Reference No.	(As per Procurement Plan)
Contract No:	MOWSI/NRV/AfDB/NUWSSP/CS/01/2026

- The Government of Kenya on behalf of North Rift Valley Water Works Development Agency has requested financing from the African Development Bank toward the cost of the National Urban Water Supply and Sanitation Program (Phase 1) and intends to apply part of the agreed amount for this loan to payments under the contract for Consultancy Services for Design Review, Preparation of Tender Documents and Supervision of construction works for: Construction of Soy - Nervillus Water Supply Project.
- The objective of this consultancy is to engage a consulting firm to undertake design review, Preparation of the Tender Documents, and Supervision of construction of the Soy - Nervillus Water Supply Project.
- The scope of works entails:

The project aims to improve water supply in Soy, Kosachei, and Kamagut areas of Uasin Gishu County and includes:

- Rehabilitation and expansion of Soy Dam embankment to increase storage capacity (700,000 m³ earth dam, embankment raising, slope protection, spillway construction)
 - Construction of a new 6,500 m³/day conventional water treatment works with all ancillary structures i.e. staff houses, administration building and laboratory.
 - A new 350mm diameter, 650m long, steel gravity Raw Water Main from the intake to a new water treatment works.
 - Treated water pumping mains to elevated storage tanks at Ngobitwa and Kamoret Schools.
 - Construction of 2 new 500 m³ elevated steel storage tanks, additional ground 250 m³ & 50 m³ ground concrete tank.
 - New HDPE distribution mains from the elevated tanks at Ngobitwa and Kamoret schools varying in diameter from DN250 to DN63mm of total length 96km to serve the Soy, Kosachei and Kamagut schemes.
- The overall objective of the assignment is as follows:
 - To carry out a review of the existing projects designs and bid documents;
 - To fulfill the role of the Engineer's Representative in the supervision and Coordination of the construction works;
 - To supervise the appointed Contractor for Construction of Soy Nervillus Water Supply Project, in accordance with the conditions of contract, specifications and drawings, works carried out by the selected contractor.
 - The consultant will be responsible for ensuring that work is carried out in accordance with the designs, specifications and works contract documents while at all - time ensuring quality, cost effectiveness and timely completion;
 - To provide the client with regular status reports and other reports as per the Terms of Reference, together with all related necessary technical assistance and professional advice to the Client related to supervision of the construction of the said works;
 - Review and update existing ESIA reports and assist client in obtaining variation to existing NEMA license or new NEMA license as the case may be;
 - To carry out RAP study and assist in the implementation of Resettlement of Project Affected Persons (PAPs).
 - The consultancy services will be carried out over an estimated duration of 37 (Thirty Seven) months which will cover design review and assistance in procurement of works contractor of 6 (Six) months 18 (Eighteen) months to cover construction supervision, 12 (Twelve) months defects liability period and 1 (one) month for Final Completion Inspection and Reporting
 - The **North Rift Valley Water Works Development Agency (NRVWDA)** now invites eligible consulting firms to indicate their interest in providing these services. Interested consultants must provide information indicating that they are qualified to perform the services (brochures, description of similar assignments, experience in similar conditions, availability of appropriate skills among staff, etc.).
