# State sets aside Sh2b for school feeding in drought hit areas

The secretary to the National Drought Coordination in the Deputy President's Office, Murimi Murage, hands over a 20 kgs bag of relief food to an elderly woman at Ngaremara Ward, Isiolo County. Photo: KNA

The Secretary to the National Drought Co-ordination in the Deputy President's Office Murimi Murage says more than 20 counties are hard hit by drought which is causing a huge drop in enrolment in schools

BY **ABDUBA MAMO** AND **DAVID NDURO** (KNA)

The Government has allocated Sh2 billion for a school feeding programme in Arid and Semi-Arid (ASAL) areas to help retain children in learning institutions.

The Secretary to the National Drought Co-ordination in the Deputy President's Office Mr. Murimi Murage said more than 20 counties are hard hit by drought which is causing a drop in enrolment in schools.

Mr. Murage made the remarks while leading the

distribution of government relief food to 533 households in Ngaremara Ward in Isiolo County.

He said the Government is committed to accomplishing all its pre-election pledges to wananchi, adding that no Kenyan will be left to suffer due to the ongoing drought.

About 5.4 million people are projected to face high levels of acute food insecurity between March and June this year out of which, 1.2 million people are likely in the emergency phase. This latest projection highlights a 43 per cent increase of people facing high levels of food

insecurity compared to the same period last year.

Mr. Murage said the government will ensure all school-going children in the country are retained in learning institutions by providing relief food supplies to the education sector.

At the same time, he said each of the 5,158 vulnerable households in Isiolo County will get cereals and other food items of 20-kilogramme packages.

The Secretary, who was accompanied by Isiolo Deputy County Commissioner Mr. Kepha Marube, said

## Security at land registries to be enhanced

BY **HUSSEIN ABDULLAHI** AND **MARY ALUOCH** (KNA)

The Department of Lands and Physical Planning offices across the country will from now onwards be treated as critical infrastructure which should be given enhanced security.

Principal Secretary for Lands and Physical Planning Nixon Korir said he has written to his Internal Security counterpart Raymond Omollo to make arrangements to enhance the security of all lands registries countrywide.

Consequently, Korir instructed Department of Lands and Physical Planning county co-ordinators to urgently liaise with the county commissioners to arrange for enhanced security of lands registries.

Speaking during a tour of the Kwale Lands Registry where he also held a meeting with staff of the department, the PS found land documents stacked and squeezed on top of each other up to the roof.

He said it is crucial for all Ministry of Lands offices to be housed in spacious and

the Kenya Defence Forces (KDF) personnel will drill and repair 12 boreholes in Isiolo County and appealed to the local people to start kitchen garden farming to improve their food security.

A local, Mr. Maneno Msee said Government's effort to feed learners in schools will see many Ngaremara Ward school-going children, who had dropped out due to drought related reasons, get back to and remain in school.

Mr. Msee said the Government ought to support small-scale farmers to start growing crops in order to reduce the burden of over reliance on relief food.

He warned that some local residents have turned to charcoal burning to cushion their lives despite the activity being a threat to indigenous trees which take many years to mature.

The relief food will be distributed to vulnerable residents of Sericho, Gar-

and Cherab Wards in the County and coordinated by National Government administrative officers.

In the meantime, the International Rescue Committee has asked donor countries to increase funding to help communities most affected by the climate change crisis to better withstand its effects.

Mohamed El Montassir, The International Rescue Committee Kenya Country Director says in a status report that, although needs are growing, the drought response plans in Kenya still remain underfunded, which significantly restricts the ability of humanitarian organisations to act.

secure premises, especially after the incident in which the lands registry in Nyando was razed to the ground.

“I have seen the condition of your offices and you do not have to explain it to me. It is not your fault but it is the fault of previous governments,” said the PS.

He said the Government will soon come up with a model office that will be replicated in many counties.

The PS also held a meeting with the Kwale Deputy Governor Josphat Chirema Kombo where he said that

the National Government will work closely with the county administration in resolving land issues.

The Deputy Governor and the County CEC for Lands Saumu Mahaja requested the PS to help the County in clearing hurdles in acquiring titles for some particular pieces of land that are required for public projects.

PS Korir said he was ready to support the County administration and took immediate action on resolving issues related to a piece of public land which the county wants to donate to KEMRI to set up a research center.

## KENYA ORDNANCE FACTORIES CORPORATION

### TENDER NOTICE

Kenya Ordnance Factories Corporation (KOFCC) invites sealed bids from eligible bidders for the tenders listed below:

Tender No:	Item Description	Tender Closing Date
KOFC/OT/GEN/003/22-23	Provision of Medical Insurance Services	10:00 am on 28 March 2023

# Gov't to review cases of women petty offenders with children in prison

BY BERNADETTE KHADULI (KNA)

The State Department for Correctional Services is working with the Judiciary to review cases of mothers serving their sentences in custody for petty offences while with their young children, to enable them serve their sentences under Community Service Orders.

Correctional Services Principal Secretary Ms. Mary Muriuki said women correctional facilities have children aged between zero to four years accompanying their mothers in custody. Besides, she added, the convicted mothers are likely to have other children back home.

Muriuki further said the department is also advocating for the use of Alternative Dispute Resolutions to mitigate congestion in correctional facilities.

"We are doing the advo-

Correctional Services Principal Secretary Ms. Mary Muriuki giving her speech during the International Women's Day celebrations held at the Langata Maximum Women Prison.

cacy during public barazas in conjunction with the National Administrative Officers," Ms. Muriuki said.

The PS was speaking during the International Women's Day celebrations graced by First Lady Rachel Ruto at Langata Maximum Women Prison in Nairobi.

She said this year's celebrations themed 'DigitALL:

Innovation and Technology for Gender Equality' is in line with the Correctional Services mandate of ensuring that women are empowered in the innovation sector.

She said women prisons are training the inmates in both formal and informal education where they are taught computer courses to

enable them acquire digital skills besides learning other skills that include knitting, baking, beadwork, beauty and hairdressing.

"The different programs we offer empower them with skills that will help them become more productive members of the society upon their release," the PS stated.

Muriuki singled out the Hustler Fund as one of the various government initiatives that will enable the inmates to have startup capital to engage in small businesses to support their families.

She encouraged the inmates to take up the skills they have acquired while in custody, as there is a brighter future after release, noting that what they require is to take responsibility and show their skills and make a difference.

"I would like to assure inmates that all is not lost because there is life after prison. Utilize the skills in the best way possible," the PS advised.

Ms. Muriuki said women wear so many caps in their day-to-day lives, a need that requires them to be supported by the community and celebrated by the whole society as nurturers of life.

# WHO report calls for reduction of salt intake to protect lives

BY GWORO ALICE (KNA)

A first-of-its-kind World Health Organization (WHO) Global report on sodium intake reduction shows that the world is off-track to achieve its global target of reducing sodium intake by 30 per cent by 2025.

The report envisions that implementing highly cost-effective sodium reduction policies could save an estimated seven million lives globally by 2030.

Sodium, an essential nutrient, increases the risk of heart disease, stroke and premature death when eaten in excess. The main source of sodium is table salt (sodium chloride), but it is also contained in other condiments such as sodium glutamate.

The report shows that only five per cent of WHO member states are protected by mandatory and comprehensive sodium reduction policies and 73 per cent of WHO member states lack full range of implementation of such

policies.

It is an important component of action to achieve the Sustainable Development Goal target of reducing deaths from non-communicable diseases. But today, only nine countries (Brazil, Chile, Czech Republic, Lithuania, Malaysia, Mexico, Saudi Arabia, Spain and Uruguay) have a comprehensive package of recommended policies to reduce sodium intake.

"Unhealthy diets are a leading cause of death and disease globally, and excessive sodium intake is one of the main culprits," said Dr Tedros Adhanom Ghebreyesus, WHO Director-General.

"This report shows that most countries are yet to adopt any mandatory sodium reduction policies, leaving their people at risk of heart attack, stroke, and other health problems. WHO calls on all countries to implement the 'Best Buys' for sodium reduction," he said.

## UNIVERSITIES FUND

### VIRTUAL SENSITIZATION FORUM FOR YOUTHS, WOMEN AND PERSONS WITH DISABILITIES ON ACCESS TO GOVERNMENT PROCUREMENT OPPORTUNITIES.

The Universities fund (UF) is a Semi-Autonomous Government Agency (SAGA) established by section 53 of the Universities Act, 2012 with the main mandate of financing universities in Kenya.

UF intends to hold an online sensitization forum of the aforementioned special groups. This exercise aims to build awareness, build capacity, increase transparency and promote competition with regard to 30% allocation of procurement opportunities reserved for the disadvantaged groups.

Description	Date
Youths, Women and Persons with disabilities on access to government procurement opportunities	24 <sup>th</sup> March, 2023 10.00 am -11.00 am.

Interested special groups must confirm participation on or before close of business on Wednesday **22<sup>nd</sup> March, 2023**. In order to receive the link, register on [supplychain@ufb.go.ke](mailto:supplychain@ufb.go.ke) Ensure to give your company Name, Directors Name(s) and category (**where applicable**)

## PS calls for concerted efforts to fight TB as cases increase

BY EKUWAM SILVESTER (KNA)

The Principal Secretary (PS) for Public Health and Professional Standards, Dr. Josephine Mburu has called for sensitization of the public on tuberculosis up to the community level to help fight the global threat.

The PS's call comes at a time the country is experiencing increased cases of TB with health reports indicating that Uasin Gishu County had the highest ever cases of TB which stood at 1907.

She was speaking during a meeting of stakeholders drawn from across various government departments including Health, Environment, Sports, Education and partners including US-AID, Ampath Kenya, Centre

The Principal Secretary State Department for Public Health and Professional Standards, Dr. Josephine Mburu, inspected a TB laboratory at Huruma hospital ahead of the World TB Day which will be marked at Huruma grounds, Eldoret. PHOTO: EKUWAM SYLVESTER

for Health Solutions (CHS) and the Uasin Gishu County Government administration, in preparation for the World's TB Day to be marked on 24th March at Huruma Health Centre, in Eldoret.

Speaking during a visit to Huruma Sub-County Hospital, Dr. Mburu pointed out that the Government was keen to strengthen primary health care facilities by providing sufficient test kits and equipment to facilitate early diagnosis of TB and other ailments to promote the Universal Health Coverage (UHC).

“The Government is very keen on preventive and promotive health care, we are here to ensure primary health care works efficiently so that the President can achieve his agenda on Universal Health Coverage; everything should be done for the benefit of the common wananchi up to the community level,” Mburu said. She urged the stakeholders to sensitize the public to

come out and test for various diseases especially the non-communicable diseases (NCDs) during the World TB Day.

“We urge everybody to come on 24th, the plan is robust, we will screen for all preventable and promotive diseases from nutrition, mental health, Covid-19; we will do cholera, HIV, diabetes and blood pressure. We will also be carrying out the Prostate-Specific Antigen (PSA) test to monitor prostate cancer recurrence for men,” she said.

Uasin Gishu Governor Jonathan Bii noted that TB had become a threat in the health sector and re-

**“We urge everybody to come on 24th, the plan is robust, we will screen for all preventable diseases -Dr Mburu**

iterated his administration's commitment to fight it by raising awareness to sensitize people across the sub-counties up to the grassroots to be screened for the disease.

He declared his readiness to host the national health event, “As a county, we are committed to preparing infrastructural issues here and there to make sure we accommodate as many people as possible during that day,” said Chelilim.

“As Uasin Gishu and Kenyans at large, we need to be aware of TB so that we will be healthy people. In my Nguzo Kumi agenda, health is number two.

“A week before the TB Day, we will carry out as many outreaches as possible on the outskirts of Eldoret like Langas, Huruma, Kamkunji, Kimumu, Kapsoya and to all the sub-counties to raise awareness to sensitize people to be screened for TB,” he said.

**APPLICATION FOR TRAINING PROGRAMMES  
2023/2024 ACADEMIC YEAR**

The Kenya Forestry College (KFC), established under Section 17 of the Forest Conservation and Management Act, 2016 is managed by the Kenya Forest Service (KFS). KFC is the premier technical training institute for foresters established in 1956. The College offers courses meant to equip trainees with high quality technical knowledge in the forestry and environmental conservation sector.

Applications are invited for training programmes to be offered at Kenya Forestry College, Londiani in Kericho County, commencing on the dates indicated below.

S/ No.	Programme	Authority	Entry Requirements	Duration	Commencement
1.	Diploma in Forestry	TVET CDACC	KCSE Mean Grade C- (Minus)	2 Years	Date
2.	Diploma in Forestry	Internal	One-Year Certificate in Forestry	1 Year	June-July intake
3.	National Diploma in Environment Management	TVET CDACC	Two-Year Certificate in forestry with 2 years post-qualification experience	2 Years	June-July intake
4.	Certificate in Forestry	TVET CDACC	KCSE Mean Grade C- (Minus)	1 Year	June-July intake
5.	Craft Certificate in Apiculture Management	TVET CDACC	KCSE Mean Grade D (Plain)	1 Year	June-July intake
6.	Craft Certificate in Business Management	TVET CDACC	KCSE Mean Grade D (Plain)	1 Year	June-July intake
7.	Artisan Certificate in Bee Hives and Bee Equipment	TVET CDACC	KCSE Mean Grade D (Plain)	6 Months	June-July intake
8.	National Vocational Certificate II in Horticulture Nursery Management	TVET CDACC	KSCE Mean Grade D- (Minus)	3 Months	June-July intake
9.	Artisan Certificate in Carpentry and Joinery	TVET CDACC	KCPE	3 Months	June-July intake
10.	Timber value addition	NITA	KCPE	8 Weeks	Continuous
11.	Basic Computer Applications	NITA	KCSE Mean Grade D (Plain)	8 Weeks	Continuous
12.	Tree Nursery Management	NITA	KCSE Mean Grade D (Plain)	2 Weeks	Continuous
13.	Sawmilling Technology	NITA	Basic literacy	2 Weeks	Continuous
14.	Saw Doctoring	NITA	Basic literacy	2 Weeks	Continuous
15.	Basic Logging Operations	NITA	Basic literacy	2 Weeks	Continuous
16.	Honey and Beekeeping Technology	NITA	Basic literacy	2 Weeks	Continuous
17.	Participatory Forest Management	Internal	Basic literacy	2 Weeks	Continuous
18.	Community Participation in Forest Management	Internal	Diploma/Degree	2 Weeks	Continuous
19.	Landscaping Technology	Internal	Basic literacy	2 Weeks	Continuous
20.	Managing Climate Change	Internal	Basic literacy	2 Weeks	Continuous
21.	Agroforestry and Community Development	Internal	Basic literacy	2 Weeks	Continuous
22.	Dryland Forestry	Internal	Basic literacy	2 Weeks	Continuous
23.	Commercial Tree Growing	Internal	Basic literacy	3 Weeks	Continuous
24.	Participatory Forest Management	Internal	Basic Literacy	2 Weeks	Continuous
25.	Forest Resource Assessment	Internal	Diploma/Degree	2 Weeks	Continuous
26.	Forestry for Non-Foresters	Internal	Diploma/Degree	2 Weeks	Continuous
27.	Social Forestry for Foresters	Internal	Diploma/Degree	2 Weeks	Continuous
28.	County Government Law Enforcement Course	Internal	Diploma/Degree	1 Month	Continuous
29.	Community Scouts Forest Protection Course	Internal	Basic literacy	1 Month	Continuous

Online application forms are also available at [www.kenyaforestservice.org](http://www.kenyaforestservice.org).

Applicants should ensure they have included their personal telephone contacts and email addresses.

There will be a non-refundable **KES 1,000** application fee which should be paid by depositing money at any KCB Bank, Account No. 1112223479 and attach the slip to the application form.

Students placed by Kenya Universities and Colleges Central Placement Service (KUCCPS) are requested to confirm admission on the KFS Website or contact the Principal for their admission letters.

Applications must be received by **28<sup>th</sup> April, 2023**

Written applications accompanied with copies of relevant academic documents, National Identity Card/Birth Certificate and banking slip for application fee should be sent to;

#### 2. LIST OF SHORTLISTED CANDIDATES

The following nine (9) candidates have been shortlisted. Subsequently, the candidates are invited to appear for interviews on **31<sup>st</sup> March 2023**. The venue for the interview will be at the **Kenya School of Government, Lower Kabete, Nairobi**. Candidates are advised to take note of the time scheduled for the interviews:

No.	NAME	ID No.	Gender	County	Time
1	Adhan Nure Berhe	10****09	M	Tana River	9.00am
2	Christine Chepkurui Rotich	60****21	F	Kericho	9.45 am
3	Janet Wangechi Mucheru	30****50	F	Muranga	10.30 am
4	Justa Wawira Kiura	90****57	F	Embu	11.15 am
5	Kennedy Juma Mulunda	14****76	M	Bungoma	12.00 noon
6	Nakitare Okuku Humphrey	99****95	M	Busia	12.45 pm
7	Nura Mohamed Huka	11****16	M	Isiolo	2.00 pm
8	Peter Kiptanui Leley	91****34	M	Nandi	2.45 pm
9	Silas Oloo Mc'Opiyo	03****64	M	Homabay	3.15 pm

#### 3. OTHER REQUIREMENTS

Candidates should bring with them originals of the following documents:

- National Identity Card
- Academic certificates, including transcripts and professional certificates
- Any other supporting documents and testimonials
- Clearance Certificates from the following institutions:
  - Ethics and Anti-Corruption Commission
  - Kenya Revenue Authority
  - Higher Education Loans Board
  - Directorate of Criminal Investigations ; and
  - Credit Reference Bureau

#### 4. PUBLIC PARTICIPATION

Members of the public are invited to submit any information relating to the shortlisted candidates through **written memoranda to the Chairperson, National Police Service Commission, Sky Park Plaza, 5<sup>th</sup> Floor Woodvale Close, Westlands** or **online** through [recruitmentceo2022@npsc.go.ke](mailto:recruitmentceo2022@npsc.go.ke) so as to be received on or before **24<sup>th</sup> March 2023**.

**ELIUD N. KINUTHIA, CBS, OGW, HSC**  
**CHAIRPERSON**  
**NATIONAL POLICE SERVICE COMMISSION**

Cover your mouth when sneezing

Wash hands with water and soap/sanitizer

Avoid contact with sick people

Don't touch eyes, nose or mouth with unwashed hands

Thoroughly cook meat, eggs. Don't eat raw food

Keep objects and surfaces clean

# Kenya banking on Regional ground water project to counter biting drought in ASALs

In January this year, the Ministry of Water, Sanitation and Irrigation launched a Sh 15.5 billion Horn of Africa Groundwater for Resilience Regional Programme to tap water from underground aquifers in Kenya, Ethiopia, Somalia and Djibouti. In Kenya, the Programme will cover the ASAL counties of Garissa, Marsabit Mendera, Turkana and Wajir. MyGov's Mutiso Mbithi spoke to Mr. Willis Ombai (pictured), the CEO of the Water Sector Trust Fund, which is the implementing agency.

**Q: Kindly tell us about this unique six-year project and its rationale.**

**A:** The HOAG4R Programme was mooted in 2020 during a Horn of Africa finance ministers meeting convened by IGAD in Ethiopia which decided to utilise the potential of ground water to provide water to the populace in Kenya,

Ethiopia, Djibouti and Somalia. Kenya is a water scarce nation with 547 cubic metres per capita annual renewable water surplus and with 83 per cent of its land being classified as (ASALs). In the arid and semi-arid lands (ASALs of the Horn of Africa, ground water plays a critical role in building drought resilience.

**Q: Who is funding the Programme?**

**A:** The project is funded by the World Bank through the National Treasury and the Water Sector Trust Fund is the implementing agency while the Water Resources Authority (WRA) is carrying out studies on aquifer assessment in conjunction with the Water Users Associations (WRUAS) on conservation management to promote natural water conservation.

**Q: What is the project cost?**

**A:** The whole project will cost Sh 15.5 billion. The parent ministry, the Water Resources Authority and the Water Fund will be allocated Sh8 billion to undertake infrastructural activities, consultancies, designs, actual implementation, rehabilitation of boreholes, drilling and equipping new boreholes. Suffice to say that we will de-

ploy a Performance Based Grant (PBG) format to implement the project by giving money to counties and water companies for work done.

**Q: Which areas in Kenya are covered by the project?**

**A:** The project covers the five ASAL counties of Turkana, Marsabit, Garissa, Mendera and Wajir which are tagged as borderline. We also intend to extend the project to other non-borderline ASAL counties which have plenty of under-

ground water.

**Q: What is the objective of the project?**

**A:** The project and the associated country specific projects aim to increase the sustainable access and management of underground water in the Horn of Africa borderlands. It will rehabilitate boreholes to supply water to Kenya, Ethiopia, Somalia and Djibouti. In the third and fifth year of the Programme, we will undertake aquifer identification, capacity

build institutions in the five counties to form a Project Implementation Unit.

**Q: What is the future of the water sector in ASALs once the project is fully implemented?**

**A:** Water access will be improved in the targeted areas through tapping of underground water. The capacity of institutions like water companies will be enhanced in terms of operation and maintenance to minimise the collapse of water projects.

**Q: What other organisations are you partnering with to improve water supply to Kenyans?**

**A:** We are also financed by DANIDA to drill boreholes in Lamu, Marsabit, Turkana, Isiolo and Tana River. The European Union (EU) is also supporting the Water Fund in the counties of Kitui, Kajiado, Kilifi, Baringo, West Pokot, Taita-Taveta and Samburu to construct small dams. The German Development Bank (KfW) supports the Water Fund by funding to up-scale basic sanitation for the urban poor.

Groundbreaking: Wheat (Eldo Mavuno & Eldo Baraka) resistant to wheat black stem rust disease

## University of Eldoret Profile

University of Eldoret as a leading institution offering quality education in Science, Agriculture, aquaculture and innovation in East and Central Africa was founded in 1946 by the white settlers as a Large Scale Farmers Training Centre. It was converted into a Teacher's Training College in 1984 and renamed Moi Teacher's Training College to offer Diploma Science Teachers Training. In 1990, the college was taken over by Moi University as a campus and renamed Chepkoilel Campus, where it offered natural, basic and applied sciences programmes. In August 2010, the Campus was upgraded into a University College with the name Chepkoilel University College, a constituent College of Moi University. In 11th February 2013 upon the award of Charter by His Excellency President Mwai Kibaki, the University College was renamed **University of Eldoret**, becoming the 14<sup>th</sup> public university in Kenya.

The University is located along the Eldoret-Ziwa Road, 9km from Eldoret Town. The University currently lies on a 1057-acre piece of land and has the necessary facilities for education and training.

University of Eldoret has witnessed huge transformation since it was awarded charter

in 2013. The University had a total student population of 16,000 students and a workforce of 1500 staff. Since receiving charter, the University has witnessed a lot of transformations, which has positioned the University as a leader in the field of **Agriculture, Blue-Economy and Innovation** within the region and beyond.

The University of Eldoret was chartered 10 years ago on the 11th February, 2013 as a public University. With the vision of being a premier University that **nurtures global leaders and innovators**, the University has made great strides in achieving her set national and international goals in providing **quality training, research, consultancy and outreach** geared towards meeting the needs and aspirations our dynamic society.

In view of the above, the University has planned for a range of activities to commemorate a decade of our existence within the hierarchy of Higher Education sector in Kenya from **18<sup>th</sup> - 24<sup>th</sup> March 2023**. We invite the public to join us on this auspicious occasion taking place at the charter Grounds at the main campus, University of Eldoret.

**Board the digital train to create jobs, Owalo urges youth**

**Information Communication and Digital Economy Cabinet Secretary Eliud Owalo during the launch of a Jitume Digital Lab at Thika Technical Training Institute in Kiambu county Thursday.**

BY MUOKI CHARLES (KNA)

Information, Communication and Digital Economy Cabinet Secretary Eliud Owalo has challenged the youth to take advantage of the digital space provided by the Government to create job opportunities.

The CS said the Government had provided several platforms, including the Jitume digital labs, the Constituency Innovation Centres and a robust internet connectivity across the country to help the youth acquire ICT skills and earn a living.

Speaking after launching Jitume Digital Lab at the Thika Technical and Training Institute in Kiambu County, Owalo said 17 functional Jitume labs have already been established and connected countrywide adding that their target is to

equip one million learners with market-ready business and ICT related courses for free.

Owalo further said the government will also link the youth to global technological companies for digital jobs. "These Jitume labs will train youth on digital skills capacity-building programmes. They have been designed to equip TVETs countrywide with 23,000 virtual desktops. Through this programme, we expect to equip one million learners with market-ready business and ICT related courses for free," Owalo said.

Other ICT related platforms provided by the government to enable the youth gain digital skills are the Ajira digital programme where the CS said that they had trained 73,000 youth by December last year.

# Experts to exploit saline water for agricultural production

BY PETER GITONGA (KNA)

Turkana County has enlisted the help of water technology experts to pilot the exploitation of its abundant saline waters for production of human crops and animal feeds in model farms to be established across the County in an effort to combat food insecurity caused by the escalating drought condition.

The County Executive for

Agriculture David Erukudi said the World Food Program (WFP) and the Food and Agricultural Organization (FAO) have also been contacted to support the program, as he divulged that potential sites had already been identified for the project.

"We are aware of Sea Water Solutions Company's expertise and accomplishments in improving agri-

cultural fortunes in areas where water salinity was an issue as is the case with Turkana. In order for Turkana to receive the same benefits, the government is committed to working with them," said Erukudi.

At a meeting with the tech Company officials in Lodwar, which FAO and WFP representatives also attended CEC Erukudi said that trials at Kalobeyei had

been successful and had produced useful lessons that could be replicated.

According to the CEC, a formal engagement that complies with the legal standards outlined in the Private Public partnership (PPP) framework will be drafted for the County and Sea Water Solutions Company to sign in order to formally bind them.

The move comes at a time

when the county is experiencing an extreme drought, declining underground water, and a water quality analysis showing that the groundwater was highly mineralized and unsafe for human consumption.

In order to boost water sufficiency for cross-cutting interventions in agriculture, commerce, and tourism attraction, the County has also scaled up drilling of new

boreholes and rehabilitation of existing ones in line with Governor Lomorukais' nine point agenda that focused on attaining water and food sufficiency for human and animal populations.

During the meeting, CEC asked the Company to organize a symposium on the exploitation of saline water for agricultural development later in the month in Turkana West Sub-County.

## MINISTRY OF EDUCATION STATE DEPARTMENT FOR BASIC EDUCATION

### Request for Bids

#### Framework Contracts (s) for Non-Consulting (Primary Procurement, One-Envelope Bidding Process)

<b>Procuring Agency:</b>	Ministry of education
<b>Country:</b>	Kenya
<b>Name of Project:</b>	Kenya Primary Education Equity in Learning (KPEEL) Program
<b>Framework Agreement Title:</b>	Supply, Delivery, Installation and Equipment in Public Teachers Training Colleges Commissioning of ICT
<b>RFB Reference No.:</b>	MOE/KPEELP/GDS/01/2022-2023
<b>Grant No.:</b>	P106768

- The Ministry of Education has received financing from the World Bank toward the cost of the Kenya Primary Education Equity in Learning Program and intends to apply part of the proceeds toward payments under Call-off Contracts that may be awarded under the Framework Contracts (FCs) for **Supply, Delivery, Installation and Commissioning of ICT Equipment in Public Teacher Training Colleges** concluded through this RFB Primary Procurement process. The Primary Procurement to conclude a Framework Contract (s) to award a Call-off Contract(s) will be governed by the World Bank's Procurement Regulations. For this contract, the Borrower shall process the payments using the Direct Payment disbursement method, as defined in the World Bank's Disbursement Guidelines for Investment Project Financing, except for those payments, which the contract provides to be made through letter of credit. The Procuring Agency is undertaking the Primary Procurement with a view to concluding a Framework Contracts for the respective lots. The Procuring Agency is the sole Employer under the Framework Contracts.
- The Procuring Agency now invites sealed Bids from eligible Bidders for Supply Delivery, Installation and Commissioning of ICT Equipment in Public Teacher Training Colleges in accordance with purchasers Requirements for lots in seven (7) regions as indicated in the Bid Document. The call off contract will be one off for Supply, Delivery, Installation of Local Area Network and commissioning and of the Equipment.
- The Framework Contracts to be concluded will be "Single-User. The Single-User entitled to purchase under the **Framework Contracts** is provided in the Bidding document.
- The Framework Contracts to be concluded will be a "**Single-Service Provider Framework Agreement**" for maximum of **TWO** lots for which call off contract is concluded.
- The selection of a FA Service Provider to be awarded a Call-off Contract will be done through a Primary Procurement process as defined in Framework Contract. However, the conclusion of a Framework Contract shall not impose any obligation on the Procuring Agency, including participating Employers, to purchase Non-Consulting under a Call-off Contract. The conclusion Framework Contract does not guarantee that a FC Service Provider will be awarded a Call-off Contract.
- Bidding will be conducted through National Competitive Procurement using a Request for Bids (RFB) as specified in the World Bank's "Procurement Regulations for IPF Borrowers" 4th Edition November 2020 ("Procurement Regulations"), and is open to all eligible Bidders as defined in the Procurement Regulations.
- Bidders may submit Bids for one or more lots. However, the **maximum number of lots a bidder can award shall be TWO**.
- The Framework Contracts shall be a Single-Service Provider Framework Contract" from the commencement date stated in the Framework Contract.
- The Primary Procurement shall establish a Closed Framework Contract(s).
- Interested eligible Bidders may obtain further information from Ministry of Education, Supply Chain Management office and inspect the Bidding document during office hours i.e., 0900 to 1700 hours at the address given below Paragraph 13.
- The Bidding document in English may be purchased by interested Bidders upon the submission of a written application to the address below and upon payment of a nonrefundable fee of **Kenya Shillings 1,000/=** or **Download the tender document for free from the State departments Website. For the bidders that choose to collect the hardcopy they can pay to the cash office on the 7<sup>th</sup> Floor room 731.**
- Bids must be delivered to the address **Ministry of Education P.O BOX 30040-00100, Nairobi** on or before **12<sup>th</sup> April, 2023 at 11.00 am**. Electronic Bidding will not be permitted. Late Bids will be rejected. Bids will be publicly opened in the presence of the Bidders' designated representatives and anyone who chooses to attend, at the address below.
- There will be a mandatory sites visit between **15<sup>th</sup> March to 24<sup>th</sup>, 2023**. The institution will issue site visit certificates
- The address(es) referred to above is (are):

NOTICE TO THE PUBLIC TO SUBMIT COMMENTS ON AN ENVIRONMENTAL IMPACT ASSESSMENT STUDY REPORT FOR THE PROPOSED REHABILITATION AND EXTENSION OF WATER SUPPLY NETWORK WITHIN KISUMU CITY AND SATELLITE TOWNS- WORKS PACKAGE 2 LOT 1

Pursuant to Regulation 21 of the Environmental Management and Coordination (Impact Assessment and Audit) Regulations, 2003, the National Environment Management Authority (NEMA) has received an Environmental Impact Assessment Study Report for the above proposed project.

The proponent Lake Victoria South Water Works Development Agency (LVSWWDA), proposes to rehabilitate, reinforce and extend water supply infrastructure in Kisumu City to reduce Non-Revenue Water (NRW), Improve water supply within Northern and Eastern Kisumu through laying of secondary distribution network from Kajulu WTP, Mamboleo, Kibuye, Obwolo and Kanyamedha tanks; and rehabilitation and extension of water supply to adjacent localities including Kiboswa and Maseno. The project will be done in clusters within Kisumu City, Maseno and Gee areas. The scope of work will involve rehabilitation and extension of 156.7km (118km OD63 to OD450, 25.7km OD63 to OD200 and 13km OD90 to OD 225) and will be within Kisumu City and Satellite towns under Works Package 2 lot 1.

The following are the anticipated impacts and proposed mitigation measures:

Impact	Mitigation Measures
<b>Disruption of socio-economic activities within the project alignment areas</b>	<ul style="list-style-type: none"> <li>Business owners who have constructed their business premises within road reserves will be advised in advance to remove the structures before commencement of excavation activities.</li> <li>The affected traders will be compensated for loss of revenue during the period of interruption.</li> <li>Authorization to Work within road corridors shall be sought from relevant road authorities including Kenya national Highways authority, Kenya Urban Roads Authority (KURA), Kenya Rural Roads Authority (KeRRA)</li> </ul>
<b>Disruption of services within the project alignment area</b>	<ul style="list-style-type: none"> <li>The contractor shall liaise with Kisumu Water and Sanitation Company (KIWASCO) and private water service providers to restore water services as soon as pipe laying and backfilling of trench areas are finalized</li> <li>The contractor shall liaise with other service providers including Kenya Power Company and mobile/ fiber companies to restore power and telecommunication /fiber cables cut during excavation activities as soon as pipe laying and backfilling of trench areas are finalized</li> </ul>
<b>Labor Influx</b>	<ul style="list-style-type: none"> <li>Laborers from the local neighborhood will be given first priority during recruitment processes to mitigate influx of labor from outside the project area.</li> </ul>
<b>Blockage of drainage channels</b>	<ul style="list-style-type: none"> <li>The contractor shall prepare spoil management plan before commencement of construction works which will spell out how spoils management will be achieved during construction period</li> <li>Stockpiling of materials will be done at least two (2) meters away from drainage channels and water courses.</li> </ul>
<b>Impacts of obtaining construction materials</b>	<ul style="list-style-type: none"> <li>All new quarry and borrow pits opened for purposes of being sources of materials for the proposed project will be subjected to ESIA study in compliance with applicable laws, regulations and standards</li> <li>The contractor shall maximise the re-use of excavated materials in the works</li> </ul>
<b>Accidents and Injuries to workers</b>	<ul style="list-style-type: none"> <li>The contractor shall prepare construction Environmental and Social Management Plan (C-ESMP) within 30 days after signing the contract to guide implementation of health and safety requirements during construction period.</li> <li>The contractor shall provide ample warning signs, guard rails, warning tape, etc.</li> <li>All persons handling equipment and materials shall be suitably trained, supervised and adequately instructed.</li> <li>Procedures and traffic controls, such as establishment of work zones so as to separate workers from traffic and from equipment as much as possible.</li> </ul>
<b>Traffic Impacts</b>	<ul style="list-style-type: none"> <li>Traffic signs shall be erected within work areas to warn the public and motorists of the heavy/construction vehicles accessing the site.</li> </ul>

<b>Risks to local residents</b>	<ul style="list-style-type: none"> <li>A HIV/AIDS prevention programme specific to the project's construction phase shall be established and implemented by the project proponent and contractor.</li> <li>The health and safety Officer who will be in charge of sensitization of workers on Covid 19 shall be stationed at the construction sites. S/He will create awareness amongst site personnel on COVID-19 throughout project construction period .</li> </ul>
<b>Solid waste generation</b>	<ul style="list-style-type: none"> <li>The contractor will prepare a waste management plan at the start of construction activities which will spell out how solid wastes of various categories shall be managed.</li> <li>Express condition shall be put in the contract that before the contractor is issued with a completion certificate; they will clear the site of all debris and restore it to a state acceptable to the supervising architect and environmental consultant;</li> <li>The project proponent and the contractor shall engage a NEMA registered solid waste handling company to manage all solid wastes associated with the construction process.</li> </ul>
<b>Soil erosion</b>	<ul style="list-style-type: none"> <li>The contractor shall prepare erosion and sedimentation plan before commencement of construction works which will guide management of erosion issues at the site;</li> </ul>
<b>Dust Pollution</b>	<ul style="list-style-type: none"> <li>The project proponent and the contractor shall prepare air quality management plan before commencement of the works. The plan will spell out how air quality issues will be managed throughout construction period.</li> </ul>
<b>Noise Pollution</b>	<ul style="list-style-type: none"> <li>The project proponent and the contractor shall prepare noise management plan before commencement of the works. The plan will spell out how noise pollution will be managed throughout construction period.</li> <li>Silencers on equipment such as generators will be properly designed</li> <li>Where need be, all exposed workers will be provided with functional ear muffs, whose use shall be mandatory and closely enforced, monitored and supervised.</li> </ul>
<b>Water supply disruption</b>	<ul style="list-style-type: none"> <li>Consumers will be given advance warning ahead of water disruptions to enable them store water in quantities that can last them for the period of disruption;</li> <li>Kisumu Water and Sanitation Company (KIWASCO) shall be notified of any planned disruptions in writing to enable them disconnect water services ahead of excavation works.</li> <li>Water services shall be restored within 24 hours.</li> </ul>

The full report of project is available for inspection during working hours at:

# Canada spends Sh 4.7b to support technical training

BY SAMUEL MAINA (KNA)

The Canadian Government has spent more than Sh4.7 billion to fund technical training programs as a way of creating job opportunities for young people in Kenya.

Part of the funds have gone into women empowerment programs focusing on skills development and entrepreneurship ventures to help reduce poverty levels among women.

Canadian High Commissioner to Kenya Christopher Thornley said his government is working with Technical and Vocational Education and Training (TVETs) centers in the country to enable them offer quality and relevant training for the modern job market.

Thornley made the remarks at the Nyeri National Polytechnic during the handing over of a state-of-the-art dairy processing equipment donated by Canada under the Kenya Education for Employment Program (KEFEP).

“This project (KEFEP) is

helping create a strong demand for growing industries to provide equipment and partnership to be translated into jobs for young people coming out of college for the local industries.

“Because of this, the Government of Canada has invested about 50 million dollars for selected bilateral designed programs for skills development in order to contribute to sustainable development goals aimed at poverty reduction,” he said.

The diplomat noted that while the youth contribute to the largest percentage of the total work force needed in the country, there was a need to continue investing in TVETs as one way of putting the country among the league of developed

nations.

He said by partnering with tertiary training institutions in the country, Canada was demonstrating her commitment in tapping the skills of young people in driving the country’s development agenda that recognizes technical skills as crucial in transforming the economic well-being of the nation. “This project demonstrates Canada’s commitment to continue supporting Kenya’s role of expanding vocational training to tap the youth skills and also contribute to creating employment to accelerate the country’s economic growth in line with her development agenda and transform Kenya into an industrialized middle-income country,” he said.

“The equipment provided is an important one and provides the much needed practical skills to the learners under the Competence Based Curriculum training model,” he added.

KEFEP was launched in 2016 with the sole objec-

tive of revitalizing TVETs as a key enabler to attaining the Big Four Agenda, Vision 2030 and the realization of the Sustainable Development Goals. The program is funded by the Canadian Government through Global Affairs Canada (GAC) and implemented by Colleges

and Institutes Canada (CICAN) to strengthen quality of industry response and gender-sensitive skills training programs, and deliver trainees who meet requirements of the current job market. The areas of focus include Agriculture, Energy, Engineering, Building

and Constructions, Hospitality and Tourism management. On his part, Nyeri Governor Mutahi Kahiga lauded the institution for delving into the dairy sector and said the County Government is eagerly waiting to tap the skills of the center in improving the sector.

AGENCY(AWWDA)

FRENCH DEVELOPMENT AGENCY

## INVITATION FOR BIDS (IFB)

DATE:	14 <sup>th</sup> March,2023
Name of Project:	CKE1135-NAIROBI WATER AND SANITATION PROJECT
IFB No:	AWWDA/AFD/NWSP/W-02/2023

1. Athi Water Works Development Agency (AWWDA) has received funds from Agence Française de Développement ("AFD") towards the cost of CKE1135 – Nairobi Water and Sanitation Project. It is intended that parts of the proceeds of these funds will be applied to eligible payments under the contract for Construction Works for Kabete-Olesereni Pipeline, West and South Nairobi Water and Sewerage Project.

2. Athi Water Works Development Agency (AWWDA) now invites sealed Bids from eligible Bidders for the construction and completion of Construction Works for Kabete-Olesereni Pipeline, West and South Nairobi Water and Sewerage Project ("the Works").

3. The Works include but not limited to:

- Construction of the Kabete-Olesereni Pipeline, DN 600 Ferrous (Steel or Ductile Iron) Pipeline, length 19.6 km
- Construction of Water Distribution Pipelines, HDPE and Ferrous (Steel or Ductile Iron Pipeline) size 63mm to 600mm diameter, total length 57 km in Kangemi, Dagoretti- Kinoo, Kawangware, Wilson Airport Area, Kabiria, Ngong Forest, Karen Plains and Kirigu areas, including approximately 560Nr Consumer Connections and approximately 10km of OD 20 - OD 32 Service Mains to facilitate the Connections.
- Construction of 1Nr Reinforced Concrete Water Storage Tank at Karen, capacity 5,500m<sup>3</sup>.
- Construction of Reticulation Sewers, OD 200 to OD 300 Double Wall Corrugated (DWC) Pipes, approximate total length 63 km in Dagoretti, Ngando, Riruta, Kawangware, Kangemi and Uthiru areas, including approximately 640Nr Consumer Connections and approximately 12km of OD160 – OD200 Tertiary Sewers to facilitate the Connections.

The construction period is **twenty-four (24) months**.

A Pre-bid meeting and Site Visit will take place on **28<sup>th</sup> March,2023 at 9.00 a.m.** starting at Athi Water Plaza, Ground Floor Board Room along Muthaiga North Road.

4. Interested eligible Bidders may obtain further information from the address specified below and inspect the Bidding Documents during office hours from **08:00am to 05:00pm East African Time** from Monday to Friday, except during lunch hour (1:00pm to 2:00pm), weekends and public holidays.

5. A complete set of Bidding Documents may be purchased by interested Bidders on the submission of a written application to the address below and upon payment of a non-refundable fee of **Ksh. 1,000** (Kenya Shillings One Thousand Only) or equivalent in a freely convertible currency. The method of payment will be Cash or Banker's Cheque. The Bidding Documents will be collected from the address given below upon production of a purchase receipt. Documents can also be downloaded from the AWWDA website: [www.awwda.go.ke](http://www.awwda.go.ke) and [www.tenders.go.ke](http://www.tenders.go.ke). Bidders who download the bidding document from the website **MUST** forward their particulars immediately to [procurement@awwda.go.ke](mailto:procurement@awwda.go.ke), for records and any further clarifications and addenda.

6. The provisions in the Instructions to Bidders and in the General Conditions of Contract are the provisions of AFD's Standard Bidding Documents: Procurement of Works.

7. Bids must be delivered to the address given below on or before **12:00 pm East African Time on 10<sup>th</sup> May,2023** and must be accompanied by a Bid Security of **Kshs. 5,000,000.00 (Kenya Shillings Five Million)**. Bids must be clearly marked **"Construction Works for Kabete-Olesereni Pipeline, West and South Nairobi Water and Sewerage Project. Contract No. AWWDA/AFD/NWSP/W-02/2023"**

8. Bids will be opened in the presence of Bidders' representatives who choose to attend at **12:05 pm East African Time on 10<sup>th</sup> May,2023** at the address given below:

9. Qualification criteria are as follows:

- Interested firms must have been in existence and in construction business for over 5 years and will provide certified audited financial statements for the last 3 years.
- Participation as contractor, management contractor, or subcontractor, in at least two (2) contracts within the last five (5) years, each with a value of at least **Kenyan Shillings 1,700,000,000.00 (Kenyan Shillings One Billion and Seven Hundred Million)**, that have been successfully and substantially completed and that are similar to the proposed Works.
- Experience in construction of Large Water Transmission Pipelines (diameter 600mm and above), construction of Water Reticulation Pipelines and Sewers (diameters 63mm to 600mm) and construction of Reinforced Concrete Water Retaining Structures (capacity 5,000m<sup>3</sup> and above)
- Availability of cash-flow of **KSHS 300,000,000.00 (Kenyan Shillings three hundred Million)** or equivalent amount in freely convertible currency with a Minimum average **annual turnover of KSHS 2,000,000,000.00 (Kenyan Shillings two billion)** or equivalent amount in freely convertible currency over the last 3 years
- Experience of two (2) construction contracts in developing and emerging countries over the last 10 years in which major Environmental, Social, Health and Safety (ESHS) measures were carried out satisfactorily in compliance with international standards and in which the ESHS knowledge transfer to a local partner or the ESHS capacity building of the Employer's country staff was carried out satisfactorily.
- Experience of two (2) contracts involving a presence in the country and completed within the last ten (10) years in an area with a similar security risk requiring the implementation of a security plan as defined by AFD procurement rules.
- Signed Statement of Integrity, Eligibility and Environmental and Social Responsibility

REPUBLIC OF KENYA

**NATIONAL  
RESEARCH  
FUND**

*Funding Research for Sustainable Development*

## CALL FOR CONCEPT NOTES

## NATIONAL STRATEGIC CALLS FOR R2C AND MENTAL WELLNESS

The National Research Fund (NRF) is a statutory body established by Science, Technology and Innovation Act No. 28 of 2013. The institution is domiciled under the Ministry of Education, State Department for University Education & Research. The Fund is mandated to facilitate research for the advancement of Science, Technology and Innovation in the country.

NRF with the support of UK Foreign, Commonwealth and Development Office (FCDO) and Canada's International Development Research Centre (IDRC) through the Science Granting Councils Initiative (SGCI) has rolled out national action-oriented calls that are aimed at providing researchers and innovators with the needed tools to commercialize their research results, connect with the potential customers, promote uptake of research outputs from previously funded research projects as well as mainstream gender equality and inclusivity in research and development.

### RESEARCH ON FOOD AND NUTRITION SECURITY AND SUSTAINABLE AGRICULTURE (FNSSA) UPSCALING -NRF001/2023

To improve the food situation in Kenya, sustainable food systems must be developed and implemented. Research on agriculture and food plays a key role in improving food systems and nutrition.

The objectives of this call are to enhance putting research findings from previously funded research projects into economic and social uses, promote private sector partnerships in research and innovation in Food and Nutrition Security and Sustainable Agriculture as well as enhance gender equality and inclusivity in Research, Science and Technology sector.

Applicants are requested to concept notes for research projects with the potential to provide solutions to improve income generation, nutrition, access to food for disadvantaged populations, to promote sustainable agriculture and sustainable food systems, as well as competitiveness of Kenyan agricultural products.

Concept notes must be timely, with rapid implementation to facilitate generation of early valuable outcomes. Successful application will be funded up to a maximum of **KES. 10 Million** for a period of **eighteen (18) months**. Interested applicants can access application forms and the call guidelines at [www.researchfund.go.ke](http://www.researchfund.go.ke)

### RESEARCH ON LEATHER VALUE CHAIN- NRF002/2023

As Kenya strives to become an industrialized middle-income country by 2030, developing the leather and leather goods sector offers an opportunity for industrialization and diversification of exports. The leather and leather products development along the value chain is critical, as Kenya targets the manufacturing sector for purposes of raising the sector's contribution to the Gross Domestic Product (GDP) from less than 9% to 15% by 2030.

The objectives of this call are to promote a sustainable and competitive leather industry, enhance putting research findings projects into economic and social uses, promote private sector partnerships in research and innovation in leather industry and enhance gender equality and inclusivity in the leather industry.

Applicants are requested to submit concept notes that focus on research and innovation activities, value addition, technology transfer, development of leather product incubation, standardization of leather products, development of SMEs in leather sector and training in leather products.

Concept notes must be timely, with rapid implementation to facilitate generation of early valuable outcomes. Successful application will be funded up to a maximum of **KES. 3 Million** for a period of **eighteen (18) months**. Interested applicants can access application forms and the call guidelines at [www.researchfund.go.ke](http://www.researchfund.go.ke).

### RESEARCH ON MENTAL WELLNESS- NRF003/2023

According to the Kenya Ministry of Health, mental illness affects at least 25% of the population, with depression and anxiety being the most prevalent conditions. The COVID-19 pandemic exacerbated mental health challenges with the economic downturn, social isolation, and uncertainty increasing the burden on mental wellness. There is a need therefore for interventions that can address mental health challenges in Kenya, especially for vulnerable populations such as women, children, persons with disabilities, and those living in poverty.

The objectives of this call are to develop innovative and effective mental wellness interventions, promote mental wellness, prevent and manage mental illness, improve access to mental health services, reduce stigma, increase awareness of mental health issues, promote the overall wellbeing of individuals and communities as well as enhance gender equality and inclusivity in mental health research.

Applicants are requested to submit concept notes that focus on development of evidence-based mental wellness interventions that can improve the lives of individuals, families and communities in Kenya.

Concept notes must be timely, with rapid implementation to facilitate generation of early valuable outcomes. Successful application will be funded up to a maximum of **KES. 5 Million** for a period of **eighteen (18) months**.

Interested applicants can access application forms, guidelines, and other useful information for the grant application from the NRF website - [www.researchfund.go.ke](http://www.researchfund.go.ke).

Electronic applications should be submitted to [grants@researchfund.go.ke](mailto:grants@researchfund.go.ke) by **Friday 31<sup>st</sup> March, 2023**. Only successful applicants will be invited to submit full proposals.

**Chief Executive Officer  
National Research Fund**

## Firm launches Sh6.5m feeding programme for 3,500 learners in Kilifi, Kwale

BY HUSSEIN ABDULLAHI (KNA)

Cement and Steel manufacturer, Devki Group of Companies will partner with the national government to feed over 3,500 primary school pupils in Kwale and Kilifi counties who face the prospect of dropping out of school due to lack of food.

The food donations to schools in the two Coastal Counties will be channelled through the Simba Cement Ltd Company, a subsidiary of the Devki Group of Companies, which is situated at Bondora in Kaloleni sub county.

Already, the cement company has already launched a school feeding programme for over 1,000 pupils in Kaloleni sub county alone.

Speaking to the press in Kaloleni, Mr. Peter Paul, the Devki Group of Companies head of Administration said the intervention was part of the manufacturers Cor-

**Peter Paul (R), the head of administration Devki Group of Companies presenting assorted food items to Maerani Primary School in Kilifi County during the launch of a school feeding programme.** PHOTO: HANIEL ALEMAYEHU

porate Social Responsibility (CSR).

Mr. Paul says the drought mitigation response in the form of the school feeding programme in the worst hit areas of the two counties would keep children in school following reports that hundreds are dropping out to help their parents to look for food.

"We are going through

tough times given that rains have failed in this area for four consecutive seasons which informs our decision to provide food to schools and orphanages," said the company official.

Mr Paul further says that the company was going to partner with the two county governments of Kilifi and Kwale to help respond to the humanitarian

crisis facing the local populace and learners.

Besides the school feeding programme, Mr Paul says the Devki Group will commence a water trucking programme to the the worst drought hit areas to save the lives of people and their few remaining animals.

"I want to thank our Group Chairman Dr Narendra Raval and our Board of Directors for accepting to help communities in these areas in their times of dire need," the administrator.

Education officials say the intervention by the cement manufacturer will come in handy as reports from schools in the Kaloleni area emerged that the drought situation in the country is so dire that school attendance in parts of Kilifi and Kwale counties are recording about 70 percent of class attendance.

At Maerani Primary School in Kaloleni, Kilifi County for instance, due to hunger, the school has been recording a daily attend-

ance of about 259 pupils despite the school having a population of 370 students and the situation is similar to Mbungoni Primary School which has a population of 550 pupils.

The Devki Group of companies is spending Sh 4million every two months in Kilifi and Sh 2.5million in Kwale besides donating bags of maize, beans, cooking oil, salt and cutlery enough to sustain the children for the next two months.

### KENYATTA NATIONAL HOSPITAL

#### VACANCIES

Kenyatta National Hospital is a state corporation whose vision is to be a world class referral hospital in the provision of innovative and specialized healthcare. The Hospital seeks to recruit dynamic, highly motivated, innovative and experienced individuals to fill the following vacant positions.

# Treasury develops online budget portal to enhance transparency

BY MYGOV WRITER

The National Treasury and Economic Planning has developed the first phase of its online budget portal, paving way for easy accessibility to budget documents and related information on all Ministries, Departments

and Agencies (MDAs). According to Public Financial Management Reforms Secretariat Coordinator Julius Mutua, the budget portal development is anchored in the PFM Reform Strategy 2018-23 Results Area 2 "Strategic and Transparent Spending on Public Investment and Ser-

vice Delivery," which establishes a clear agenda for budget transparency with a direct focus on ensuring public involvement in the budget making process.

The development of the portal is a Disbursement linked Result (DLR) under the GESDeK (Governance for Enabling Service De-

livery and Public Investment in Kenya) Program, jointly funded by the World Bank and the French Development Agency (AFD). Upon completion of the first phase, the Independent Verification Agent (IVA) as required under the GESDeK program, will subject the Portal to an independent review to confirm its functionality.

According to National Treasury, Director of ICT, Lynne Nyongesa, the portal developed forms part of

the digitization campaign to increase transparency, promote public participation in budget making, and improve accountability in decision-making processes related to public financial management.

"The first phase, that has been developed, comprises the development of the portal by establishing the online interphase and data management procedures for the public to access budget data in searchable form on programs and sub

programs"

"Members of the public will also be able to access information on how much public resources are being channeled to schools and hospitals" she added

Developed internally by Inter-ministerial ICT Team, the budget portal can be accessed at: <https://bajeti-yetu.treasury.go.ke>.

It is designed as a user-friendly interface where key budget indicators are presented as charts and graphs.

## KENYA CLIMATE SMART AGRICULTURE PROJECT (KCSAP)

### REQUEST FOR EXPRESSIONS OF INTEREST (CONSULTING SERVICES – FIRMS SELECTION)

KENYA CLIMATE SMART AGRICULTURE PROJECT (KCSAP)	
Country	Kenya
Name of the Project	Kenya Climate Smart Agriculture Project
Project ID No.	P154784
Loan No.	5945-KE
Assignment Title	Consultancy Services for undertaking Project Environmental and Social Closeout Audit for KCSAP
Reference No.	KE-MOALF-346531-CS-CQS

The Government of Kenya has received financing from the World Bank toward the cost of the Kenya Climate Smart Agriculture Project and intends to apply part of the proceeds for consulting services.

The consulting services ("the Services") include Consultancy Services for undertaking Project Environmental and Social Closeout Audit for KCSAP

#### The Assignment Objectives and Deliverables

The Government of Kenya is seeking for qualified and experienced consultant(s) to work with KCSAP team to carry out project environmental and social close out audit. The main objective of this assignment is to assess compliance status and document key lessons learnt from its implementation. In due course, the team will review key documents, meet with the Government officials, Financier, and a range of stakeholders to seek their views, undertake field trips, and prepare the Audit report.

The Kenya Climate Smart Agriculture Project now invites eligible consulting firms ("Consultants") to indicate their interest in providing the Services. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services.

#### Shortlisting criteria

- Been registered and operating for 5 years.
- Provide a copy of tax compliance certificate
- Proven similar experience with the World Bank funded projects in Environmental and Social Safeguard Polices & NEMA and Social Impact Assessment and Audit under NEMA or/and World Bank Environmental in the past 5 years.
- Must have done Social Impact Assessment on at least two (2) projects of similar nature and complexity within the last 5 years. Previous experience on Bank funded projects within Kenya will be an added advantage.
- Over 5 years of relevant work experience in community infrastructure projects
- At least 5 years of experience on environmental, health and safety (EHS) management and environmentally friendly design aspects of processing/Agricultural/water related infrastructure.

#### Key experts will not be evaluated at this stage.

Consultants may associate with other firms to enhance their qualifications, but should indicate clearly whether the association is in the form of a joint venture and/or a sub-consultancy. In the case of a joint venture, all the partners in the joint venture shall be jointly and severally liable for the entire contract, if selected.

The attention of interested Consultants is drawn to paragraphs 1.9 of the World Bank's Guidelines: Selection and Employment of Consultants (under IBRD Loans and IDA Credits & Grants) by the World Bank Borrowers (of January 2011 and revised in July 2014 ("Consultant Guidelines"), setting forth the World Bank's policy on conflict of interest.

A Consultant will be selected in accordance with the Consultants Qualification Selection (CQS) method set out in the World Bank's Guidelines: Selection and Employment of Consultants.

Further information can be obtained from National Project Coordinator, Kenya Climate Smart Agriculture Project, situated at Capitol Hill Towers, 3<sup>rd</sup> floor, Cathedral road, Nairobi from Monday to Friday excluding weekends and public holidays from 8.00AM to 5.00PM.

Expressions of interest must be delivered in a written form to the address below in person, by mail or by email addressed to: -

**The Principal Secretary, State Department for Crop Development. P.O Box 30028 -00100 Nairobi, Kenya and be deposited in the Tender box at Kilimo house main reception -Ground floor, Cathedral road Nairobi on or before 28<sup>th</sup> March 2023 at 11.00 hours clearly marked Consultancy Services for Undertaking Project Environmental and Social Closeout Audit for KCSAP.**

Consultants intending to send their Expression of Interest via email should send to [infor@kcsap.go.ke](mailto:infor@kcsap.go.ke), Kenya Climate Smart Agriculture Project (KCSAP) by on or before 28<sup>th</sup> March 2023 at 11.00 hours. Submitted documents should be clearly marked 'Consultancy Services for undertaking Project Environmental and Social Closeout Audit for KCSAP'.

**Head Supply Chain Management Services  
For; Principal Secretary  
State Department for Crop Development**

## PUBLIC NOTICE

### PUBLIC PARTICIPATION AND REQUEST FOR COMMENTS ON THE DRAFT NATIONAL ELECTRONIC SINGLE WINDOW SYSTEM REGULATIONS, 2023 & KENYA TRADE NETWORK AGENCY(KENTRADE) DRAFT STRATEGIC PLAN FOR 2023/2024 – 2027/2028

The Kenya Trade Network Agency (KenTrade) is a State Corporation under The National Treasury and Economic Planning, mandated with establishment, implementation, and management of the National Electronic Single Window System (NESWS) and to facilitate trade.

**PURSUANT** to Section 43 of the National Electronic Single Window System Act, No. 25 of 2022, the Cabinet Secretary, for National Treasury and Economic Planning, in consultation with KenTrade, has developed the draft National Electronic Single Window System Regulations, 2023 (hereinafter referred to as "Proposed Regulations"). KenTrade has also developed its draft Strategic Plan 2023/2024 – 2027/2028 (hereinafter referred to as "draft Strategic Plan")

The main objective of the proposed regulations is to give full effect to the National Electronic Single Window System Act No. 25 of 2022 by facilitating the efficient and effective administration of the National Electronic Single Window System.

In accordance with Article 10 (2) (a) of the Constitution that highlights National Values and Principles of Governance including public participation of the people, KenTrade through this Notice invites members of the public and stakeholders to various public participation forums on the proposed Regulations and the draft Strategic Plan for 2023/2024 – 2027/2028 in the below regions.

No.	Region	Date	Town	Venue	Time
1	North Rift Valley, Central Rift Valley and South Rift Valley	30 <sup>th</sup> March 2023	Eldoret	Teachers Advisory Center ( TAC)	9.00am
2	Nyanza & Western	31 <sup>st</sup> March 2023	Kisumu	Tom Mboya Labour College	9.00am
3	Coast	3 <sup>rd</sup> April 2023	Mombasa	Kenya School of Government ( KSG )	9.00am
4	Nairobi, Central, Eastern & North Eastern	6 <sup>th</sup> April 2023	Nairobi	Kenyatta International Convention Centre (KICC)	9.00am

Members of the Public are further requested to take note of the proposed Regulations and the Draft Strategic Plan and to submit written comments (if any) on the proposals by way of email to [info@kentrade.go.ke](mailto:info@kentrade.go.ke) or submission of a written memorandum to KenTrade offices at First Floor, Embankment Plaza, Longonot Road, Upper Hill - Nairobi, during working hours to reach the undersigned not later than fourteen (14) days from the date of publication of this Notice.

The proposed Regulations, and the draft Strategic Plan are available on the Kenya Trade Network Agency (KenTrade) website ([www.kentrade.go.ke](http://www.kentrade.go.ke)).

For more information on the public participation forums, members of the public may contact KenTrade through the channels indicated below:

# Government takes over popular Tusome Programme from USAID

BY DOUGLAS NAMUNANE (KNA)

The Government will now take charge of the financing and the implementation of the Tusome Programme following the transfer of such responsibilities from the United States Agency for International Development (USAID) to the Ministry of Education.

From its onset in 2014, the Programme was being financed by USAID with the technical support from the Research Triangle Institute.

Tusome which means ‘let’s read’ is an early grade reading activity that was introduced to improve the reading outcomes of pupils in all public primary schools in the country.

The handing over of the responsibilities from USAID to the Ministry was con-

ducted at a Naivasha hotel.

The Director of Primary Education in the Ministry of Education Mrs Nereah Olik who officiated the event lauded the Programme as a game changer which has made it possible for the government to realize a one to one text book ratio for every Kenyan child in all the public primary schools.

“Before the Programme, we did not have books in schools but currently go to any primary school be it in Turkana, Lamu or Busia you will find books on a ratio of one to one”, said Ms.Olik.

The Director further said through Tusome, the Ministry has been able to embrace a central procurement of books, easing distribution to schools.

The Director also listed

the automation of learning monitoring tools as another achievement that the Programme has yielded.

“Right now, if I move to Longonot Primary School, I will be able to do the assessment and whatever I have done will be captured in the Ministry dashboard immediately. This has assisted us in being a paperless Ministry in addition to decision making because the information is readily available”, added Mrs. Olik.

She pointed out that the dashboard has further made it easier for the Ministry to ascertain the day to day activities of schools.

The Director said Tusome had played a key role of facilitating continuous learning, even after schools were closed due to the COVID-19

**The Director of Primary Education in the Ministry of Education, Ms Nereah Olik (2nd left) pose with other education officers during the transfer of responsibilities from USAID to the Ministry in Naivasha.**

outbreak.

“We all know what happened in 2020 when COVID-19 struck. All our schools had to close down. However, we are very proud

because our learners carried the books with them at home and they were able to interact with books at a personal level”, said Mrs. Olik.

She said through Tu-

some, the Ministry has also put in place a remedial programme, where education officers in partnership with tutors identify the weakness of pupils in grade 1, 2 and 3.

## First Lady re-launches the Carakana Social Enterprise to equip women inmates with economic skills

BY MONICA OMORO (PCO)

First Lady Rachel Ruto has re-launched the Carakana Social Enterprise Project which is tailor-made to equip incarcerated women with economic skills.

Mrs Ruto launched the unique project while presiding over the commemoration of the International Women’s Day at the Langata Women’s Maximum Prison.

Speaking during the event, the First Lady said that she was honored to re-launch Cross Stitch International, whose name has now changed to Carakana to empower women inmates.

“Since 2016, the Carakana Project has trained over 1,500 women who have produced quality artifacts which have earned them Sh5.15 million. Cross-stitching has been a source of hope for the women in prison; it gives them dignity, a livelihood, respect from family, and a feeling of achievement,” said the First Lady.

“The project also contributes to the mental well-being and is an indigenous skill that generates income as well as an improvement in cognitive, emotional, and social wellbeing,” the First Lady further said.

The First Lady further disclosed that in conjunction with partners, her office is committed to growing the CARAKANA program from the current five prisons to all 44 prisons nationwide.

Meanwhile, the State De-

**First Lady Rachael Ruto looks at a baby at Langata Maximum Security Prison as the childrens’ mothers look on. Next to her is the PS for Correctional Services Ms Mary Muthoni and the Deputy Commissioner General of Prisons Florence Omundi and Deputy Officer in charge of the Prison Everline Kaliti**

partment for Correctional Services will soon launch an ambitious campaign dubbed ‘one prisoner, one bed, one mattress’ countrywide to address the deplorable conditions in most penal institutions.

The department has consequently issued an appeal for 60,000 beds and mattresses to support the campaign.

The Principal Secretary Ms Mary Muthoni said the campaign will seek to re-calibrate the department’s operations into an institution that reforms inmates.

“When somebody is sentenced and is contained in those four walls, you must realize that is the biggest punishment that you can ever give a human being. Our mandate is to correct,” PS Muthoni said.

She was speaking during

the International Women’s Day celebrations at the Langata Women Maximum Security Prison.

“We do not want people sleeping on the floor anymore in this country. If you want to change the world, go back and make your bed,” she said.

Muthoni said the Department will empower prison-run workshops to make beds but appealed for donations to bridge the gap.

“We are making our beds and as the Correctional Services Department but how will you even ask the inmates to stitch when their ribs are painful because of sleeping on the floor?” the PS posed.

She pointed out that the department is keen on providing care and dignified services to inmates to realize the mandate to correct as opposed to punishing them.

REPUBLIC OF KENYA

PUBLIC SECTOR ACCOUNTING STANDARDS BOARD (KENYA)

### PUBLIC SECTOR ACCOUNTING STANDARDS BOARD (PSASB)

#### INVITATION FOR PUBLIC COMMENTS

The Public Sector Accounting Standards Board (PSASB) is mandated by sections 194 of the PFM Act, 2012 to prescribe frameworks and set generally accepted standards for the development and management of accounting and financial systems by all State organs and public entities. PSASB in compliance with this section, prescribes internal audit procedures and mainstreams best practices for good governance, internal controls and risk management.

Pursuant to its mandate and in accordance with the Constitution of Kenya, the Board wishes to invite comments from the Public on the below subject matters.

#### 1. INTERNATIONAL INTERNAL AUDIT STANDARDS BOARD PROPOSED CHANGES TO THE STANDARDS

The International Internal Audit Standards Board (IIASB) of The Institute of Internal Auditors has been engaged in an extensive project to review and update the International Professional Practices Framework (IPPF), including the International Standards for the Professional Practice of Internal Auditing. In accordance with due process requirements, a draft of the newly proposed standards is being released with a request for public comment.

PSASB therefore invites all stakeholders to review the draft Global Internal Audit Standards™ on our website: [www.pasb.go.ke](http://www.pasb.go.ke) and share their comments on/before **April 28<sup>th</sup> 2023**.

PSASB in collaboration with other key stakeholders including internal audit practitioners will in the exposure period mount discussion forums on the impact of the Global Internal Audit Standards review to the professional practice of internal auditing that will form part of submissions to IIASB.

#### 2. DRAFT PUBLIC SECTOR INTERNAL AUDIT QUALITY ASSURANCE AND IMPROVEMENT PROGRAM GUIDELINES

The Board, in collaboration with key stakeholders developed Public Sector Internal Audit Quality Assurance and Improvement Program Guidelines. The Guidelines are designed to enable an evaluation of the internal audit functions conformance with the Definition of Internal Auditing and the Standards and whether internal auditors apply the Code of Ethics.

PSASB, therefore, invites all stakeholders to provide comments on the Draft Public Sector Internal Audit Quality Assurance and Improvement Program Guidelines before finalization and validation for eventual issuance for adoption and implementation. The draft guidelines can be downloaded from PSASB website: [www.pasb.go.ke](http://www.pasb.go.ke).

Please email your comments to [auditstandards@pasb.go.ke](mailto:auditstandards@pasb.go.ke) before **March 24<sup>th</sup> 2023** in the format below. You can also reach us by email [info@pasb.go.ke](mailto:info@pasb.go.ke) or call us 020 251 1557.

**REQUEST FOR CONSULTANCY SERVICES FOR DEVELOPMENT OF MANAGEMENT PLAN FOR MBALE CONSERVANCY, TSAVO ECOSYSTEM, TAITA TAVETA COUNTY - SDW/RFP/005/2022-2023**

**TERMS OF REFERENCE**

**1. Background to the Consultancy**

The Ministry of Tourism, Wildlife and Heritage in partnership with UNDP is implementing the GEF funded; The GEF-6/ UNDP Project “Combating Poaching and Illegal Wildlife Trafficking in Kenya through an Integrated Approach” (IWT-Kenya). The project recognizes that while the country has made advances in combating poaching of large bodied wildlife such as rhino and elephant, poaching and illegal wildlife trade remains a threat and continue to contribute to loss of wildlife in Kenya.

Under component 3; Strengthening Community Wildlife Conservancies in Tsavo and Maasai Mara Ecosystems Reduce Poaching and Improve Community Benefits and Co-management; the project prioritizes interventions that result in outcomes that increase community engagement to live, management and benefit from wildlife. This will be realised through increased integrated landscape management practices and restoration plans to maintain forest ecosystem services and sustain wildlife. The activity targets to establish three new conservancies and expand the area under community conserved areas by 23,000ha.

The component focuses on developing, in a participatory manner, integrated conservancy management plans to lay the foundation for locally-managed wildlife and grazing systems through community conservancies. The conservancy plans once implemented will ensure that benefits from wildlife conservation and sustainable livestock grazing accrue directly to, and are fairly distributed among, the community members. Further the planning process shall identify viable enterprises to be under the UNDP’s small-grants facility and in future the conservancy Trust Fund to be operationalized through the Kenya Wildlife Conservancy Association (KWCA) to ensure more long-term access to micro-financing. Support to the conservancies is aimed at increasing the average annual income per household in the target conservancies from wildlife conservation and implementation of Sustainable land Management (SLM) practices while ensuring women and youth and involved in conservancy plans and benefit sharing. The planning process designed will comply with Kenya’s guidelines in preparing conservancy plans and will integrate the First Line of defence (FLOD) approach.

The Conservancy Natural Resources Management Plan will be aligned with the Tsavo and Maasai Mara ecosystem plans and the Taita Taveta and Narok County Spatial plans and in line with the country’s tourism strategies to ensure wildlife tourism, livestock production and carbon credits among others are optimized as key source of income to the conservancy and the local community. The plans will outline the resources required to implement priority IWT interventions and to further attract investments, making the conservancies sustainable in the long-term. The conservancy plans will be developed in close collaboration with Kenya Wildlife Service (KWS), Maasai Mara Wildlife Conservancies Association (MMWCA) and Kenya Wildlife Conservancies Association (KWCA), all of whom are project partners.

**2.0 Scope of the Consultancy**

The project implementation team identified Mbale conservancy in the Tsavo ecosystem for the targeted support. The conservancy occupy areas considered significant elephant corridor facing risk of habitat conversion due to absence of structured conservation of the elephants and other wildlife. Furthermore, the area considered neighbours agricultural communities with human-wildlife conflict being a threat. Land degradation, charcoal burning and the risk of conversion of the wildlife areas to cultivation lands are threats to be addressed through improved planning and management.

Mbale Conservancy: Mbale Ranching (DA) Company Limited is a public company started in 1974 and registered in 2015 with a total of 54,000 acres with 600 registered shareholders and offices in Msau Market on Mtomwagodi-Wundanyi Road. Most of shareholders come from Mbale, Rong’e Juu and Rong’e Locations in Wundanyi and Mwatate Sub-Counties respectively with 15% of the current shareholders are female. The source of investment for the ranch is the share capital from shareholder, loans, tenants who pay grazing fees, small scale miners and uses BOT approach for infrastructure development.

The Ranch is situated in Kasigau Location in Voi Division 60 Km from Voi Town. It has immense potential for ranching, mining, agriculture, solar energy and tourism as it borders Tsavo West National Park and Mkomazi Park which is in Tanzania. The ranch is a major dispersal area for wildlife from the national park making it a wildlife hotspot area especially during the dry season. Due to its’ location, it is exclusively positioned as part of the Kasigau Wildlife corridor that connects the TWNP to the ranches in the south and ultimately to Tsavo East National Park (TENP).

**3.0 Objectives of the Consultancy**

The objective of the Consultancy is to develop Management Plan for Mbale Conservancy in the Tsavo Ecosystem in accordance with the Section 44 of the Wildlife Conservation and Management Act (WCMA), 2013 and the Planning Framework provided under the Fifth Schedule of WCMA,2013. The management plan will ensure integrity of the conservation area and property by creating a common understanding between stakeholders on the purpose of the conservation area, its important values and the overall goals of management and use. In addition, for the conservancy to be registered under the Wildlife Conservation and Management Act, then it has to meet this requirement by developing a management plan.

**4.0 The Terms of Reference**

**4.1 Broad Terms of Reference**

The State Department of Wildlife, Ministry of Tourism, Wildlife and Heritage intends to commission a consultant/consultancy firm to carry out Preparation of management plans for Mbale Conservancy. The consultant/consultancy firm will be required to:

- Determine the current status of the conservancy in terms of resource values and existing management structures
- Prepare comprehensive management plans for the conservancy

**4.2 Specific Terms of Reference**

The Consultant shall:

- Defining the geographic scope of the plan
- Carry out a literature review on best practices in conservancy governance and management and identify factors in conservancy sustainability
- Review the FLOD approach and legal considerations in developing, approval, gazettement of conservancy
- Engage the project implementation teams to understand project components and key outcomes proposed

- Engage the relevant conservancy partners and conservancy boards and management to document progress in conservancy establishment
- Visit the conservancies and undertake situational analysis and SWOT
- Identification of the Exceptional Resource Values
- Map resources and conservancy attributes needed for conservancy planning
- Identifying/reviewing of key problems and opportunities to be addressed by the plan
- Facilitate stakeholder planning meetings and workshops develop conservancy programs and activities in the short and long-term
- Collect and collate information relevant to conservancy planning
- Developing a Resource Base Inventory for the Conservancy
- Developing a GIS database for the Conservancy
- Synthesise planning meeting outputs and other planning information and:
  - Describing the Conservancy Vision and Purpose statements
  - Coming up with a Draft Management plan through four working group meetings (Ecology, Community, Security, Tourism)

- Reviewing of programme purpose statements and guiding principles
- Developing of management programme objectives and actions
- Developing/reviewing of zonation scheme of draft plan with stakeholders
- Presentation of final plan as indicated in the Wildlife Conservation and Management Act (WCMA), 2013 (Section 44 and Schedule 5)
- Facilitate signing of the final management plans by the plans’ owners
- Prepare the gazette notice for gazettement of the approved management plans
- Facilitate the gazettement of the final approved management plans by the Cabinet Secretary responsible for Wildlife
- Ensure the plans being developed are in line with WCMA, 2013, appropriate to the conservancies, and realistic for conservancy managers to implement

**5.0 Expected Outputs/Deliverables**

- A scoping inception report
- Resource base inventory of the conservancy
- Reports on proceedings of community consultative meetings during preparation of the plan
- Draft Conservancy Management Plan for Mbale Conservancy
- Final Conservancy Management Plan for Mbale Conservancy

**6.0 Team Composition & Qualification Requirements for the Key Experts**

The team should be composed of the following:

- Natural Resource/Wildlife Management Specialist (Lead Consultant)
- Social Scientist (Support Consultant)
- Legal Expert, and (Support Consultant)
- Finance expert (Support Consultant)

The Lead Consultant should meet the following qualifications:

- A Master’s of Science degree in, Natural Resource Management, Conservation Biology, Wildlife Management, or related field
- At least ten years of experience practising in the fields of Wildlife Conservation and Environmental Management, Environmental Policy, Ecology or a related field.
- At least 3 similar assignments in the past
- Excellent community engagement and mobilisation skills
- Good report writing and presentation skills

The Support Consultants should Meeting the following qualifications:

- A Master’s or Bachelor’s Degree in their relevant field of specialization. For the Finance Specialist, he should also have CPA (K) certification up to the last level.
- At least 5 years in their relevant field of specialization
- Excellent community engagement and mobilisation skills
- Good report writing and presentation

**7.0 Submission of Technical and Financial Proposals**

Eligible individual consultants should submit the following:

1. Technical and financial proposals
2. Curriculum Vitae (CV) of consultant(s)
3. Copies of all Certificates for Consultants undertaking the assignment

Interested Consultants may obtain Request for Proposal document from the Ministry of Tourism Wildlife and Heritage website ([www.tourism.go.ke](http://www.tourism.go.ke)) or the National Treasury suppliers’ portal (<http://tenders.go.ke>).

Duly Request for proposal documents in plain sealed envelopes clearly marked **“Provision of Consultancy Services for Development of Conservancy Management Plan for Mbale Conservancy Tsavo Ecosystem in Taita tavete county”** and bearing no indication of the identity of the Consultant should be addressed to **The Principal Secretary, State Department for Wildlife, P. O. Box 41394 - 00100**, and be deposited into the tender box at the reception of **State Department for Wildlife, NSSF Building, Block-A, Eastern Wing, 15<sup>th</sup> Floor**, on or before 11:00 Noon, on **28<sup>th</sup> March, 2023**.

Bids will be opened immediately thereafter in the presence of consultants or their representatives who choose to attend.

**TERMS OF REFERENCE**

**1. Background to the Consultancy**

The Ministry of Tourism, Wildlife and Heritage in partnership with UNDP is implementing the GEF funded; The GEF-6/UNDP Project "Combating Poaching and Illegal Wildlife Trafficking in Kenya through an Integrated Approach" (IWT-Kenya). The project recognizes that while the country has made advances in combating poaching of large bodied wildlife such as rhino and elephant, poaching and illegal wildlife trade remains a threat and continue to contribute to loss of wildlife in Kenya.

Under component 3; Strengthening Community Wildlife Conservancies in Tsavo and Maasai Mara Ecosystems Reduce Poaching and Improve Community Benefits and Co-management; the project prioritizes interventions that result in outcomes that increase community engagement to live, manage and benefit from wildlife. This will be realised through increased integrated landscape management practices and restoration plans to maintain forest ecosystem services and sustain wildlife. The activity targets to establish three new conservancies and expand the area under community conserved areas by 23,000Ha.

The component focuses on developing, in a participatory manner, integrated conservancy management plans to lay the foundation for locally-managed wildlife and grazing systems through community conservancies. The conservancy plans once implemented will ensure that benefits from wildlife conservation and sustainable livestock grazing accrue directly to, and are fairly distributed among, the community members. Further the planning process shall identify viable enterprises to be under the UNDP's small-grants facility and in future the conservancy Trust Fund to be operationalized through the Kenya Wildlife Conservancy Association (KWCA) to ensure more long-term access to micro-financing. Support to the conservancies is aimed at increasing the average annual income per household in the target conservancies from wildlife conservation and implementation of Sustainable Land Management (SLM) practices while ensuring women and youth and involved in conservancy plans and benefit sharing. The planning process designed will comply with Kenya's guidelines in preparing conservation plans and will integrate the First Line of defence (FLOD) approach.

The Conservancy Natural Resources Management Plan will align with the Tsavo and Maasai Mara ecosystem plans and the Taita Taveta and Narok County Spatial plans and in line with the country's tourism strategies to ensure wildlife tourism, livestock production and carbon credits among others are optimized as key source of income to the conservancy and the local community. The plans will outline the resources required to implement priority IWT interventions and to further attract investments, making the conservancies sustainable in the long-term. The conservancy plans will be developed in close collaboration with Kenya Wildlife Service (KWS), Maasai Mara Wildlife Conservancies Association (MMWCA) and Kenya Wildlife Conservancies Association (KWCA), all of whom are project partners.

**2.0 Scope of the Consultancy**

The project implementation team identified Orupua and Mbokishi conservancies for the targeted support. The conservancies occupy areas considered significant elephant corridor facing risk of habitat conversion due to absence of structured conservation of the elephants and other wildlife. Furthermore, the areas considered neighbours agricultural communities with human-wildlife conflict being a threat. Land degradation, charcoal burning and the risk of conversion of the wildlife areas to cultivation lands are threats to be addressed through improved planning and management.

Orpua Conservancy: Located along the Greater Sand River corridor (GSRC), an integral ecological connection of Maasai Mara National Reserve (MMNR) to the Loita Naimina Enkiyo Forest. In 2021 the local community of Naikarra came together to pull their land parcels to establish an initial conservancy core area of 12,500 acres owned by 625 landowners, effectively creating a second conservancy within the GSRC after Olderkesi conservancy to secure the entire corridor, protect their culture and wildlife and enable compatible land uses.

Mbokishi Mara Conservation Area: The northern Extension of the Enonkishu Conservancy in the Mara ecosystem is a group conservation area established to address a myriad of challenges affecting conservation and the local community on this critical area of the Mara ecosystem. Established in 2020, the area covers 3769Ha conserves critical forest, water catchment and creates a buffer between the largescale and subsistence farming to the north and the community managed conservation areas to the south.

**3.0 Objectives of the Consultancy**

The objective of the Consultancy is to develop Management Plans for Orpua and Mbokishi Conservancies in the Maasai Ecosystem in accordance with the Section 44 of the Wildlife Conservation and Management Act (WCMA), 2013 and the Planning Framework provided under the Fifth Schedule of WCMA, 2013.

**4.0. Scope of Work**

The Consultant shall:-

- Carry out a literature review on best practices in conservancy governance and management and identify factors in conservancy sustainability
- Review the FLOD approach and legal considerations in developing, approval, gazetting of conservancy
- Engage the project implementation teams to understand project components and key outcomes proposed
- Engage the relevant conservancy partners and conservancy boards and management to document progress in conservancy establishment
- Visit the conservancies and undertake situational analysis and SWOT
- Map resources and conservancy attributes needed for conservancy planning
- Facilitate stakeholder planning meetings and workshops develop conservancy programs and activities in the short and long-term
- Collect and collate information relevant to conservancy planning
- Synthesise planning meeting outputs and other planning information into draft plans
- Ensure the plans being developed are in line with WCMA, 2013, appropriate to the conservancies, and realistic for conservancy managers to implement

**5.0. Expected Outputs/Deliverables**

- An Inception Report.
- Draft Conservancy Management Plan for Mbokishi Conservancy
- Draft Conservancy Management Plan for Orpua Conservancy
- Final Conservancy Management Plan for Mbokishi Conservancy
- Final Conservancy Management Plan for Orpua Conservancy

**6.0. Submission of Technical and Financial Proposals**

Eligible individual consultants should submit the following;

1. Technical and financial proposals
2. Curriculum Vitae (CV) of consultant(s)

Interested Consultants may obtain Request for Proposal document from the Ministry of Tourism Wildlife and Heritage website ([www.tourism.go.ke](http://www.tourism.go.ke)) or the National Treasury suppliers' portal (<http://tenders.go.ke>).

Duly filled Request for proposal documents in plain sealed envelopes clearly marked "Provision of Consultancy for Development of Conservancy Management Plans for Orpua and Mbokishi Conservancies, Narok County, Maasai Mara Ecosystem" and bearing no indication of the identity of the Consultant should be addressed to **The Principal Secretary, State Department for Wildlife, P. O. Box 41394 - 00100**, and be deposited into the tender box at the reception of **State Department for Wildlife, NSSF Building, Block-A, Eastern Wing, 15<sup>th</sup> Floor, on or before 11:00 Noon, on 28<sup>th</sup> March, 2023**

Bids will be opened immediately thereafter in the presence of consultants or their representatives who choose to attend.

**CAREER OPPORTUNITIES**

Kenya National Library Service (knls) Board is a statutory body of the Government of Kenya established by an Act of Parliament, Cap 225 of the Laws of Kenya in April 1965. The Boards mandate is to develop, promote, establish and equip libraries in Kenya. The state Corporations Act Cap 446 of the laws of Kenya also guides the Board in its operations.

In order to realize its mandate knls Board seeks to recruit suitable and qualified Kenyan citizens to fill the following vacant positions:

S/ No	Position	Salary Scale	Vacant positions	Terms Of Service	Duty Station	Job Ref. No
4.	Principal Librarian	5	3	Permanent & Pensionable	Embu Kakamega Nyeri	KNL/HQ/AD/180C/VOL.3/75

**MODE OF APPLICATION**

Interested and eligible candidate should log into the knls website [www.knls.ac.ke](http://www.knls.ac.ke) for details on job description and application specifications of the above advertised positions.

All applications should be addressed to and received by the undersigned in hard copy not later than **28<sup>th</sup> March, 2023 at 5.00pm East African Time.**

**The Director/CEO  
Kenya National Library Service  
Maktaba Kuu Building – 5th Floor  
Ngong Road, Community Area  
P.O Box 30573-00100  
NAIROBI**

**Note:**

**Knls Board is an equal opportunity employer, Persons with Disabilities, Youth, Persons from Marginalized groups and Minority communities who meet the requirements of the advertised job vacancies are encouraged to apply.**

**Only shortlisted candidates will be contacted and the successful candidate will be required to provide clearance forms from KRA, DCI, EACC, HELB and CRB.**

**INVITATION TO TENDER**

The Retirement Benefits Authority (RBA) is a customer focused organization that prides itself in its service delivery. The Authority seeks qualified bidders to provide/supply the following goods/services.

The Authority now invites sealed tenders from eligible bidders for the following:-

Tender No.	Tender Description	Eligibility	Closing Date
RBA/RFP/BACKGROUNDCHECKS/613/1655/2023	RFP for Consultancy Services for Authentication of Certificates, Background Checks and Provision of Due Diligence Reports on Employees	Open	10:00 AM 27 <sup>th</sup> March, 2023
RBA/RFP/EMPLOYEEESAT/613/1656/2023	RFP for Consultancy Services to Carry Out Employee Climate, Human Capital & Infrastructure Readiness Assessment	Open	10:00 AM 28 <sup>th</sup> March, 2023

Tender documents and details may be obtained from the **Retirement Benefits Authority's Office, Rahimtulla Tower 14<sup>th</sup> floor, Upper Hill Road, Nairobi**, upon payment of a non-refundable fee of Ksh. 1,000.00 which can be deposited in **RBA's KCB account 110 327 5119 Milimani Branch**, or, downloaded from the **RBA website: <http://www.rba.go.ke> for free and Public Procurement Information Portal (PPIP) on [www.ppip.go.ke](http://www.ppip.go.ke)**. All bid documents should be clearly marked with the relevant tender reference number(s), and tender description and should be addressed to; **The Chief Executive Officer, Retirement Benefits Authority, Rahimtulla Towers, Upper Hill Road, P.O. Box 57733-00200 Nairobi**. All duly completed tenders should be deposited in the **Tender Box** on 14<sup>th</sup> Floor, Rahimtulla Tower, Upper Hill Road, Nairobi to be received on or before the **stated dates** and thereafter be opened in the presence of tenderers/representatives who choose to attend.

**For queries regarding the Retirement Benefits Industry or your pension scheme please call RBA on toll free number: 0800720300.**

**NOTICE TO ALL MANUFACTURERS: THE STANDARD ACT CAP. 496 LAWS OF KENYA**

The Standards Levy Order, 1990, gazetted by the Minister of Industry vide notice Legal Notice 267 of 1990 came into operations on 1st July 1990.

On 26<sup>th</sup> Nov 1999, the Standards Levy Order 1990 was amended vide legal notice 183 by the Minister for Tourism, Trade and Industry and came into operations during the financial year 1999/2000.

Under the Standards Levy (Amendment) Order 1999 each manufacturer is liable to pay to the Bureau of Standards a monthly levy recoverable at source at the rate of two tenths of one percent (0.2%) of the ex-factory price (i.e the selling price excluding value added tax and discounts where applicable) in respect of manufacture during each month **“subject to a maximum of Kenya shillings four hundred thousand per annum and a minimum of Kenya shillings one thousand per month”** payable through KRA - iTax system (Standards Levy Account) on or before 20th day of the succeeding month.

A manufacturer is defined to include a person or persons who **PRODUCE, PROCESS, TREAT, INSTALL, TEST, OPERATE, AND USE**. Persons who manufacture or intend to manufacture are required to notify the Managing Director, Kenya Bureau of Standards by filling registration forms SL/1 available at the Kenya Bureau of Standards offices and website.

Note that failure to notify the Managing Director not only constitutes an offence under the Act but also does not absolve a manufacturer from paying the Standards Levy and the attendant penalties at the rate of 5% per month cumulatively, pursuant to section 10B (3) of the standards (Amendment) Act 1989.

Following below are some of the activities which fall under manufacturing as per the Standards Levy Order.

**CONSTRUCTION AND ENGINEERING**

1. Building and Civil Engineering/ General Engineering
2. Carpentry and joinery
3. Electrical communication, installation fitting and wiring
4. Painting renovation fitting and vertical blinds
5. Plumbing and water proofing
6. Sewers and drainage construction
7. Steelworks and fabrications
8. Steel plants, Steam boilers and gas installation
9. Lift installation and elevators
10. Terrazo works/ flooring
11. Partitioning and suspended ceilings installation
12. Quarry ballast, concrete blocks and non-metallic mineral products
13. Roofing contracts
14. Road construction, landscaping and excavation
15. Glazing
16. Electronic communication/installation
17. Electrical contractors
18. Mining and semi pervious stones and materials
19. Gemstones cutting, processing of gems and precious stones and (jewellery)
20. Woodwork (carving, furniture and fixtures)
21. All contractors
22. Irrigation engineering
23. Drilling/borehole contractors
24. Excavators & back filling contractors
25. Saw millers

**TEXTILES**

1. Tailoring
2. Dry-cleaning
3. Weaving, embroidery, spinning, knitting
4. Cotton ginneries
5. Dyeing
6. Tanneries
7. Sisal processing
8. Hides and skins processors
9. Curtain material processing
10. Leather/ fur processing
11. Footwear manufacturers
12. MUB and EPZ factories

**MECHANICAL ENGINEERING**

1. Crankshaft grinding
2. Panel beating and spray painting
3. General repair and maintenance
4. Metal works
5. Transport operators
6. Motor cycle and bicycle assemblers and garages
7. Lift assemblers and maintenance firms
8. Body builders

9. CKD owners
10. Spare parts manufacturers/ re-conditioning/ engraves
11. General fabrication and aluminum metal works

**ELECTRICAL ENGINEERING**

1. Computer engineering installation, repair and maintenance
2. Data processing
3. Software development
4. Networking
5. Power generation
6. Telephone equipment wiring, installation and maintenance
7. Electrical rewinding and repairs
8. Cinematography
9. Colour separation and processing i.e studios
10. Advertising and sales promotion material design and production
11. Alarm installation and electric fencing
12. Air conditioning, refrigeration and ventilation

**FOOD AND AGRICULTURE**

1. Beverages, alcoholic drinks processing
2. Prepackaged foods
3. Fresh produce/ prepacked foods
4. Horticulture and flower firms
5. Abattoirs (butcheries) meat processing firms
6. Dairy industry milk processing
7. Animal feeds
8. Fish/ sea foods products
9. Jaggeries
10. Coffee/ tea processing
11. Bakeries, confectioners and food compounders
12. Millers-posho/grain

**CHEMICALS**

1. Printing, publishing and screen printing
2. Pulp, paper and paper board processors
3. Petroleum gas and coal products
4. Paint manufacturers
5. Organic chemicals and compounds packing and pre-packing of the same
6. Glass products
7. Chemicals for spray products pest control products
8. Photocopying, photographic studios
9. Water treatment and filtration works
10. Agricultural chemicals, fertilizers packers and processors

## NATIONAL BIOSAFETY AUTHORITY

### EMPLOYMENT OPPORTUNITIES

The **National Biosafety Authority (NBA)** is a State Corporation established under the Biosafety Act No. 2 of 2009 to exercise supervision and control over the development, transfer, handling and use of Genetically Modified Organisms (GMOs) with a view to ensure safety to human and animal health as well as the provision of adequate level of protection to the environment.

The Authority wishes to fill the following vacant staff positions with qualified and experienced persons.

NO	POSITION	REF. NO	JOB GRADE
1.	Director Biosafety Research & Compliance	NBA/01/2023	NBA 2
2.	Deputy Director Human Resource & Administration	NBA/02/2023	NBA 3

Details of the job and person specifications, competencies and skills desired for the positions are available at [www.biosafetykenya.go.ke](http://www.biosafetykenya.go.ke). Interested and qualified persons are invited to submit applications by post, hand delivery or email, enclosing copies of their National Identity Card (or Valid Passport), academic and professional certificates, testimonials and a detailed curriculum vitae with email and telephone contacts of three (3) referees.

Degree certificates acquired from Foreign Universities will be required to have been equated by the Commission for University Education.

The applications forwarding email should have the subject line as the Job Title and be delivered to [chairman@biosafetykenya.go.ke](mailto:chairman@biosafetykenya.go.ke). An autogenerated confirmation email will be sent to the applicant upon successful delivery of the application package.

Applications should be delivered on or before **5<sup>th</sup> April 2023 at 5.00pm**.

Only shortlisted candidates will be contacted.

**The National Biosafety Authority is an equal opportunity employer and encourages all qualified persons including the Youth, Women and Persons with Disability are encouraged to apply.**

## PUBLIC NOTICE

### INVITATION TO JOIN NATIONAL VALIDATION OF THE STRATEGIC ENVIRONMENTAL AND SOCIAL ASSESSMENT REPORT FOR THE KENYA NUCLEAR POWER PROGRAMME

The Nuclear Power and Energy Agency (NuPEA) is a State Corporation established under the Energy Act 2019. It is charged with the responsibility of promoting and implementing Kenya's Nuclear Power Programme and carrying out research and development for the energy sector.

Towards attainment of its mandate, NuPEA has been undertaking Strategic Environmental and Social Assessment (SESA) study for the Kenya Nuclear Power Programme, which is aimed at addressing unique environmental and social issues related with the Nuclear Power Programme. To this end, NuPEA in coordination with National Environment Management Authority (NEMA) and SGS Consortium wish to hold a National Validation workshop to validate the draft SESA study report.

As part of the process of engaging the public and stakeholders on this important activity, the Agency wishes to invite the public and stakeholders to join the discussion on **24<sup>th</sup> March 2023**, as from **10:00AM to 1:00 PM** to validate the **SESA** study report for the Kenya Nuclear Power programme. The physical attendees will be invited for a physical meeting at a venue in Nairobi to be communicated to them in their invitation letters while other participants can register online via the link (<https://forms.gle/NK1XywzjdPuU8g7Z9>). The report can be accessed through the following websites;

1. National Environment Management Authority (NEMA) (<https://www.nema.go.ke>)
2. Nuclear Power and Energy Agency (<https://www.nuclear.co.ke/information-center/downloads>)

**NB.** For comments and concerns regarding the report, please send an email to [info@nuclear.co.ke](mailto:info@nuclear.co.ke) or [eia.nemahq@gmail.com](mailto:eia.nemahq@gmail.com)

**EWASO NG'IRO NORTH DEVELOPMENT AUTHORITY**

**ENNDA**

## TENDER NOTICE

**TENDER NO. ENNDA/COTR/010/2022-2023**

**Date of Publication: 14<sup>th</sup> march 2023**

Ewaso Ng'iro North Development Authority, a State Corporation under the Ministry of East African Community and Regional Development has received funds for the renovation of ENNDA old office at the Headquarters, Isiolo town.

County	Description	Tender No.	Pre-tender site visit Date & location	Eligibility

**MANAGING DIRECTOR  
Ewaso Ng'iro South Development Authority  
P.O Box 213-20500  
Narok, Kenya.**

Tenders will be opened in line with the **PPRA** guidelines in the presence of the bidders' representatives who may choose to attend at the **ENSDA** Head office, Boardroom B. Late tenders will not be accepted.

## Stakeholders now in talks to improve avocado and French Bean value chains

BY **BERNADINE MUTANU**  
 (MYGOV)

As horticulture farmers strive to overcome the prolonged effects of the Covid-19 pandemic and drought, stakeholders continue to engage in discussions in bid to improve the avocado and French Bean value chains.

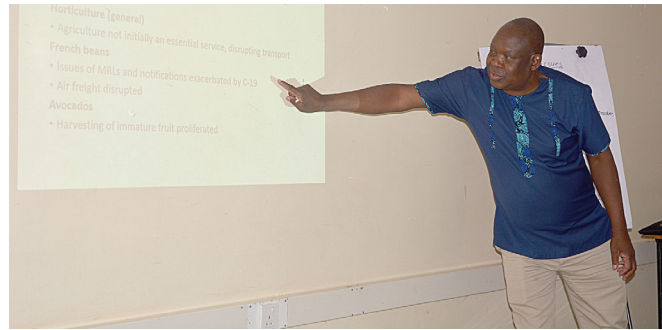

Deliberations are at top gear to have a policy, or policies, to support farmers in these emerging and important value chains in the sector, one of Kenya's top foreign exchange earners.

The two value chains were adversely affected during the pandemic, with many small-holder farmers reporting losses due to lack of logistics, lack of extension services, and lack of resources for farm input supplies.

Research conducted by the Centre for African Bio-Entrepreneurship (CABE) in collaboration with Institute of Development Studies (IDS) in 2021 shows that thousands of small-scale French Bean and avocado farmers may have experienced huge losses.

Some of the major issues highlighted by the research included maximum residue levels (MRLs) in French beans and immature harvesting of avocados.

According to Dr Hannington Odame, the Executive Director of CABE, the re-

Dr Hannington Odame, the Executive Director of CABE, explaining CABE and IDS research findings to stakeholders in Bomet town.

search findings and the lessons learnt inform a policy brief that may be used for policy formulation to anchor resilient food systems at the face of crises including climate change and pandemics.

During the research validation workshop in Kimana, Kajiado County, French Bean farmers said while MRLs in production was an issue, marketing of the produce has been a real issue, pre- and post-Covid-19.

Sammy Chebochok, a farmer and member of the Friends of Kilimanjaro Initiative (FOKI) Cooperative Society said while they have a capacity to produce 50 to 70 tons of French beans per week, they are underproducing due to lack of market.

"We are still under-producing. Instead of producing 50 to 70 tons, we are only producing 25 tons per week. We are experiencing chal-

lenges including insufficient water in addition to the fact that some companies are acting as brokers," he said.

They do contract farming and the only exporter they have can only take a certain volume leaving the rest of the produce to go to waste, consequently leading to losses for farmers.

"It is also hard to do farmer tracing during the grading process. Sometimes there is a high volume of rejects, which is so dejecting," he said, adding that farmers need to be represented at the pack houses to ascertain the volume of rejects.

But the Society entered into a deal with Fairtrade to alleviate the situation although it was 100 farmers out of the 350 who benefitted from the arrangement.

"Most of the time, farmers are concerned about the price and do not care so

much about other contractual agreements in the contract," Julius Makau, a representative from the Horticultural Crops Directorate (HCD), pointed out.

The contracting companies need to collaborate with farmers to design and formulate contracts, he noted.

The same issues were raised by avocado stakeholders in Bomet who decried the contract farming and the lack of extension services.

According to Joel Kibet, an agricultural officer from the Ministry of Agriculture Livestock and Fisheries, 44,000 farmers in Bomet were planting avocados by 2019 representing 29 per cent of households doing agriculture in the county.

But avocado farming has become popular in the county with Bomet East leading, followed by Central then Sotik and Konoin where farmers are shifting to avocados, he said, and there is a need for a "whole value chain mapping of avocado" in the region.

Mr Joseph Kebenei, a farmer, said while avocado farming is a lucrative business, lack of extension services in the area is failing farmers.

He cited an example during the Covid-19 pandemic when farmers would plant seedlings directly from far away seedbeds.

the state corporation to improve competencies in STEM education.

Others include capacity building of teachers on pedagogical content and knowledge in STEM education and ICT integration.

Speaking at Katelembu Secondary School, the coordinator of special programmes and student learning said the exercise will provide an opportunity to learners and teachers to interact with CEMESTEA trainers and benefit from STEM resources and activities at their respective schools.

## BRIEFS

### County, USAID to train coffee cooperatives officials

The Nakuru County Government and the United States Agency for International Development (USAID) have partnered to train officials from seven coffee cooperative societies with the objective of improving governance and accountability in the sector.

County Chief Officer of Cooperatives Martin Kagai said, the County is also collaborating with the National Government to strengthen cooperatives as the preferred vehicle for development, adding that good corporate governance, innovation and adoption of best practices is critical for the continued growth of the cooperative movement. Speaking when he officially inaugurated the training at Kenya Assemblies of God (KAG) Youth Center, at Maili Sita area, Kagai regretted that the co-operative movement had been beset with serious governance issues, which resulted in members losing millions of shillings through theft by officials and wrong investment decisions.

The training conducted by USAID's Kenya Small Business Development Centers (Kenya SBDC) attracted leadership from Jumatatu, Solai, Ndemu, Mutungati, Mandizi, Kiremba, and Wikurie coffee coopera-

tives societies.

The Kenya Small Business Development Centers (Kenya SBDC) is a five-year programme funded by USAID and is being implemented by Strathmore University Business School (SBS).

The Chief Officer observed that bad governance in agricultural-based cooperative societies affects not only household incomes, but also threatens food security and nutrition in addition to slowing down economic growth.

He was however happy that through the training partnerships, many cooperatives have grown to become industry giants who have extended their business beyond the primary role of marketing produce for small-holder farmers and ventured into provision of financial services.

Through the training, Kagai observed, leaders acquire skills, knowledge and understanding to enable them make decisions beneficial to the interests of the cooperatives and its members. "The training is designed to help leaders provide a constructive and enabling environment for good governance to thrive," Kagai added.

### New policy guidelines in TVETs to promote PWD training

The Government will put in place Policy Guidelines in all Technical Vocational Education and Training Institutions (TVETs) in order to promote access for People with Disability (PWD) through equipping them with knowledge and skills.

The Principal Secretary (PS), State Department for Technical, Vocational Education and Training, (TVET) Dr. Easter Muoria, who was speaking at Machakos School for the Blind during the Scholarship award and Equipment Commissioning by Toyota Kenya said, the knowledge and skills attained will help the PWDs to compete with able bodied people in the labor market fairly.

"Inclusive training is intended to end marginalization of people with special needs and differently abled in the labor market and reduce social economic costs to individual and community at large," the PS said. Muoria added that the Ministry of Education advocated for absolute integration, where learners with PWD are enrolled in different education institutions across the country.

She added that the Government has established four technical training institutions for learners with special needs such as Machakos Institute for the Blind, Karen Technical Institute for the Deaf, Sikri Technical Institute for Deaf and Blind in Oyugis and St Joseph Institute for the Deaf in Nyangoma.

"Over 2,500 learners have been enrolled in the above institutions since 2020," added Ps Muoria.

Muoria said the State Department for TVET is aware that the special needs institutions do not have the capacity to admit all eligible students to promote inclusive training.

She, however said they plan to adapt TVET infrastructure to make it differently abled friendly and providing sanitary facilities for female students to help in retention.

Dr. Muoria further pointed out that there is a need to expand infrastructure, review curriculum, build trainer capacity, increase funding and implement affirmative action to promote special needs education.

Anne Kangera and Esther Kioko

## 1,200 students to benefit from mentorship programme for STEM subjects in Machakos

BY **ROSELYNE KAVOO** (KNA)

Close to 1,200 students drawn from four secondary schools in Machakos Sub-County will benefit from a mentorship and outreach programme for Science, Technology, Engineering and Mathematics (STEM) subjects, courtesy of Centre for Mathematics, Science and Technology Education in Africa (CEMESTEA).

The Coordinator of Special Programmes and Student Learning at CEMESTEA Beatrice Macharia said the four-day exercise at Katoloni Secondary School is among programmes run by

A trainer from Centre for Mathematics, Science and Technology Education in Africa (CEMESTEA) explains a concept to learners at Katoloni Secondary School during the mentorship and outreach programme on Science, Technology, Engineering and Mathematics (STEM) subjects.
