kwa bei ya kutupa na baadaye kuuza kwa pesa nyingi.

Katibu alifichua kuwa serikali imejikita katika kuboresha shughuli za uchimbaji madini kwa wa-

chimbaji wadogo kupitia afua za kimkakati zitakazokuza kazi zao.

Baadhi ya afua hizo ni pamoja na kurasimisha shughuli zao kupitia uundaji wa vyama vya ushirika vya masoko ambapo msaada ikiwa ni pamoja na mafunzo na uhusiano kwa washirika wa kifedha utatolewa.

Kuchapishwa rasmi kwa Kamati 27 za Uchimbaji Madini (AMC) kuharukisha utoaji wa leseni kwa wachimbaji wadogo katika kaunti kutaimarisha shughuli zao za uchimbaji madini.

# Huduma ya Magereza Kenya yazindua kiwanda cha maji

## NA PILI CHIMERAH (PCO)

Katika Chuo cha Mafunzo cha Magereza huko Ruiru kuna uvumbuzi mpya: Kiwanda cha Kupakia maji kwenye chupa cha Pri Aqua, mojawapo ya miradi ya kipekee iliyoanzishwa na Huduma ya Magereza ya Kenya.

Kiwanda hicho kilicho na uwezo wa kuzalisha lita 1,500 za maji kwa saa iliyoopakiwa katika chupa za mililita 500 na kontena za lita 20, kiwanda hicho kilizinduliwa Oktoba 28, 2021 na Rais mstaafu Uhuru Kenyatta.

Akiwa katika ziara ya kutembelea kiwanda hicho Katibu wa Idara ya Uongozi wa Huduma ya Magereza, Dkt Salome Beacco, alipongeza mradi huo na kuahidi kushirikiana bega kwa bega na Kamishna Mkuu wa Magereza, Brigedia Mstaafu John Warioba, kuhakikisha bidhaa hiyo inakuwa chapa ya familia nchini Kenya.

“Tunapaswa kuhakikisha kuwa bidhaa hii inatolewa kwa ofisi zote za serikali na maduka makubwa nchini,” alisema alipokuwa akiwahutubia wafanyakazi katika Chuo cha Mafunzo cha Magereza.

Kulingana na kamupuni hiyo, maji ya chupa ni salama kwa matumizi ya binadamu, baada ya kufuata taratibu zote zinazohitajika za Shirika la Uboara wa Viwango la

Kenya na kanuni husika.

Chuo cha Mafunzo kinasema kwamba uzalishaji wa maji hutumia teknolojia na mfumo wa kujaza laini ili kusafisha na kufunga maji yake, mtawaliwa. Mkaguzi wa Magereza Samuel Njoroge, mkemia aliyefunzwa na aliyeidhinishwa, ndiye anayesimamia mtambo wa kuweka chupa za maji.

Katika mbinu wanayotumia, Inspekta Njoroge anaeleza kwamba inahakikisha maji safi pekee ndiyo hupakiwa kwa chupa.

Njoroge aliongeza kuwa mchakato huo unaofahamika kama reverse osmosis unajumuisha sehemu nne, ambazo ni pamoja na vichujio vya mashapo ambavyo kazi yake ni kupunguza uchafu, vumbi na kutu; vichungi vya kaboni ambavyo hupunguza misombo ya kikaboni tete, klorini, na uchafu mwingine unaopatia maji

harufu mbaya na ladha; vichungi vya glasi ambavyo huondoa uchafu, vumbi, kutu na chembe kubwa; na hatimaye, taa ya ultraviolet ambayo inasaidia katika kuua viini.

Majukumu ya Njoroge ni pamoja na kusimamia shughuli katika idara za uzalishaji na upakiaji, kufuatilia na kudumisha vibali vyote vinavyotumika vya uzalishaji, kuhakikisha kuwa kituo kinatimiza sera zote za kampuni, kaunti na nchi, na kufuatilia uzalishaji ili kuhakikisha viwango vya ubora vinatimizwa.

Wafanyakazi ni ni pamoja na wafanyakazi wengine watano ambao pia ni maafisa wa Huduma ya Magereza ya Kenya, waliofunzwa vyema kama wahandisi wa maji, wafamasia, na wahasibu.

Maji ya Pri Aqua yamekuwa yakionyeshwa kwenye maonyesho mbalimbali ya ASK.

## Katibu ahimiza ushirikiano kuzuia ajira ya watoto barani

NA MABEL KEYA SHIKUKU(KNA)

Katibu wa Idara ya Serikali ya Kazi na Maeendeleo ya Ujuzi, Shadrack Mwadime, ametoa wito wa kuwepo kwa juhudi shirikishi ili kupunguza ongezeko la visa vya kufanyishwa kazi kwa nguvu na ajira ya watoto katika bara la Afrika.

Mwadime alisema kuwa mamilioni ya watoto duniani kote hususani barani Afrika wananyimwa maisha yao ya utotoni, elimu na maisha ya baadaye kutokana na kushirikishwa katika kazi zinazoathiri uwezo wao wa kukua na kukomaa.

Hivyo, katibu aliwataka wadau wote kuunganika katika juhudi zao za kutekeleza suluhisho ya kibunifu linalotokana na utendaji bora na kuoanisha mipango ya Mpango Kazi wa miaka kumi wa Muungano wa Afrika, unaolenga kumaliza ajira ya watoto ifikapo 2025 na kazi za kulazimishwa, biashara haramu ya binadamu na utumwa mamboleo ifikapo 2030.

Maneno haya yalikuwemo katika hotuba iliyosomwa kwa niaba yake na Kamishna wa Kazi katika Wizara ya Kazi na Ulinzi wa Jamii, Bi Hellen Apiyo, wakati wa kongamano

la kubadilishana maa-rifa kuhusu suluhu za kibunifu za kupunguza ajira ya watoto na ajira za kulazimishwa barani Afrika.

Kongamano hilo lililofanyika mjini Naivasha, lilishirikisha nchi kumi na moja za Afrika, zikiwemo Angola, Kenya, Sudan Kusini, Zambia, Madagascar na Sierra Leone, miongoni mwa nchi nyingine.

“Ili kupunguza ajira ya watoto kwa ufanisi, ni muhimu kuchukua mbinu ya pamoja na iliyunganishwa ambayo inachanganya elimu, ushirikishwaji wa jamii, uwezesaji wa kiuchumi, utekelezaji wa sheria na uvumbuzi wa teknolojia.”

“Kwa kushughulikia sababu za msingi za ajira ya watoto na kutoa njia mbadala endelevu, tunaweza kuunda siku zijazo ambapo watoto wote wanaweza kufurahia utoto wao na kupata fursa ya kufuata elimu na ndoto zao,” katibu alisema.

Alifichua kuwa duniani kote, inakadiriwa watoto milioni 160 wanajihusisha na ajira ya watoto, huku Afrika ikibeba mzigo mkubwa zaidi.

Kwa mujibu wa Mwadime, mambo yanayochangia ajira ya watoto ni mengi

## Mitaa ya Mwanzo na Kipkaren ya Uasin Gishu yachaguliwa kwa mpango wa KISIP 2

NA EVA KURGAT (PCO)

Mitaa ya mabanda ya Mwanzo na Kipkaren katika Kaunti ya Uasin Gishu imechaguliwa kunufaika na Mpango wa Pili wa Uboreshaji wa mitaa duni Kenya (KISIP 2), ambao hutoa ujumuishaji wa kijamii na kiuchumi kwa wakazi wa mitaa ya mabanda.

Chini ya kipengele cha ushirikishwaji wa kijamii na kiuchumi, mpango huo utazingatia uwezesaji wa kiuchumi wa makundi yasiyokuwa na uwezo katika jamii, ikiwa ni pamoja na vijana, mayatima, wanawake, wazee na watu wenye ulemavu.

Kulingana na Zenah Kirui, mkuu wa Ushirikishwaji wa Kiuchumi wa Kijamii, KISIP 2 inaendelea na uhamasishaji wa mpango huo kwa wanaolengwa katika mitaa ya Mwanzo na Kipkaren ili kuhakikisha kuwa maandalizi ya kutosha yanafanywa ili wanufaike kikamilifu na mpango huo.

Anaeleza kuwa mafanikio ya kipengele hiki ni muhimu sana kwa vile kinaweka kasi ya kutoa taarifa za maamuzi ya baadaye ya mitaa ya mabanda ambayo yatazingatiwa kwa ufadhili huo.

Bi Kirui alisema kuwa KISIP haihusu tu

maendeleo ya miundomsingi bali pia kuhakikisha kuwa jamii zinazonufaika na mpango huo zimewezeshwa kuvuka viziwi vya kufikia ushirikishwaji wa kiuchumi.

“Tunawataka wananchi kutoka katika makazi hayo ili waamue na kubainisha miradi ambayo itakuwa na manufaa kwao, miradi hiyo inaweza kuanzia kumbi za kijamii, vituo vya kulelea watoto wachanga, vituo vya vijana, vituo vya usafi wa mazingira na mingineyo watakatayichagua kulin-

gana na mahitaji yao ya kipaumbele.

Kipengele hiki kitashughulikia maeneo manne, miongoni mwao ni usimamizi wa taka ngumu, ambapo vijana wanaweza kujiingizia kipato kupitia teknolojia ya kibunifu katika usimamizi wa taka ngumu, mabadiliko ya tabia kwa vijana ili kuondoa uhalifu na ukatili katika mitaa ya mabanda, usimamizi wa majanga na ushirikishwaji wa kijamii wa watu wote bila upendeleo wa jinsia, umri au ulemavu,” akasema Bi Kirui.

Daniel Letting diwani wa wadi ya Kipkenyo na Gilbert Lagat wa wadi ya Kiplombe walihakikishia timu ya Kitaifa uungwaji mkono kutoka kwa bunge la Kaunti na kwamba miradi yote itatambuliwa kupitia Ushiriki wa Umma.

Meneja wa Manispaa Bw Tito Koiyet, aliwakumbusha wakazi kulinda ardhi ya umma dhidi ya wanayakuzi na pia kubadilisha maeneo ya umma yasiyotumika kuwa yenye miti ili vijana wafanyie shughuli katika mazingira mazuri.

# Katibu Kisiang'ani ahimiza uwazi kwa kutumia teknolojia Serikalini

Prof Kisiang'ani

**NA BERNADETTE KHADULI (KNA)**

Idara na mashirika yote ya serikali yanatakiwa kutumia teknolojia na kukumbatia mifumo ya kidijitali ili kutoa taarifa zinazohitajika kwa umma kwa wakati ufaao.

Katibu wa Idara ya Serikali ya Utangazaji na Mawasiliano, Profesa Edward Kisiang'ani, alisema ni muhimu kwa kila shirika kutumia teknolojia na kubuni na kutekeleza njia za kibunifu ili kuhakikisha kuwa utoaji wa taarifa za kawaida na kwa utaratibu unakuwza.

Kisiang'ani alisema kuwa mamlaka za umma zina wajibu wa kuchapisha kwa makini aina fulani za taarifa, ikiwa ni pamoja na muundo wa shirika, kazi zao, taarifa za fedha na gharama ya huduma.

Alitoa wito kwa mashirika kuamua njia bora za habari yanazoshikilia kufikia umma ndani ya vigezo vilivyowekwa.

"Ufichuzi huu huongeza uwazi na uwajibikaji, hupunguza ufisadi, huboresha utoaji wa huduma, na hatimaye kupanua nafasi ya kidemokrasia," alisema Kisiang'ani.

Pia alisema kuwa utoaji wa habari unaweza kupatikana kupitia tovuti na majukwaa ya mitandao ya kijamii, utangazaji, na matumizi ya vituo vya FM vya ndani ili kufikia wananchi katika lugha wanayoelewa vyema.

Katibu aliyasema hayo katika hotuba iliyosomwa kwa niaba

yake na Mkurugenzi Msaidizi wa Habari katika Idara ya Habari, Bi. Mary Musasia, wakati wa kongamano la wadau wa sekta mbalimbali kuhusu upatikanaji wa taarifa za fedha za umma lililofanyika katika hoteli moja ya Nairobi.

Alisema kuwa kuwapatia wananchi haki ya kupata taarifa zinazoshikiliwa na mamlaka za umma kunaenda sambamba na Sheria ya Upatikanaji wa Taarifa, ya mwaka 2016 yenye lengo la kukuza uwazi, uwajibikaji na utawala bora.

Katibu alisema ingawa Wizara ya Habari, Mawasiliano na Uchumi wa Dijitali (MICDE) imepewa jukumu la kutunga sheria na sera zinazosimamia viwango na huduma za sekta ya habari, mawasiliano na teknolojia, wadau wote wa sekta hiyo wanapaswa kuzingatia viwango vilivyowekwa katika kutimiza wajibu wao kwa kufanya taarifa wanazoshikilia ziveze kupatikana kwa umma.

"Kwa kufanya hivyo, kwa pamoja, tutawezesha maendeleo ya jamii yanayotegemea habari," alisema katibu.

Katibu huyo alitangaza kuwa Wizara kupitia Shirika la Habari la Kenya, kwa sasa inashirikiana na Maafisa Tawala wa Serikali ya Kitaifa kusambaza taarifa za serikali kupitia mabaraza ya umma na sherehe za kitaifa, hatua ambayo alisema itawawezesha wananchi kupata taarifa sahihi na kufanya maamuzi sahihi kuhusu maisha yao ya kiuchumi na kijamii.

# Wafanyabiashara wa Bahati kunufaika na soko la mamilioni

NA ANNE SABUNI (KNA)

Wafanyabiashara katika Kaunti Ndogo ya Bahati, Nakuru wanatazamiwa kunufaika na soko la kisasa la mamilioni litakalojengwa katika Kituo cha Biashara cha Kabatini.

Akizungumza wakati wa kukabidhi eneo hilo, Gavana Susan Kihika alitangaza kuwa mradi huo ni ushirikiano kati ya serikali ya kitaifa na Serikali ya Kaunti ya Nakuru. Alisema itakamilika baada ya miezi

mitano.

Mchakato wa utoaji za-buni ulikamilika mwezi Machi. Kwa mujibu wa Bi Kihika, mradi huo utajumuisha kumbi za kijamii, vibanda vilivyojengwa kwa mbaao, sehemu za soko, vifaa vya baridi, ofisi, chumba cha ATM, huduma za kulelea watoto mchana na vifaa vya usindikaji kuongeza thamani.

Mkuu wa kaunti alisema mradi huo pia utajumuisha miundombinu ya kusaidia

mifumo ya maji taka, taa za barabarani, matangi ya maji yaliyoinguliwa, taasisi za benki, na bafu za kisasa zinazoweza kutumiwa na watu wenye ulemavu.

Bi Kihika aliwahakikishia wafanyabiashara hao kuwa watakuwa na mazingira mazuri ya kufanyia kazi zao mara tu mradi utakapokamilika.

Aliandamana na Naibu Gavana Bw David Kones, Mbunge wa Bahati Bi Irene Njoki, Mwakilishi wa Wanawake wa Kaunti

ya Baringo Bi Florence Jematia, mwenzake wa Nyeri Bi Rahab Mukami, na Mbunge wa eneo hilo Bi Leah Nganga. Soko hilo la ghorofa mbili litajengwa kwenye eneo la nusu ekari, huku wafanyabiashara wasiopungua 200 wakitarajiwa kuwa na vifaa vya baridi kuhifadhi bidhaa. "Soko hilo pia litakuwa na minara ya maji, maegesho ya magari, jengo la vyoo na ofisi za soko," Bi Kihika alisema. Aliongeza kuwa lengo la soko hilo ni kuwa

chanzo cha soko katika Kaunti Ndogo za Bahati, Subukia, Nakuru Mjini Mashariki na Nakuru Mjini Magharibi.

Bi Kihika alisema serikali ya kitaifa kwa ushirikiano na kaunti imajitolea kuboresha mazingira ya wafanyabiashara nchini.

"Wakenya wengi ni wafanyabiashara kwa asili na wanachoangalia ni heshima ya kazi zao na maeneo wanayofanyia biashara, lakini wengi wa

wanafanya biashara katika maeneo machafu, ambayo hakuna barabara, maji taka na huduma zingine, hivyo kuvutia watu wenye uwezo mdogo wa kununua," Gavana alisema. Soko hilo linatarajiwa kuimarisha biashara na kubadilisha uchumi wa kituo cha biashara kwenye barabara kuu ya Nakuru-Nyahururu yenye shughuli nyingi. Soko la kisasa la Sh200 milioni ni sehemu ya Mpango wa Serikali wa Kuchochea Uchumi (ESP).

# Kilimo cha konokono, safari ya Wangui kutoka Nakuru hadi ugenini

NA JANE NGUGI NA  
JANE WAMBUI (KNA)

About 15 kilometers from Nakuru town, there's a whirlwind of activity at Wangui Waweru's farm, where she rears what she considers a delicacy but which many Kenyans deem inedible and disgusting.

As Ms. Waweru plies her snail farming activities, barely a kilometer from the Lanet Airstrip, she remains optimistic about the planned upgrade of the facility. She hopes that the region's airspace will become busier and dreams of the day when the blossoming air transport will enable her to deliver her farm produce to different parts of the world.

A 10m-by-10m greenhouse, serving as the snail farm, stands conspicuously in her compound. Ms. Waweru has partitioned the snail house into four rooms, each containing several plastic basins covered with fine wire mesh to keep predators at bay.

Ms. Waweru discovered snail rearing as a farming business opportunity during a visit to Kisumu to sell farm produce thirteen years ago, and she hasn't looked back since.

"Marketing my farm produce at the time was one of the hardest challenges I faced as a farmer. I spent many sleepless nights thinking about costs and where to sell since most farmers harvest their farm produce simultaneously, creating a marketing challenge."

"The idea to venture into snail farming came about during one of my trips to Kisumu to sell farm

**Bi Wangui Waweru anaeleza jambo wakati wa mahojiano. Anasema moluska hao wana asilimia 15 ya protini, asilimia 2.4 ya mafuta na asilimia 80 ya maji. Aidha, wao ni matajiri katika asidi ya mafuta, kalsiamu, chuma, seleniamu, magnesiamu na vitamini E, A, K na B12. Picha na Jane Wambui/KNA**

produce. I visited a snail farmer who shared a few tips on rearing them as well as potential markets. She took me to the farm where she had bought them, and I immediately developed an interest in rearing the snails," she recalls.

Upon returning to Nakuru, Waweru decided to give snail farming a try. She realized the need for empowerment and thus began by enrolling in a course at the Kenya Wildlife Service (KWS) training institute.

Armed with the necessary knowledge, Ms. Waweru set up a greenhouse where she would breed the slimy 'delicacy'. She invested Sh30,000 from her savings to buy greenhouse polythene, wire

mesh, and 100 plastic basins. She then procured a permit from the Kenya Wildlife Service for Sh1,500 and started her business.

Her primary customers are expatriates from Europe, Asia, and West Africa who, unlike the locals, have developed a taste for what locals consider unpalatable.

"Africa is home to the largest species of snails in the world, the Giant African

land snail," Waweru says, adding that snails are easy and cheap to keep and maintain.

"When you target the right market and customers, snail farming can be a very rewarding business."

The Giant African snails thrive in hot and humid environments like that in Lanet. Snails have an average lifespan of 5-7 years, but with good management, they can live up to 10 years," she explains.

Ms. Waweru, a mother of three, keeps 4,500 snails of the

Giant African land variety (Achatinide fulica), which she sells at between Sh2,000 to Sh3,000 per kilo. On average, she sells 30 kilograms of the slimy creatures per month.

The farmer explains that snails are a common delicacy among communities in West Africa, and she has established a niche market among Ghanaians, Cameroonians, Nigerians, Senegalese, Sierra Leoneans, and the Togolese, as well as South Americans and Asians in the country.

The Kenya Wildlife Conservation and Management Act 2013 allows communities to farm animals such as snails, ostriches, snakes, and crocodiles. Before a permit is issued, the Kenya Wildlife Service (KWS) sends a research team to assess the facility. Part of the KWS's task involves periodic monitoring of snail farm management. Before selling snails for consumption in hotels or for the export market, one must be certified. In addition, farmers must make quarterly reports to KWS.

She feeds the slimy creatures on vegetables like cabbages and fruit pieces, particularly watermelons. The vegetables should preferably be organic. The creatures also require plenty of water and calcium to strengthen their shells.

Ms. Waweru says the mollusks contain 15 per cent proteins, 2.4 per cent fat, and 80 per cent water. In addition, they are rich in fatty acids, calcium, iron, selenium, magnesium, and vitamins E, A, K, and B12.

"Snail meat is very safe as the moist soil in which they remain buried during the day to stay safe from predators is sterilized to avoid contamination or bacterial infections.

"It has very rich qualities and tastes like gizzards. It is easy to prepare. One needs to boil it for five minutes to get rid of the mucus. Once boiled, you can fry it with tomatoes and onions.

"To enhance food security, Kenyans need to diversify their choice of foods. Snails are plentiful in counties where people are either starving or malnourished," she observed.

Giant African land snails are hermaphrodites, which means that they have the reproductive organs for both male and female. A snail produces 300 to 500 eggs in three months, which hatch after 11 to 15 days, enabling one to increase their population faster.

According to Waweru, snails mature after six months. They grow big, but after another six months, their growth stagnates again.

Snails are quite vulnerable to predators such as lizards, caterpillars, rats, ground beetles, termites, and spiders. Flies, on the other hand, lay eggs, and the maggots end up eating the snails, she said.

Apart from consumption, Wangui explains that snails are a good skin treatment regime as the slime they produce (known as mucin once it has been processed) is used to produce skin care products.

Snail mucin contains antioxidants that may help reduce signs of aging like wrinkles, uneven skin tone, and sagging.

Studies indicate that snail mucin helps with skin regeneration and protects against damaging free radicals. Snail mucin also hydrates, boosts collagen production, heals wounds, and even soothes irritation.

## Mawasiliano yenye ufanisi ni muhimu kwa mafanikio ya KISIP2-mratibu

Wanahabari wame-takiwa kukumbatia utaalumu na maadili ya kazi wanapotekeleza majukumu yao ya kuandika habari za miradi ya maendeleo inayotekelezwa na serikali ya kitaifa na kaunti.

Wanahabari hao pia walihimizwa kutoa mwonekano zaidi kwa Mradi wa pili wa Ubore-shaji wa Makazi Duni nchini (KISIP2) huku serikali ikijitahidi kuboresha hali ya maisha ya watu wanaoishi katika mitaa ya mabanda..

KISIP2 unatekelezwa na

Serikali ya Kenya kupitia ufadhili wa washirika wa maendeleo ikiwa ni pamoja na Benki ya Dunia, AFD, na Muungano wa Ulaya.

"Maafisa wa mawasiliano wa kaunti wana jukumu muhimu katika kusaidia uhamasishaji wa washikadau kuhusu afua za KISIP 2.

Mawasiliano yanaweza kuongeza mwonekano wa mradi huu na kupunguza hatari. Ufunguo wa kupata thamani ya juu kutoka kwake, hata hivyo, lazima kuwe na mbinu za makusudi za kupeleka ujumbe kwa washikadau na kuleta matokeo chanya," alibainisha Mratibu wa Mradi wa Kitaifa wa KISIP 2 George Arwa, katika hotuba iliyosomwa kwa niaba yake na Stella Gitimu. , Mkuu wa Kipengele cha IV ambapo kuna kitengo cha mawasiliano, wakati wa warsha ya timu ya mawasiliano huko Naivasha. Mtaalamu wa Mawasiliano ya Mae-

ndeleo na Masuala ya Nje katika Benki ya Dunia Kezziah Muthembwa alisema mawasiliano ya maendeleo yanahitaji zaidi ya mahusiano ya vyombo vya habari bali mbinu za kimkakati ili kutoa habari za kina ambazo zinaweza pia kuchochea maendeleo ya kijamii na kiuchumi.

Akiwa hutoa habari za washiriki, mtaalamu wa Masuala ya Nje wa Agence Française de Développement (AFD) Vermersch Lea aliwataka maafisa hao wa habari kuhakikisha mwonekano wa miradi na uendelevu wake.

"Lazima tuhakikishe mwonekano mzuri kupi-

tia utumiaji wa mbinu ikijumuisha majukwaa ya mitandao ya kijamii, sauti, uuzaji wa kidijitali, uhusiano na vyombo vya habari na utangazaji," alisema.

Akizungumza katika kongamano hilo, Mkurugenzi wa Mawasiliano katika Baraza la Magavana Yvonne Ogwang alihimiza timu hiyo kutumia taasisi hiyo kwa kushiriki hadithi za mafanikio kutoka kaunti. Ilibainika kuwa taasisi hiyo ni kitovu muhimu cha usimamizi wa maarifa ambacho huweka kumbukumbu na kubadilishana mbinu bora zilizokusanywa kutoka kwa sekta zote za ugatuzi.

## TAARIFA KWA UMMA KUTOA MAONI KUHUSU RIPOTI YA TATHMINI YA ATHARI ZA MAZINGIRA KWA AJILI YA HUDUMA ZA USHAURI WA KUBUNI KWA KINA WA MRADI WA HUDUMA YA MAJI YA BWAWA LA NAMANGA NA USAFI

Kwamujibuwa Kanuniya 21 ya Kanuniza Usimamizina Uratibuwa Mazingira (Tathmini ya Athari na Ukaguzi) za 2003, Mamlakaya Kitaifa ya Usimamiziwa Mazingira (NEMA) imepokea Ripoti ya Utafitiwa Tathmini ya Athari kwa Mazingira kwa mradi uliopo kwenye hapa juu.

Mtetezi wa Wakala wa Maendeleo ya Ujenzi wa Maji wa Tanathi inania kujenga bwawa ambalo litahusisha usambazaji wa mtiririko wa mvuto wa maji yaliyosafishwa. Uwezo wa muundo wa bwawa linalopendekezwa ni 74167M<sup>3</sup> / siku. Bwawa linalopendekezwa litazamisha bwawa la mito miwili iliyopo na hivyo uzalishaji wa sasa (12000M<sup>3</sup>/siku) wa bwawa la mito miwili iliyopo utapotea. Aina ya bwawa iliyochaguliwa ni Bwawa la Saruji Roller Liliyounganishwa (RCC) lenye urefu wa muundo wa mita 39.3 na njia ya kumwagika ya kupita kiasi ya Ogee Spillway (126m) na bonde la kutuliza. Vipengele vingine muhimu vya bwawa linalopendekezwa ni pamoja na: Mwinuko wa Riverbed (2150masl), Kiwango cha Hifadhi (2173.55masl), Kiwango Kamili cha Ugavi (NWL):2180.3Masl, kiwango cha juu cha maji katika mafuriko (2182.80masl), Kiwango cha Crest Bwawa (2184.3masl), Dead Storage 6.62Mm<sup>3</sup>, Live Storage 9.06Mm<sup>3</sup>, Jumla ya Bwawa la Kiasi 15.686Mm<sup>3</sup>, Eneo Lililoimarishwa kwa Kiwango Kamili cha Ugavi 1.74Km<sup>2</sup>. Maji mabichi kutoka mto mmoja yatasambazwa hadi Namanga Water Works kwa matibabu kabla ya kusambazwa kwa watumiaji. Mradi huo utapatikana katika mji wa Namanga katika Kaunti ya Kajiado.

Zifuatazo ni athari zinazotarajiwa na hatua za kupunguza zinazopendekezwa:

Serikali iliahidi Kenya kutoa Dola za Marekani Milioni 20 kwa Hazina ya Benki ya Maendeleo ya Afrika huku akitoa wito kwa nchi za Afrika kuwa na imani na benki hiyo. Wakati akitoa wito wa kuanzishwa kwa Mahakama ya Haki ya Afrika kushughulikia mata-tizo ya Afrika, aibainisha kuwa Afrika inapaswa kuacha kutafuta suluhu kwa matatizo yao kutoka nje.

## Ruto ahimiza Mataifa ya Afrika kuongeza hisa katika shirika la AfDB kwa ukuaji wa uchumi

BY BERNADETTE  
KHADULI(KNA)

Wito wa Rais William Ruto wa kuongeza hisa za mataifa ya Afrika katika Benki ya Maendeleo ya Afrika (AfDB) ili kukuza uwezo wa kukopesha wa benki hiyo ya kikanda un-aonyesha dharura iliyopo.

Akihutubia wajumbe katika Mkutano wa 59 wa kila Mwaka wa AfDB uliofanyika katika Kituo cha Kimataifa cha Mikutano cha Kenyatta, Rais Ruto alisisitiza jukumu kuu la benki hiyo katika kushughulikia mahitaji makubwa ya kifedha barani kote.

Akisisitiza mae-neo muhimu kama vile utoshelevu wa chakula, miundombinu, uwezesaji wa vijana na wanawake, na ujasiriamali, Rais Ruto alisisitiza umuhimu kwa mataifa kuimarisha hisa zao ndani ya AfDB.

Ombi lake linaendana na hatua ya pamoja, akisisitiza kwamba kuimarisha rasilimali za taasisi hiyo ni muhimu ili iweze kusaidia kikamilifu nchi za Kiafrika katika juhudi zao za kimaendeleo.

Vile vile, wito wa Rais Ruto wa kujaza tena kwa mara ya 17 kwa Hazina ya Maendeleo ya Afrika, kwa kiwango cha angalau dola bilioni 25, unasisitiza umuhimu wa kuimarisha uwezo wa benki hiyo kupanua ufadhili wa masharti nafuu kwa mataifa ya Kiafrika yenye maendeleo duni.

Katika wito wake wa utangulizi wa kuchukuliwa hatua, Rais Ruto alihimiza ushirikiano na kujitolea katika kutumia mifumo ya kifedha ili kuendeleza maendeleo ya kijamii na kiuchumi barani Afrika.

“Tunatoa wito kwa wafadhili wetu na washirika

Rais William Ruto wa Jamhuri ya Kenya atoa hotuba kuu katika hafla ya ufunguzi wa Mikutano ya 59 ya Mwaka ya Benki ya Maendeleo ya Afrika (AfDB) katika KICC Jumatano Mei 29, 2024.

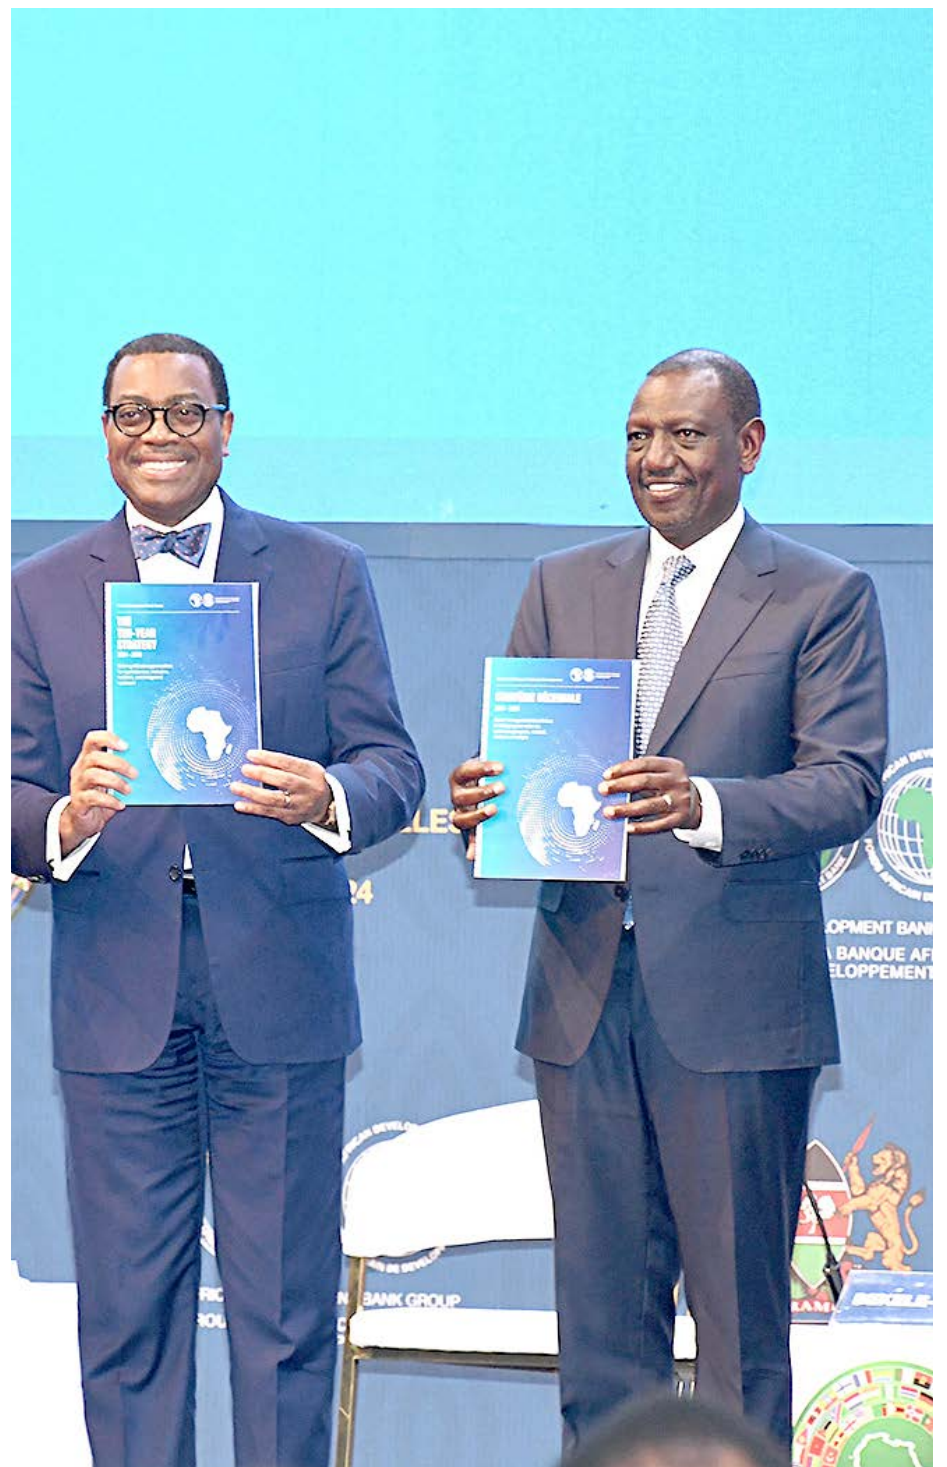

wa maendeleo kuongeza uwekezaji wao katika taasisi kuu za kifedha za maendeleo ya bara letu,” alisema.

Ruto alisema bara hili limetajwa kwa njia hasi kwa muda mrefu sana na akatoa wito kwa Benki hiyo kuandika simulizi mpya kuhusu shirika la mikopoa Afrika kwa kuweka habari katika mfumo wake. “Pato Letu halikadiriwi ipasavyo na rasilimali zetu kubwa kama vile nishati na asilimia 60 ya ardhi inayofaa kwa kilimo haihesabiwi,” Rais alisema, na kuongeza kuwa bara hili linakabiliwa na kizuizi kigumu cha mfumo wa kifedha wa kimataifa ambao kimsingi hauhusishi matarajio ya bara. “Tunakopa mara kwa mara kutoka kwa

masoko ya kimataifa kwa viwango vya juu zaidi ya vile vinavyolipwa na ulimwengu wote, mara nyingi hadi mara 8 hadi 10 zaidi. Viwango hivi vinasemekana kuwa kinga ya hatari, jambo ambalo hautumiki wakati wa kuzingatia uchimbaji wa madini, hata katika mae-neo yenye migogoro inayo-endelea,” alisema.

Alisema kuna haja kwa bara la Afrika kuendeleza haraka na kutekeleza mageuzi ambayo yatasukuma ustawi wa nchi na maisha ya watu wa bara hili.

Ruto alieleza imani kwamba haja ya dharura inavuma sana miongoni mwa viongozi wa Afrika ambao walikuwa wakipiga hatua kukuza Pato la Taifa la nchi za bara (GDP).

# KNQA to develop a standardized Coding System Policy

BY MICHAEL OMONDI (KNA)

A standard guideline for coding all qualifications in the country will go a long way in providing an accurate picture for policy, decision-making and developing the provision of skills needed in the country, Kenya National Qualifications Authority (KNQA) Director General (DG) Dr Alice Kande has said.

Speaking during an online wider stakeholders' validation workshop for the Kenya National Qualifications Coding Standard (KNQCS), Dr Kande said the development of the policy was in line with the Authority's strategic plan, Kenya Vision 2030, and Bottom-Up Economic Transformation Agenda (BETA) as currently promoted by the government.

"Your presence today underscores the importance we collectively place in enhancing the quality and relevance of education and training in our country," the DG told the stakeholders drawn from universities, tertiary institutions, professional bodies, government agencies among others.

## Mpango wa CEMASTEWA wazua msisimko kwa wanafunzi

NA DICKSON MSANZU(KNA)

Kituo cha Elimu ya Hisabati, Sayansi na Teknolojia barani Afrika (CEMASTEWA) kinakuza elimu ya Sayansi, Teknolojia, Uhandisi, na Hisabati (STEM) nchini Kenya ili kukuza kizazi wanafunzi wabunifu kuendeleza maendeleo ya teknolojia na maendeleo nchini.

Wakiongozwa na Mratibu wa Mpango huo, Bi Beatrice Macharia, CEMASTEWA iliendesha mpango wa Ushauri na Uhamasishaji ya STEM wa siku nne katika Kaunti ya Kilifi uliobuniwa kuwatia moyo na kuwapa wanafunzi wa shule za msingi ujuzi na maarifa muhimu ili kufaulu katika nyanja za STEM.

Akizungumza katika Shule ya Gandini Junior katika Kaunti Ndogo ya Malindi, Bi Macharia alieleza kuwa mpango huo ni sehemu ya juhudi pana za kutoa uzofu wa kujifunza kwa vitendo, ushauri, na kufichua sayansi na teknolojia ya hali ya juu.

Maafisa wa CEMASTEWA wakiwa na kompyuta, vifaa vya maabara na vifaa vingine vya ubunifu, walitembelea shule kadhaa za msingi, zikiwemo Kachororoni, Gandini, Magogoni, na Pingilikani, ambapo walishirikisha wanafunzi na walimu katika shughuli za kujifunza STEM kwa vitendo.

Wakati wa shughuli hiyo, wanafunzi walishiriki katika vipindi vilivyojumuisha majaribio ya vitendo na maonyesho kutoka kwa wataalam wa CEMASTEWA, na kufanya ujifundishaji kufurahisha na kuwasaidia wanafunzi kuona masomo yao yanavyotumika.

## Canada, Ujerumani kutumia Sh803 milioni kukabiliana na utapiamlo Elgeyo Marakwet

NA ALICE WANJIRU(KNA)

Serikali za Canada na Ujerumani zitatumia Sh803 milioni kufadhili miradi miwili iliyobuniwa kupambana na utapiamlo katika Kaunti ya Elgeyo Marakwet kwa miaka 10 ijayo.

Mradi wa Kutambua Usawa wa Jinsia, Mabadiliko ya Mtazamo na Mifumo ya Mabadiliko katika Lishe (REACTS IN) utafadhiliwa na serikali ya Canada, huku Serikali ya Ujerumani ikifadhili Huduma za Kuimarisha Lishe Kuboresha Afya ya Mama na Mtoto Barani Afrika (ENRICH) kupitia World Vision Kenya na washirika wengine.

Bi Marie Bettings kutoka shirika la World Vision Canada alisema kuwa kuongezeka kwa matatizo yatokanayo na mabadiliko ya tabia nchi na kupanda kwa gharama ya chakula kumesababisha changamoto ya utapiamlo ambayo huathiri watu wanaoishi katika mazingira magumu hususan wanawake na wasichana.

Alieleza kuwa lishe duni na ukosefu wa chakula cha kutosha huathiri elimu ya watoto, huku pia wakikabiliwa na magonjwa mbalimbali kwa sababu ya kinga dhaifu.

Martha Nyang'aya kutoka shirika la Nutrition International alisema licha ya juhudi mbalimbali za kupambana na utapiamlo katika kaunti hiyo, kudumaa miongoni mwa watoto kumefikia asilimia 22, uzani mdogo kwa asilimia 15, huku kiwango cha uzani kwa uregu kikifikia asilimia tano, jambo ambalo alisema linatia wasiwasi na linahitaji juhudi nyingi.

Alisema kuna haja ya kufafanua upya utoshelevu wa chakula akisema Kenya ni mojawapo ya nchi saba barani Af-

rika ambayo imeshuhudia hali inayoongezeka ya utapiamlo

ikidhihirika katika kudumaa na kuongezeka kwa upungufu wa virutubishi, akisema asilimia 42 ya wasichana waliobalehe wana upungufu wa madini ya chuma.

Bi Nyang'aya alidokeza kuwa ingawa takwimu zinaonyesha kuwa Kaunti ya Elgeyo Marakwet ina zaidi ya asilimia 80 ya chakula, chakula hicho hupatikana hasa msimu wa uvunaji ambao baadaye huuzwa akisema hata vyanzo vya protini kama mayai hazitumiwi ndani ya familia bali huuzwa kukidhi mahitaji ya kifedha.

Alisikitika kuwa asilimia 12 ya wasichana wenye upungufu wa madini ya chuma hupata mimba kati ya umri wa miaka 12-14 na baadaye kukatiza masomo na hivyo kuzidisha changamoto ya utapiamlo na kudumaa.

Alitoa wito wa juhudi za pamoja kushughulikia masuala yanayoathiri maendeleo ya wasichana kwa njia kamili, akisema japo wahusika wa unyanyasaji wa kijinsia wanapaswa kukamatwa, kuna haja ya kuwawezesha wasichana kukaidi wanaendeleza unyanyazaji huo.

Alitoa wito kwa serikali za kaunti kuweka kando fedha za kukidhi mahitaji ya lishe ya wakazi ili kuhakikisha kuwa miradi kama vile ENRICH na REACTS IN ni endelevu hata baada ya wafadhili kuondoka.

Afisa Mkuu Mtendaji wa World Vision (CEO) Gilbert Kamanga alisema usawa wa kijinsia ni muhimu katika kupambana na utapiamlo, akisema mchango wa wanaume ni muhimu katika kuhakikisha kuwa familia zinapata chakula chenye lishe. Hata hivyo alisikitika kwamba wanaume hawajali sana kile ambacho familia zao hula.

## Ufaransa yapatia Kaunti ya Kericho Sh68M kutatua kero la taka

NA DOMINIC CHERES (KNA)

Serikali ya Ufaransa imetoa Sh68 milioni kwa Serikali ya Kaunti ya Kericho kwa mradi wa kudhibiti taka mgumu katika kaunti hiyo.

Balozi wa Ufaransa nchini Kenya Bw Arnaud Suquet, ambaye alikuwa akizungumza wakati wa uzinduzi wa mradi wa taka katika mji wa Kericho, alisema kuwa Ufaransa imetoa ruzuku na teknolojia ya kidijitali kwa Serikali ya Kaunti ya Kericho kukusanya na kudhibiti taka ngumu, ambayo ni changamoto duniani kote.

"Suala la usimamizi wa taka ngumu haliathiri Kericho pekee, bali ni changamoto kubwa katika mazingira ya mijini

Balozi wa Ufaransa nchini Bw Arnaud Suquet na gavana wa Kericho Erick Mutai walipozindua mradi wa takataka Kericho katika eneo la kutupia taka.

kote ulimwenguni. Sote tunatatizika kutafuta suluhu za kutosha kwa tatizo hili la udhibiti wa taka. Teknolojia ya kidijitali itaweza kusaidia katika usimamizi wa taka," Bw Suquet alisema.

"Tunakabiliwa na mabadiliko makubwa ya hali

ya hewa, na tunakabiliwa na shida ya hali ya hewa mara tatu. Uchafuzi wa mazingira ni mojawapo ya vipengele vinavyochangia mgogoro huu; kwa hivyo, tunahitaji kutafuta suluhisho ya kushughulikia suala hili ili kukuza hatua endelevu za kiikolojia na

kimazingira ambazo zinafaa kwa wote kuishi.

"Mradi wa udhibiti wa taka ngumu huko Kericho unakusudiwa kufahamisha sera ya data na sayansi, ambayo ni kipengele muhimu tunapoelekea kushughulikia masuala ya mabadiliko ya hali ya hewa nchini," balozi wa Ufaransa nchini Kenya, Bw Arnaud Suquet, alisema.

Alisema teknolojia hiyo itatumika katika usimamizi wa taka ngumu Kericho, mradi wa majaribio nchini.

Mradi huo wa kwanza kidijitali katika kaunti umetoa jukwaa kwa wakazi wa eneo hilo kushughulikia baadhi ya masuala yanayohusu usimamizi wa taka-kuri-

poti na kuomba usaidizi au usaidizi wa utupaji na ukusanyaji wa taka ngumu kupitia Apu au simu ambayo nambari yake ni 0746 400 821.

Zaidi ya hayo, kikundi cha WhatsApp kimeanzishwa ambapo wakazi wa mji wa Kericho wanaweza kuchapisha ripoti za taka ambazo hazijakusanywa ndani ya mji na viunga vyake. Wakati uo huo, balozi wa Ufaransa na gavana wa Kericho Eric Mutai pia walizindua mizani na mashine za kuchakata taka baada ya mkutano wa faragha. Gavana Eric Mutai alisema mji wa Kericho unakusanya angalau tani 100 za taka na kwa maendeleo ya hivi punde serikali ya kaunti itaweza kubadilisha taka hizo

kuwa bidhaa za faida.

Mbolea na bidhaa za baiogesi ni baadhi ya bidhaa zinazoenda kutengeneza ajira kwa vijana wa eneo hilo, alisema.

Balozi huyo alisema mradi huo wa majaribio sio mwisho wa ushirikiano kati ya nchi yake na Serikali ya Kaunti ya Kericho, akisema ushirikiano zaidi utakuja ikiwa mradi wa sasa utadumishwa kupitia usimamizi mzuri.

Gavana Mutai alisema mradi huo utasaidia pakubwa kuwezesha kaunti hiyo kuwa na usimamizi thabiti ulioratibiwa zaidi wa kubadilisha taka hizo kwa manufaa ya wakazi wa kaunti ambao pia wataweza kupata mbolea yao wenyewe kutoka ndani.

# Waziri ashauri viongozi wa vyama vya ushirika kukumbatia teknolojia, kuongeza mtaji

NA WANGARI NDIRANGU (KNA)

Waziri wa Vyama vya Ushirika na Biashara Ndogo na za Kati, Simeon Chelugui, anawataka viongozi wa vyama vya ushirika kukumbatia teknolojia, ukuzaji wa bidhaa, na kuongeza mtaji katika sekta ya ushirika Kenya, ambayo inaongoza barani Afrika kwa amana, mali, na uanachama. Pia inashikilia nafasi ya juu katika bara na ya saba kimataifa.

Ili kuimarisha sekta na shughuli za ushirika, Chelugui aliwataka viongozi kudumisha hali sawa kwa kutumia fursa mbalimbali katika teknolojia, ukuzaji wa bidhaa, na kuongeza mtaji.

Chelugui alisema hii itahakikisha kwamba vyama vya ushirika vimejitayarisha vyema kukabiliana na usumbufu siku zijazo, kudumisha uaminifu wa wanachama, na kuendelea kuchangia maendeleo ya kijamii na kiuchumi ya jamii zao.

Waziri huyo, akizungumza wakati wa warsha ya kila mwaka iliyoandaliwa na Benki ya Ushirika ya Kenya katika Mji wa Kiambu, aliongeza, “Kuzingatia ustahimilivu kutawawezesha Maafisa Wakuu na ujuzi na mikakati muhimu sio tu kuhimili matatizo bali pia

Waziri wa Ushirika na Maendeleo ya MSME Simon Chelugui akiwa na baadhi ya uongozi wa vyama vya ushirika wakati wa warsha ya Wakurugenzi Wakuu.

kubadilisha changamoto kuwa fursa za ukuaji na uvumbuzi.

Alibainisha kuwa kupitia uongozi thabiti, vyama vya ushirika

**Kulinda maslahi ya wanachama wetu wa vyama vya ushirika ndio kipaumbele chetu**

vinaweza kuwa vinara wa utulivu na maendeleo katika ulimwengu unaobadilika kila mara.

Alisema Serikali haijitetereka katika dhamira yake ya kutoa mfumo wezeshi wa kisheria na kisera ili vyama vya ushirika viweze kustawi kupitia uundwaji wa Mswada wa Sheria ya Vyama vya Ushirika namba 7 wa mwaka 2024 ambao ni wa pili kusomwa Bungeni, ambao unaashiria hatua

kubwa katika maendeleo ya vyama vya ushirika.

Mswada huo umekiuka kikwazo cha mwisho kilichokuwepo kwa miaka 15 iliyopita na kuulemaza, alisema na kuongeza kuwa kufuatia makubaliano kati ya Wizara na Baraza la Magavana, masuala yenye utata na yanayojitokeza yametatuliwa

“Sheria mpya inatoa mfumo mpana wa udhibiti wa vyama vya ushirika kwa ngazi zote mbili

za serikali, huku pia iki-kuza ujidhibiti ndani ya muundo wa vyama vya ushirika na kuimarisha usimamizi,” Chelugui alieleza.

“Mswada huo unatarajiwa kuinua sekta ya ushirika hadi viwango vipya vya usimamizi bora, kuongezeka kwa ufanisi katika utoaji wa huduma, na utendaji wa juu katika bodi,” Waziri alisema.

Chelugui alitumai kuwa Sheria mpya ya Vyama

vya Ushirika itazinduliwa rasmi na Rais William Ruto mnamo Julai wakati wa sherehe za mwaka huu za Siku ya Ushirika.

Mbali na ajenda ya kutunga sheria, Waziri alisema kuwa Serikali inatekeleza mageuzi ya kitaasisi yanayolenga mifumo mbalimbali ya thamani ya uzalishaji wa vyama vya ushirika ikiwa ni pamoja na kahawa, maziwa na pamba.

## PSRA kufanya msako wa kitaifa dhidi ya walinzi wasioidhinishwa

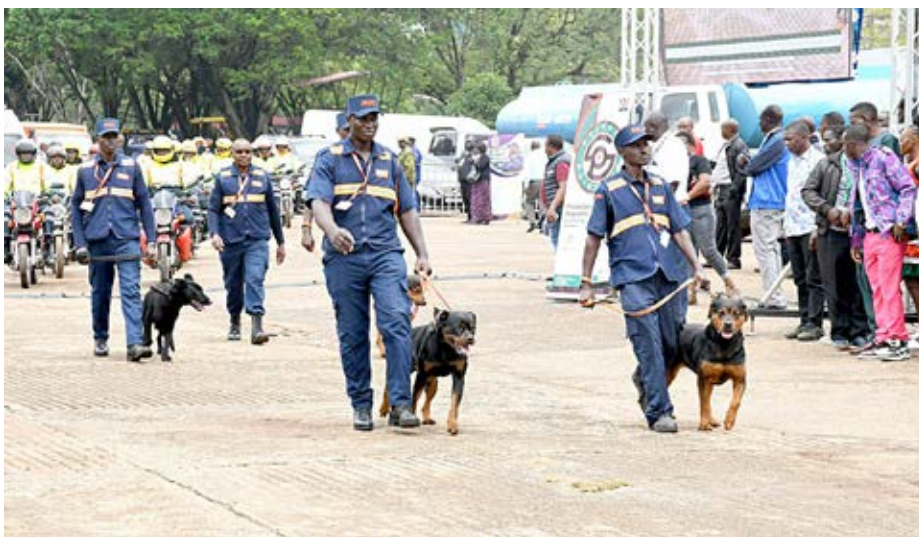

NA HELLEN LUNALO(KNA)

Afisa Mtendaji Mkuu wa Mamlaka ya Kudhibiti Walinzi wa Kibinafsi (PSRA), Fazul Mahamed, ametangaza msako mkali kote nchini kuwaondoa walinzi wasiohitimu.

Kupitia taarifa iliyotumwa kwa vyombo vya habari, PSRA ilitangaza kuwa inaendesha operesheni ya kubaini waajiri ambao walikuwa wakiajiri walinzi wasiohitimu

“Watumiaji wote na watumiaji watarajiwa wa huduma za usalama za kibinafsi lazima wahakikishe kuwa kampuni za ulinzi zinaajiri tu maafisa wa ulinzi wa kibinafsi ambao wanatimiza mahitaji ya kisheria.

“Kwa sasa shughuli ya kuwaondoa au kuwafuta walinzi feki ambao hawana tajriba zinaendelea. Hatua hii inalenga kuhakikisha kuwa wale wanaoajiriwa wana tajriba na wale ambao wanatimiza mahitaji ya

Walinzi wa kibinafsi wakati wa usajili wa GFN. Picha kwa hisani ya PRSA

kisheria ya mafunzo, usajili, na kumiliki Nambari za Kikosi cha Walinzi,” alisema Bw. Mahamed.

Mahamed alisema kuwa Nambari ya Kikosi cha Walinzi (GFN) inatumika kama cheti rasmi kwamba mlinzi wa kibinafsi alikuwa amepata mafunzo yanayofaa na alipewa leseni na kusajiliwa na

mamlaka husika.

Mtu yeyote anayepatikana na hatia ya kumwajiri mlinzi ambaye hajasajiliwa atachukuliwa hatua kisheria na kupewa adhabu ya kulipa faini ya Sh500,000 akipatikana na hatia.

Zaidi ya hayo, kutumia huduma za kampuni ya ulinzi za kibinafsi ambayo

hajasajiliwa ni kinyume cha sheria na ni kosa ambalo linaweza kuadhibiwa kwa faini ya Sh2 milioni au kifungo, kama itakavyoamuliwa na mahakama.

Kampuni za ulinzi za kibinafsi ambazo zitashindwa kutii mwongozo huu pia zitapoteza usajili wao, leseni kuchukuliwa na kutozwa

Mkurugenzi wa PSRA, Fazul Mahamed akihutubia waandishi ofisini kwake

faini kama ilivyobainishwa katika sheria.

Bw Mahamed pia aliwaagiza walinzi wote wawe na GFN na kutimiza mahitaji mengine yote muhimu kabla ya kuanza utumishi wao kama walinzi wa kibinafsi, akisisitiza kwamba hitaji hili lilibainishwa katika notisi ya kisheria ya Novemba, 2, 2023. “Notisi inasalia kuwa halali, inatumika,

na inawaamuru watoa huduma wote wa usalama wa kibinafsi kuajiri tu au kushirikisha maafisa wa usalama wa kibinafsi ambao wamepitia mafunzo, wamepita ukaguzi wa usalama, wamesajiliwa, na wana GFN iliyotolewa na mamlaka,” Bw. Mahamed. alifanua.

Notisi hiyo ni sehemu ya kanuni na hatua ambazo PSRA imetekeleza hivi karibuni zinazolenga kulinda ustawi wa walinzi wa kibinafsi nchini kote.

PSRA ilifanya usajili mkubwa wa wazi wa walinzi katika Bustani wa Uhuru jijini Nairobi mnamo Machi, ambao ulijumuisha utoaji wa Nambari za Kikosi cha Walinzi (GFNs).

Ingawa zoezi hilo halikuchukuliwa kuwa la mwisho, PSRA ilihakikisha kwamba hivi karibuni watatekeleza mchakato wa usajili wa kitaifa kwa watu wote wanaofanya kazi katika sekta hiyo kote nchini.

## Barabara za mji wa Meru zarekebishwa na mpango wa ukarabati unaoongozwa na vijana

NA DICKSON MWITI (KNA)

Mamlaka ya Kitaifa ya Ujenzi (NCA), kwa ushirikiano na Shirika Lisilo la Kiserikali la Uwezesaji Barabara za Jamii (CORE-Kenya), inakarabati barabara za kufika katika mji wa Meru na kutoa mafunzo na kuwawezesha vijana kuwa wanakandarasi wa badaye katika sekta ya ujenzi wa barabara.

Ili kufanikisha hili, vijana wamepitia vipindi vya mafunzo kuhusu mahitaji ya usajili wa NCA, taratibu na kanuni. Kwa mujibu wa George Kaluma, mhandisi wa CORE, mafunzo hayo yanalenga kuwapa vijana maarifa na ujuzi unaohitajika ili kusajiliwa kama wanakandarasi wadogo chini ya NCA kundi la VIII na baadaye kuendelea kadiri wanavyoendelea kufanya kazi, hivyo kujiongezea kipato.

“Leo, tulikuwa na vikundi 15 vinavyopitia mafunzo kutoka NCA, na baadaye, vinatarajiwa kujiandikisha na bodi kama ilivyokubaliwa.” “Kwa hivyo tunatarajia kwamba katika wiki chache zijazo watasajiliwa lakini tunacho uhakika ni kwamba vikundi vyote vitafanya hivyo kwa urahisi kwa

kuwa tayari wanafahamu taratibu na mahitaji,” Bw Kaluma alisema.

Kufikia mwisho wa Juni, ambayo inadhimisha miaka miwili ya kuwepo Meru, Bw Kaluma aliongeza, CORE inatarajia kuwa na vikundi 35 vilivyosajiliwa huku 20 katika mwaka wa kwanza na 15 katika mwaka wa pili. Mhandisi Antony Mwangi kutoka NCA alisema Mamlaka pia ilichukua washiriki katika mchakato wa usajili kwa wafanyakazi wenye ujuzi na wasio na ujuzi ambao shirika hilo hufanya bila malipo.

“Tayari tumewaambia wanachohitaji kwa usajili wao, na tunawahakikishia uungwaji mkono wetu katika mchakato mzima iwapo watakwama njiani,” alisema Bw Mwangi. Aliipongeza CORE kwa kuwapanga vijana hao katika vikundi na kuongeza kuwa kwa njia hii, watakutia zabuni nyingi zaidi ikizingatiwa kuwa wana wanawake pamoja na watu wenye ulemavu kuwa wanachama wao.

“Wanaposajiliwa, wanakuwa wanachama rasmi wa NCA na wanatambuliwa na seri-

kali kumaanisha kuwa wanaweza kupata zabuni kwa urahisi na kufanya kazi popote nchini kinyume na wanapokuwa nje tu na kufanya kazi kibinafsi,” Bw Mwangi alisema.

Alishukuru CORE-Kenya, Hazina ya Maendeleo ya Kijamii ya Japan (JSDF), Benki ya Dunia, na serikali ya kitaifa pamoja na Serikali ya Kaunti ya Meru kwa kutekeleza mpango huo ambao utawaacha vijana na chanzo cha riziki.

“Bila juhudi za washirika wote katika mradi huu, watu

hawa wote waliokusanyika hapa leo na wale ambao hawako hapa wanaweza kuwa wanahangaika huko nje. Lakini mnachofanya ni cha kupongezwa na asante kwa kutualika na natumai mtatuita tena ili kuendelea kazi hiyo njema,” Bw Antony alisema.

Mkurugenzi wa kikundi cha Destiny Bw Duncan Murithi Marete alisema maarifa muhimu kutoka NCA yaliwafungua macho na kuanzia sasa watayatumia kufaidika.

“Tunafuraha kwamba leo tumejua mahitaji ya usajili na bila shaka tutatekeleza jukumu letu katika kuhakikisha kuwa tumesajiliwa kikamilifu,” alisema Bw Marete na kuongeza kuwa watawasilisha taarifa hizo kwa wanakikundi ili wachukue hatua.

Vijana hao ni sehemu ya watu 375 huko Gitimbine ambao walipitia mafunzo ya vitendo kuhusu ukarabati wa barabara kwa mwaka wa pili ambapo kilomita nane za barabara zilikarabatiwa. Lengo kuu la CORE huko Meru ni kuinua hadhi ya vijana wa Meru kupitia uundaji wa nafasi za kazi na pia kukuza ujuzi wa kujitegemea.

## Serikali yawekeza Sh1B katika sodo kwa wasichana

NA IRENE GALGALO (PCO)

Serikali imetumia shilingi bilioni moja katika ununuzi wa sodo kwa wasichana walio katika shule za msingi na sekondari za umma ili kuhakikisha wasichana wanahudhuria darasa katika kipindi chao cha hedhi.

Sodo hizo zimesambazwa kote nchini kugawiwa wasichana wa shule katika juhudi zinazoongozwa na Idara ya Serikali ya Jinsia, ambazo kila msichana atapokea pakiti nane za sodo za usafi.

Akizungumza wakati wa kuadhimisha Siku ya Kimataifa ya Usafi wa Hedhi 2024 katika Kituo Maalumi cha Mafunzo cha Mathare jijini Nairobi, Katibu wa Jinsia, Anne Wang'ombe, alisema Serikali inajali ustawi wa mtoto wa kike na itaendelea kutetea sera zinazounga mkono usafi wa hedhi.

Bi Wangombe ambaye alikuwa akiwagawia watoto Seti za Dignity Kits alisisitiza umuhimu wa kuzingatia viwango vya usafi hasa wakati wa hedhi.

Katibu alisema Siku ya Kimataifa ya Hedhi ilitengwa ili kupigana na unyanyapaa na miiko inayohusishwa na hedhi.

“Nipo hapa kuwahimiza nyote kutembea kwa ujasi hata wakati wa hedhi kwa sababu si laana wala mwiko. Ndio maana tunawapa vifaa hivi vya hadhi na pakiti nane za sodo za usafi baadaye ili kusaidia kurejesha heshima ya siku za hedhi kwa wasichana wote,” alisema Katibu.

Dignity Kit kwa wasichana ilikuwa na pakiti 10 za karatasi shashi, pakiti ya sodo za usafi, jozi ya chupi za wasichana, mafuta ya kujipaka, sabuni ya kufua, sabuni ya kuogea, kifurushi cha Oral Rehydration Solution (ORS), na vidonge vya zinc.

Mtoto wa kiume pia hakuachwa nyuma kwani wote walipokea Dignity Kits sawa na wasichana lakini ikiwa na jozi mbili za chupi za wavulana, bila sodo usafi.

Jumla ya shule sita zililwakilishwa, huku wasichana zaidi ya 600 wakipokea vifurushi hivyo.

Shule hizi zilikuwa za Msingi za Kiboro, Ndururuno Daima na Salama, shule ya sekondari ya St Teresa's Junior, na shule mwenyeji, Mathare Special Training Centre.

## Kenya yaadhimisha Siku ya Usafi wa Hedhi kwa kuangazia upya afya ya wanawake

NA JOSEPH NG'ANG'A (KNA)

Wizara ya Afya imesisitiza dhamira yake ya kuboresha afya ya hedhi na usafi kote nchini huku ulimwengu ukiadhimisha Siku ya Usafi wa Hedhi wiki iliyopita.

Bi Mary Muthoni Muriuki, Katibu wa Idara ya Kitaifa ya Afya ya Umma na Viwango vya Kitaaluma, alisema kuwa mada ya mwaka huu inalenga kuhakikisha kwamba kila mwanamke na msichana anapata rasilimali zinazohitajika na usaidizi wa kudhibiti hedhi kwa njia ya heshima na salama.

Bi Muriuki alibainisha kuwa tangu mwaka wa 2014, Kenya imeadhimisha Siku ya Usafi wa Hedhi ili kuangazia umuhimu wa desturi zinazofaa za kupata hedhi na kufanya nchi taifa linalofaa kwa hedhi.

Juhudi ni pamoja na kutoa taarifa sahihi kuhusu hedhi, kuhakikisha upatikanaji wa bidhaa za hedhi kwa bei nafuu, kukuza vifaa vya usafi wa mazingira, na kutekeleza mbinu endelevu za kudhibiti taka. “Mbinu ya Kenya ya juhudi mara tatu kuhusu usimamizi wa hedhi ni pamoja na

Katibu wa Idara ya Afya ya Umma na Viwango vya Kitaalumu (PS) Mary Muthoni Muriuki. Picha na Joseph Ng'ang'a.

kuvunja ukimya, kuendeleza mijadala ya wazi kuhusu hedhi ili kuondoa unyanyapaa, na kuwaelimisha wasichana na wanawake kuhusu mchakato huu wa asili wa kibayolojia,” Bi Muriuki alisema. Alisema jitihada nyingine ni pamoja na usimamizi wa usafi na usalama kwa kuhakikisha upatikanaji wa maji, vifaa vya kuosha, maeneo ya faragha kwa ajili ya usimamizi wa hedhi, udhibiti wa maumivu nyumbani na katika maeneo ya

umma, na huduma za afya kwa ujumla.

Bi Muriuki aliongeza kuwa pia wanatetea matumizi salama na utupaji kupitia mbinu bora kwa mazingira kwa matumizi tena, ukusanyaji na utupaji wa taka za hedhi. Kulingana na Katibu, Kenya ilizindua Sera yake ya MHM mnamo Mei 28, 2020, wakati wa janga la Covid-19. Ingawa hatua kubwa zimepigwa, ikiwa ni pamoja na kuunganishwa kwa MHM katika shughuli

na miradi mbalimbali ya serikali, msaada endelevu na uboreshaji unahitajika. “Utafiti uliofanywa na Wizara ya Afya mwaka wa 2016 unaangazia changamoto zinazowakabili wasichana na wanawake wa Kenya kuhusu afya ya hedhi na usafi. Matokeo muhimu ni pamoja na kutumia sodo zinazoweza kutupwa kati ya asilimia 46 ya waliohojiwa, huku asilimia 54 ya wasichana wa Kenya wakikabiliwa na changamoto za kupata bidhaa za usimamizi wa usafi wa hedhi (MHM),” Bi Muriuki alisema.

Alisema kukosekana kwa upatikanaji wa bidhaa za MHM kunahusishwa na tabia hatari ya ngono, na baadhi ya watu kutumia njia zisizo salama au kushiriki ngono kupata pesa. Katibu aliongeza kuwa hali duni ya WASH shuleni huzidisha changamoto na kufanya wasichana kutohudhuria masomo.

“Licha ya jitihada hizi, ikiwa ni pamoja na utoaji wa sodo shuleni, zaidi ya nusu ya wasichana na wanawake wa Kenya walio katika hedhi (asilimia 65) bado wanakosa upatikanaji endelevu wa bidhaa salama za hedhi,” katibu alieleza.

# Bahati traders to reap from integrated market

**BY ANNE SABUNI (KNA)**  
Traders in Bahati Sub-County in Nakuru are set to benefit from a multi-million integrated modern market to be constructed at Kabatini Trading Center.

Speaking during the handing over of the site, Governor Susan Kihika announced that the project is a partnership between the national government and the County Government of Nakuru. She said it will be completed in five months.

The tendering process was completed in March. According to Ms. Kihika, the project will include social halls, prefabricated stalls, market area segmentation, cold room facilities, offices, an ATM lobby, baby daycare services (creche), and primary processing facilities for value addition.

The governor said the project will also include supporting infrastructure such as sewer systems, high-mast flood lights, raised water tanks, banking institutions, a food court, and modern washrooms compliant with the needs of persons living with disabilities.

Ms. Kihika assured the traders that they will have a conducive working environment to carry out their businesses once the project is completed.

She was accompanied by Deputy Governor Mr. David Kones, Bahati Member of Parliament Ms. Irene Njoki, the Baringo County Women Representative Ms. Florence Jematia, her

Nyeri counterpart Ms. Rahab Mukami, and area Member of County Assembly Ms. Leah Nganga. The two-storey market will be constructed on half an acre of space, with at least 200 traders expected to have cold storage facilities.

"The market will also have water towers, cabros, an ablution block, and market offices," Ms. Kihika said. She added that the objective of the market is to act as a feeder for the market hub in Bahati, Subukia, Nakuru Town East and Nakuru Town West Sub-Counties.

Ms Kihika said the national government in partnership with counties was committed to improving traders' business environment in the country.

"Majority of Kenyans are traders by nature and what they look for is the dignity of their hustles and the places they trade from, but most of them trade in filthy places, where there is no road, sewerage and other amenities, hence attracting people with low purchasing power," the Governor said.

The market is expected to bolster trade and transform the economy of the trading center along the busy Nakuru-Nyahururu highway.

The Sh200 million modern market is part of the government's Economic Stimulus Program (ESP).

Bahati MP Ms Njoki emphasized that the government's investment in market infrastructure will

**A market. FILE PHOTO.**

ensure that traders at the grassroots operate in conducive environments and cut food losses.

"This will guarantee our farmers and traders more earnings to support more livelihoods in our county," the legislator added.

The MP urged the contractor to ensure construction materials are sourced locally and all jobs given to the locals.

The market will consist of a ground floor that will accommodate more than 200 modern stalls for traders and the first floor will include a boardroom.

The stalls will be divided into fresh produce and clothes and wares sections.

In addition, the modern market will include a lactation room for breastfeeding mothers, an ICT room fully connected to the internet and a revenue center.

The market will further have food courts for traders to sell meals to consumers in the area.

Deputy Governor Mr Kones noted that the project will help create em-

ployment in the area and urged the contractor to complete it on time, fur-

ther insisting that locals should be prioritized in the supply of building

materials and construction jobs.

## Serikali yatumia Sh450 Milioni kufufua uzalishaji wa Pareto uliodorora nchini

NA ANNE MWALE  
(KNA)

Kampuni ya Serikali ya Kuchakata Pareto Kenya (PPCK) itafanyiwa marekebisho kwa gharama ya Sh450 milioni kupitia ufadhili wa Serikali wa Sh450 milioni.

Msemaji wa Serikali Isaac Mwaura pia alisema kuwa Serikali inalenga kuimarisha kilimo cha pareto kwa kuhakikisha kuwa angalau ekari 30,000 za ardhi zimewekwa chini ya zao hilo na wakulima 200,000 kukumbatia zao hilo nchini ifikapo 2027.

Kwa sasa, zao hilo la biashara, ambalo liliwahi kuonekana kuwa 'dhahabu nyeusi' na la tatu kwa kuingiza fedha za kigeni huku Serikali ikiweka mfukoni zaidi ya Sh18 bilioni kila mwaka wakati wa mavuno mazuri, linalimwa katika ekari 8,000.

Sekta hiyo ilikuwa ikiitoa riziki kwa maelfu ya wakulima wadogo kabla ya kuanza kukabiliwa na madeni makubwa kutokana na miaka mingi ya usimamizi mbaya, wizi na ufadhili duni.

Kulingana na Mwaura, ingawa pareto iliipatia Kenya

Mjumbe wa Bodi ya Kampuni ya Pyrethrum Processing Kenya (PPCK) Justus Monda (kulia) akimweleza jambo Msemaji wa Serikali Dkt Isaac Mwaura kwenye shamba la pareto huku Kaimu Mkurugenzi Mkuu Mary Ontiri (Wa pili kushoto) akitazama.

Sh72 milioni mwaka jana, Kenya ina uwezo wa kupata Sh9 bilioni kutoka kwa zao hilo la biashara ikiwa sekta hiyo itafufuliwa.

Mikakati mingine Mwaura alisema ni pamoja na utoaji na usambazaji wa miche bora ya kutosha kwa wakulima na kuongeza uwezo wa kiwanda cha kusindika pareto.

Akizungumza wakati wa kikao na wanahabari baada ya kuzuru kiwanda cha PPCK, Dkt. Mwaura alidokeza kuwa Serikali,

kwa ushirikiano na kaunti 19 zinazolima pareto, inajitahidi kuhakikisha ufufuaji kamili wa uzalishaji wa zao hilo kwa kutoa rasilimali na motisha zinazohitajika.

"Tunachofanya ni kuonyesha dhamira ya serikali kufufua ukuaji wa pareto, ndio tumeanza na kufikia mwaka ujao tunataka kuwa na angalau ekari 30,000 chini ya pareto," alisema Dkt Mwaura.

Serikali, alisema, pia imeunda upya Bodi ya Wakurugenzi ya PPCK kwani sekta

hiyo ilifanya kazi bila bodi kuu kwa zaidi ya miaka 15.

Alisema uwepo wa bodi ni hakikisho kwamba kutakuwa na usimamizi bora.

Msemaji huyo alisisitiza kuwepo kwa ushindani katika sekta hiyo, ambao utahakikisha wakulima wanapata bei nzuri wakati wa kuuza mazao yao.

Alidokeza kuwa serikali inawahimiza wawekezaji binafsi kujiunga na sekta hiyo akisema itaondoa ukiritimba ambao alisema ndiyo sababu kuu ya kuporomoka kwa sekta hiyo ndogo.

Dkt Mwaura alidokeza, kama sehemu ya mkakati wa kuwahamasisha wakulima zaidi kukumbatia zao hilo, PPCK sasa inatoa miche ya bure, na hii itaongeza ekari chini ya pareto. Alisema PPCK imeongeza uzalishaji wa nyenzo safi za upanzi kwa zaidi ya asilimia 90..

"PPCK inasaidia wakulima kikamilifu. Ekari moja inachukua takriban miche 22,000, ambayo inagharimu zaidi ya Sh60,000. PPCK imechukua mzigo huo kutoka kwa wakulima. Wizarara ya Kilimo pia imesambaza tani 15,000 za nyenzo bora za kupanda pareto," alifafanua.

### Bwawa la Sh.63.5 Milioni kumaliza shida ya maji Laikipia Kaskazini

Ni furaha tele kwa zaidi ya wakazi 30,000 wa Laikipia Kaskazini kufuatia uzinduzi wa Bwawa la Sh 63.5 milioni huko Doldol ambalo linatarajiwa kushughulikia shida za maji katika maeneo ya wafugaji. Bwawa hilo, linalofadhiliwa na Mamlaka ya Ustawishaji ya Ewaso Ng'iro Kaskazini (ENNDA), litatoa maji kwa jamii nne za Ilgvesi, Ilmokodo, Ilmumonyot, Indikiriri, na Kaunti ya Samburu.

Mwenyekiti wa Bwawa la Doldol Solomon Ole Pusi alifichua kuwa bwawa hilo, ambalo lilijengwa awali na wenyaji katika miaka ya 1950, lilikuwa na udongo, na kwa msaada mkubwa kutoka kwa serikali, uhaba wa maji utakuwa historia kwa watu, mifugo na wanayama wa porini.

"Tunafuraha kwa kazi inayofanyika hapa, upanuzi wa bwawa na uzoaji wa udongo, tunatumai kuwa changamoto za maji zitatatuliwa. Inasikitisha kwamba hata baada ya msimu wa mvua tunabaki

bila maji kwa mifugo yetu," alisema Ole Pusi, akiongeza kuwa wakati wa kiangazi, walilazimika kuhamia msitu wa Mlima Kenya kutafuta maji kwa mifugo wao. Mbunge wa eneo hilo Sarah Korere alipongeza mradi huo, akibainisha kuwa wafugaji wameathirwa pakubwa na ukame kwa miaka mingi na kupitia upatikanaji wa maji, kutakuwa na mabadiliko kwa jamii katika eneo bunge lake.

Kwa mujibu wa Mkurugenzi wa Huduma na Miundombinu wa ENNDA, Josiah Mulwa, bwawa hilo litajengwa ndani ya muda wa miezi sita na litaweka mfumo wa jua kusukuma maji kwa lengo la kukuza nishati salama katika eneo la wafugaji.

"Hili ni eneo lenye uhaba wa maji. Wanawake, mifugo na watoto husafiri kwa umbali mrefu kutafuta maji, ambayo ni changamoto kubwa. Mradi huu ukimamilika, familia nyingi zitanufaika," alisema Mulwa.

### Mpango unaofadhiliwa na USAID kuwezesha mashirika katika kaunti 11

Jumla ya kaunti kumi na moja zitanufaika na mpango unaofadhiliwa na USAID ulioundwa ili kuwezesha mashirika ya mashinani kushiriki kikamilifu katika mipango ya maendeleo na michakato ya kutengeneza bajeti.

Mpango huo wenye thamani ya Sh3.5 bilioni kwa kaunti kumi na moja, utatekelezwa kupitia mbinu tatu zenye miradi mahususi inayolenga uwezeshaji wa mashirika ya mashinani, kuimarisha mfumo wa udhibiti kuhusu afya na umoja dhidi ya udanganyifu, ubahirifu na Unyanyasaji.

Kaunti ya Turkana ni miongoni mwa kaunti zitakazonufaika na mpango huo. Nyingine zitakazonufaika ni Kisumu, Kisii, Homa Bay, Kiambu, Samburu, Makeni, Mombasa, Nakuru, Kakamega, Kilifi, na Isiolo. Akizungumza katika mkutano wa kuanzishwa kwa mpango huo mjini Turkana, Naibu Gavana Dkt John Erus alisisitiza umuhimu wa ushirikishwaji wa jamii akisema kuwa inasaidia kuwianisha malengo ya maendeleo na mahitaji ya wakazi.

Naibu Gavana alikaribisha mpango huo na kubaini-

isha kuwa uliambatana kikamilifu na masharti ya ushirikishwaji wa umma yaliyoainishwa katika Katiba ya Kenya 2010.

"Pamoja na mpango kama huu, ushiriki wa watu wa ngazi ya chini sio tu wa uhakika, lakini thamani yake inaboreshwa kwa kiasi kikubwa," Naibu Gavana Erus alisema.

Huko Turkana, mpango utafanya kazi na mashirika ya maendeleo ya mashinani (LDOs) ili kutambua vipaumbele na kuchangia matarajio ya maendeleo.

Vile vile, mpango huo utajengea uwezo LDOs ili kufuatilia ipasavyo utendakazi wa serikali ya kaunti na kuibua maswali wakati mwelekeo unapoenda kinyume unapokeuka kutoka na viwango vilivyowekwa.

Mpango huo ambao ulizinduliwa huko Naivasha mnamo Aprili 2024 unajiri wakati uongozi wa Kaunti unatumia mbinu ya maendeleo ya wadi ambapo wadi hunufaika kutokana na mgao wa bajeti ili kupanga miradi ya maendeleo zinazopaswa kupatia kipaumbele.

## Wanafunzi wa Zetech washinda shindano la kitaifa kwa suluhisho la uchafuzi wa hewa

NA HELLEN LUNALO (KNA)

Wanafunzi wawili wa chuo kikuu wameshinda tuzo ya uvumbuzi wa suluhisho bora la uchafuzi wa hewa nchini.

AirSafi, iliyoundwa na wanafunzi wa Chuo Kikuu cha Zetech Kevin Gitau na Moses Majengo, ni suluhisho kuu la kukabiliana na uchafuzi wa hewa na kuboresha ubora wa anga mijini.

Kifaa hiki hufuatilia kwa karibu hali ya ubora wa hewa, kikituma arifa za haraka ili kufahamisha jamii na viwanda kuhusu viwango vya uchafuzi wa mazingira.

Ubunifu huo ulishinda tuzo katika shindano la kwanza kabisa la Inter-University Power Learn Hackathon, ambalo linalenga kukuza ujuzi wa ujasiriamali na kiteknolojia kati ya wanafunzi wa vyuo vikuu.

Hafla hiyo iliyofanyika katika Chuo Kikuu cha Zetech

katika bewa la Thika Road, ilivutia zaidi ya washiriki 300 kutoka taasisi tofauti za Kenya. Akizungumza baada ya kunyakua tuzo hiyo, Gitau alieleza kujitolea kwake kuendeleza mazingira bora ya kuishi kwa kuchukua hatua za kukabiliana na uchafuzi wa hewa.

"Nchi inaelekea kuanzisha miji ya kisasa na mengine tayari inaendelea ikiwemo Konza na Tatu City. Wazo letu ni kupunguza uchafuzi wa hewa kutoka viwanda vilivyomo ili kufanya mazingira kuwa salama na yenye afya," alisema.

Naibu Chansela wa Chuo

Kikuu cha Zetech Prof Njenga Munene alisema hackathon hiyo iliibua ubunifu miongoni mwa wanafunzi katika Chuo Kikuu cha Zetech, na kuwaongoza kuunda suluhisho ya hali ya juu ya kiteknolojia kwa masuala endelevu ya kimataifa. "Tumejitolea kukuza maendeleo ya kiteknolojia na ujuzi wa ujasiriamali miongoni mwa wanafunzi wetu na kutoa rasilimali kupitia mipango kama vile Kituo cha Ubunifu cha Chuo Kikuu cha Zetech (iZet)," alisema. "Ushindi wa wawili hawa kni dhahirisho la kujitolea kwa chuo chetu kukuza uvumbuzi kwa siku zijazo. Power Hackathon inaonyesha nguvu ya mabadiliko ya uvumbuzi na ushirikiano katika kusukuma mipaka ya uwezekano wa kiteknolojia kwa malengo ya maendeleo endelevu," alisema.
